April 11, 2025  
 NASCC: The Steel Conference 2025

Booth Number	Exhibiting As	Company Description	Category List	Website
874	3D Engineering Global LLC	3DE Global provides world class Structural design, Steel detailing, Rebar detailing, Precast Concrete detailing, 3D Laser scan point cloud data processing and BIM services. We use an array of licensed software and the latest cutting edge technology to provide turnkey solutions for our clients. We are a one stop subcontractor for all of your engineering needs. Our team has extensive knowledge in residential, commercial and industrial projects. With branch offices around the globe and an experienced team of 126+ resources at our disposal, no job is too big or complicated for us to execute.	Detailers, Engineering Consulting	<a href="https://www.3deglobal.com">https://www.3deglobal.com</a>
175	AA Anchor Bolt, Inc.	AA Anchor Bolt, Inc. a family-operated business founded in 1979. We manufacture a multitude of quality products for a global customer base, selling directly to the end user. The company produces anchor bolts, custom fasteners, bent and threaded products from 1/4" - 5" diameter, in various finishes and grades of steel, DOT, pulling irons, plates, manhole steps, barrier pins, round/square bent U-bolts, bracing rods, single/double-ended studs, etc. We carry a wide range of products within our in-house facility and can create custom orders based on customer demand. Our motto is: "Impossibilities we do immediately. Miracles take a little longer."	Bolting and Anchoring Systems, Bridge Components and Systems, Other, Welding and Stud Material	<a href="https://www.aaanchorbolt.com/">https://www.aaanchorbolt.com/</a>
669	Abrafast.com / The Blind Bolt Co.	The Blind Bolt Master Distribution Center. Manufacturer of Anchor Bolts, All Thread Rod and Tie Rod Assemblies. Stocking Domestic Grade 55 and 105 material. Our abrasive line is quite extensive! Doesn't matter if you're grinding a weld or need a mirror finish, we have the abrasives to get the job done right the first time. Products Distributed: Structural Bolts, Concrete Anchoring Systems, Weld Studs, Self Drilling Screws, Annular Cutter, Magnetic Drills, Grinding Wheels, Cutting Wheels, Flap Discs, Sanding Discs, Sanding Belts, and much more!	Bolting and Anchoring Systems, Hand Tools/Portable Equipment and Accessories, Structural Systems and Components, Welding and Stud Material	<a href="http://www.abrafast.com">http://www.abrafast.com</a>
279	Accurate Perforating	Since 1942, family-owned and operated Accurate Perforating has grown from a small machine shop into a 210,000-sq. Ft. full-service perforated sheet metal supplier offering complete perforating, fabricating, and finishing solutions. Whether you need perforated aluminum, carbon steel, galvanized, stainless steel, brass, or copper in perforated sheets, coils, blanks, parts, finished components, or architectural metal, decorative metal, railings, facades, or sunscreens — with the broadest range of thickness, hole size, or pattern — we're the perforated sheet manufacturer you can trust. We specialize in custom and complex work. Made in Chicago.	Materials/Engineering/Testing and Inspection, Other, Stairs/Railings and Miscellaneous Steel	<a href="https://www.accurateperforating.com">https://www.accurateperforating.com</a>
632	Acrow Bridge	Acrow has been serving the transportation and construction industries for more than 70 years with a wide range of modular steel bridging solutions for permanent, temporary and emergency use. Acrow's prefabricated modular solutions are designed and manufactured in the United States to the highest quality assurance standards in the world. Our versatile modular technology is engineered to accommodate a wide range of customizable lengths, widths and loads and our bridging components are hot-dip zinc galvanized, offering a service life of more than 100 years. For more information, please visit <a href="http://www.acrow.com">www.acrow.com</a>	Bridge Components and Systems, Construction and Project Management, Engineering Consulting, Structural Systems and Components	<a href="http://www.acrow.com">http://www.acrow.com</a>

259	Action Stainless	Action Stainless & Alloys is a full-line fabrication center. We're stocked with a diverse inventory of stainless steel and aluminum products. From plate to pipe and everything in between, we specialize in being able to provide all the items on a Bill of Materials. Housing multiple cutting processes under the same roof means there isn't a cut or order request Action Stainless can't fill. Stop by to learn all of the capabilities of Action Stainless and discuss how we can help take your project to the next level!	Stairs/Railings and Miscellaneous Steel, Steel Service Centers, Structural Systems and Components, Welding and Stud Material	<a href="https://www.actionstainless.com/">https://www.actionstainless.com/</a>
683	AFF Design Services Inc	AFF came into existence in 2008 with the goal of becoming a premier detailing and connection design company in Dallas, Texas. Connoisseurs in detailing and connection design, we work tenaciously to deliver efficient results. With an ideology to succeed, our team of project managers, detailers and connection design engineers circles their guidelines around the requirements of our customers. Our innovative and comprehensive detailing procedures help us identify issues; this enables us to maintain the project schedule. Our methods have been tested and are proven to give effective outcomes.	Detailers, Engineering Consulting, Erectors, Joists and Deck	<a href="http://www.affsteel.com">http://www.affsteel.com</a>
1128	AGT Robotics	AGT Robotics is an automation and robotics expert specialized in the metal industry. They also manufacture the BeamMaster Weld, a robotic welding line specially engineered to answer all the welding needs of structural steel fabricators. BeamMaster features a small footprint, complete robotic automation, and integration with dedicated software. With its attractive prices, all sizes of fabrication shops can now consider solving their welding production issues with robotic welding.	Stationary Fabrication Equipment, Welding and Stud Material	<a href="http://www.agtrobotics.com">http://www.agtrobotics.com</a>
2	AISC Book Store	The AISC Bookstore is your one-stop shop for AISC's manuals, codes, standards, and design guides. If you purchased a manual with your registration and selected the pick-up option, come see us! All conference attendees receive AISC-member pricing during the conference! The AISC bookstore has teamed up with the AISC Education Foundation to provide a range of AISC-branded merchandise, with all merchandise sales benefitting the Foundation and scholarship recipients.	Other	<a href="https://www.aisc.org/publications/">https://www.aisc.org/publications/</a>
2	AISC Education Foundation	The AISC's Education Foundation's sole mission is to invest in the people who will drive the future of design, fabrication, and construction of structural steel. Shop 'til you drop for a great cause! The AISC Education Foundation offers a range of AISC-branded merchandise for sale, with all proceeds supporting AISC Education Foundation programs. Even better, our donor partners will MULTIPLY the funds raised so your dollars go even further. Quantities are limited--Stop by today!	Other	<a href="https://www.aisc.org/giving/">https://www.aisc.org/giving/</a>
1089	AKS Cutting Systems	AKS Cutting Systems manufactures CNC cutting machines including plasma cutters, waterjet cutting systems and oxy-fuel burning tables for the sheet metal, plate metal, and fabricating industries. AKS has introduced two revolutionary cutting table features exclusive to our products: robo-kut robotic plasma and waterjet beveling system tube-kut pipe and tube cutting systems AKS Cutting Systems and our products have a reputation for durability, accuracy and reliability, with thousands of machine installations worldwide.	Stationary Fabrication Equipment	<a href="https://akscutting.com">https://akscutting.com</a>
991	AKS Cutting Systems	AKS Cutting Systems manufactures CNC cutting machines including plasma cutters, waterjet cutting systems and oxy-fuel burning tables for the sheet metal, plate metal, and fabricating industries. AKS has introduced two revolutionary cutting table features exclusive to our products: robo-kut robotic plasma and waterjet beveling system tube-kut pipe and tube cutting systems AKS Cutting Systems and our products have a reputation for durability, accuracy and reliability, with thousands of machine installations worldwide.	Stationary Fabrication Equipment	<a href="https://akscutting.com">https://akscutting.com</a>

1136	AKYAPAK USA	Proudly serving American industries, we deliver our machinery and provide excellent after-sales service, fostering trust and reliability with our valued customers across the continental USA. Akyapak USA is the North American subsidiary of Akyapak based in Bursa, Türkiye. Conveniently located in Tampa, Florida, our warehouse is fully stocked with advanced machinery, ready for immediate delivery. Our wide dealer network also ensures fast and reliable deliveries directly to your doorstep.	Bender/Roller, Other, Structural Systems and Components, Welding and Stud Material	<a href="http://www.akyapak.com">http://www.akyapak.com</a>
668	Albina Co. Inc.	A trusted leader in precision steel bending and fabrication, offering expertise in curving structural steel, plate, and other metals to meet the diverse needs of industries worldwide. Founded on a commitment to quality and innovation, Albina delivers cutting-edge solutions for complex architectural, industrial, and infrastructure projects. With decades of experience, Albina specializes in custom bending and rolling services, including rotary draw, roll, induction and incremental bending. From small-scale artistic projects to massive structural applications, Albina excels in crafting precise radii and unique shapes with tight tolerances.	Bender/Roller	<a href="https://www.albinaco.com">https://www.albinaco.com</a>
842	Allfasteners	We supply quality fasteners of any type to a variety of industries. With decades of first hand experience in the field, our knowledge provides a unique experience for our customers, every time - making us the place for All Things Fastening. We are not just fastener experts though, our steel fabrication capabilities have positioned us as a leader in the industry. Along with an extensive list of onsite, virtual and consumer based services, Allfasteners has cemented itself as a one stop shop for all industry needs. No matter the project, our goal is to find the solution to help you complete the job.	Bolting and Anchoring Systems	<a href="https://allfasteners.com/">https://allfasteners.com/</a>
1301	Allied Machine & Engineering	Allied Machine & Engineering is a leading manufacturer of holemaking and finishing tooling systems. Allied devotes its advanced engineering and manufacturing capabilities to creating the widest selection of value-added tooling available to metal-cutting industries around the world. Our tooling solutions deliver the lowest cost-per-hole in a wide range of drilling, reaming, threading, boring and burnishing applications. Precision engineering and expert application support make Allied the first and best choice for solving complex metal-cutting challenges.	Engineering Consulting, Hand Tools/Portable Equipment and Accessories, Other, Structural Systems and Components	<a href="http://www.alliedmachine.com">http://www.alliedmachine.com</a>
673	ALTAIR	Altair is a global leader in computational science and artificial intelligence (AI) that provides software and cloud solutions in simulation, high-performance computing (HPC), data analytics, and AI. Altair enables organizations in the AEC industry to compete more effectively and drive smarter decisions in an increasingly connected world – all while creating a greener, more sustainable future. For more information, visit <a href="https://altair.com/architecture-engineering-construction">https://altair.com/architecture-engineering-construction</a> .	Bridge Components and Systems, Software, Structural Systems and Components	<a href="https://altair.com/architecture-engineering-construction">https://altair.com/architecture-engineering-construction</a>
K11	American Galvanizers Association	The American Galvanizers Association (AGA), headquartered in Centennial, Colo., is a not-for-profit trade association dedicated to serving the needs of specifiers, architects, engineers, contractors, fabricators, and after-fabrication hot-dip galvanizers throughout North America. Since 1933, the AGA has provided information on the most innovative applications and state-of-the-art technological developments in hot-dip galvanizing for corrosion protection.	Construction and Project Management, Galvanizers, Materials/Engineering/Testing and Inspection	<a href="https://galvanizeit.org">https://galvanizeit.org</a>
189	American Institute of Steel Construction (AISC)	The American Institute of Steel Construction (AISC) is a non-partisan, not-for-profit technical institute and trade association whose mission is to make structural steel the material of choice by being the leader in structural-steel-related technical and market-building activities, including specification and code development, research, education, technical assistance, quality certification, standardization, market development, and advocacy. AISC represents the total experience, judgment, and strength of the	Other	<a href="http://www.aisc.org">http://www.aisc.org</a>

		entire domestic industry of steel fabricators, distributors, and producers.		
822	American Punch Company	The American Punch Company is the leading manufacturer of high-quality punches, dies, and shear blades for metalworking and structural steel fabrication. In addition, the company supplies precision tooling and custom die components to the stamping, roll forming and metalforming industries. American Punch is proud to be ISO-certified, demonstrating a high level of commitment to quality in manufacturing and customer service. Quality tooling combined with superior customer service make American Punch the right choice for your tooling needs.	Hand Tools/Portable Equipment and Accessories, Other	<a href="https://americanpunchco.com">https://americanpunchco.com</a>
K14	American Society for Nondestructive Testing (ASNT)	ASNT is the association for nondestructive testing (NDT) professionals committed to making the world a safer place. NDT professionals detect irregularities, flaws, and defects in materials, components, and structures that could compromise the safety, reliability, or functionality of an object or structure. ASNT supports members with certifications, professional development, industry insights, advocacy, events, publications, and networking opportunities and by fostering the growth of future generations of NDT professionals through the ASNT Foundation. ASNT is based in Columbus, Ohio, with offices in Houston, Texas, and Chennai, India.	Career Services, Materials/Engineering/Testing and Inspection, Other	<a href="https://www.asnt.org/">https://www.asnt.org/</a>
384	American Steel Detailing, LLC	American Steel Detailing is an all US structural and misc. steel detailing firm. ASD does projects all over the US. With a team of 15+ detailers, checkers & project managers, they are capable of completing projects large and small.	Detailers	<a href="http://www.americansteeldetailing.com">http://www.americansteeldetailing.com</a>
K13	American Welding Society	Founded in 1919, the American Welding Society is a nonprofit organization with a global mission: to advance the science, technology, and application of welding and allied joining and cutting processes worldwide, including brazing, soldering, and thermal spraying. By fostering knowledge, embracing change, and providing real-world opportunities through scholarships, fellowships, and workforce development, AWS provides the tools to help members succeed—and to inspire future generations of welding professionals.	Career Services, Materials/Engineering/Testing and Inspection, Other, Welding and Stud Material	<a href="http://www.aws.org">http://www.aws.org</a>
K3	AMPP	The Association for Materials Protection and Performance, AMPP, is the world's leading organization focused on the protection of assets and performance of materials. AMPP was created when NACE International and SSPC united after more than 145 combined years of corrosion control and protective coatings expertise, and service to members worldwide. AMPP is active in more than 130 countries and has more than 40,000 members.	Coatings and Fire Protection, Materials/Engineering/Testing and Inspection	<a href="https://ampp.org/home">https://ampp.org/home</a>
448	Anatomic Iron Steel Detailing	Anatomic Iron Steel Detailing specializes in complex structural steel detailing, design-detailing, connection design, design consulting and 3D modeling. We operate both Tekla and SDS2. We also complete steel erection animations and 3D rendering. Our team oriented approach with our staff and clients has resulted in an outstanding track record of completing high profile complex projects accurately and on time. With over 300 staff, we can detail over 10,000 tons of structural steel per month. Please review our website at <a href="http://www.anatomiciron.com">www.anatomiciron.com</a> or call 510-984-4425 to discuss our project history.	Detailers, Engineering Consulting, Other, Structural Systems and Components	<a href="http://www.anatomiciron.com">http://www.anatomiciron.com</a>
421	Applied Bolting Technology, Inc.	We make Squirter DTIs, i.e., load cells, that assure compliance with bolting standards & specs. Torque, Turn-of-Nut, and TCs can all produce false positive tension, and regularly do: Torque scatter is $\pm 40\%$ , for new bolts, and worse for weathered. Relying on torque is optimism, at best. TCs are torque bolts that are adversely affected by cold or wet weather. Turn-of-Nut can be defeated by mispresenting turn angle, regardless of turn applied. DTIs read load. If a bolt is tight, a Squirter DTI will show it, independent of weather, torque, angle, tool, or skill.	Bolting and Anchoring Systems, Bridge Components and Systems, Safety Equipment, Structural Systems and Components	<a href="http://www.appliedbolting.com">http://www.appliedbolting.com</a>

440	ArcelorMittal International	ArcelorMittal is the leading supplier of quality steel products in all major steel markets, including construction. Signature products, like our HISTAR® (ASTM A913) steel, have been integral to numerous iconic structures, including One World Trade Center, 150 North Riverside, and BMO Tower. Through our world-class R&D team and outstanding distribution network, we offer innovative, competitive, and sustainable solutions that have led to several industry firsts, such as A913 80 ksi rolled steel shapes and the W14x1000.	Mills	<a href="https://ami.arcelormittal.com/structural-shapes">https://ami.arcelormittal.com/structural-shapes</a>
K7	ARISE: Assembly and Robotics Innovation in Steel Building Erection		Construction and Project Management, Detailers, Erectors, Structural Systems and Components	<a href="http://www.nyu.edu">www.nyu.edu</a>
577	Armatherm Thermal Bridging Solutions	Armatherm™ thermal break materials provide a combination of low thermal conductivity and high compressive strength. The range has been designed and tested to prevent thermal bridging. Armatherm™ solutions can be used anywhere a penetration or transition exists in the building envelope creating a thermal bridge. Solutions to minimize heat loss include balcony, canopy, parapet, masonry shelf angle, cladding/Z-girt connections. Armatherm™ has been proven through three dimensional modeling to reduce heat loss in wall assemblies, transitions and structural connections throughout the building.	Bar Coding Systems and Equipment, Bender/Roller, Bolting and Anchoring Systems, Bridge Components and Systems	<a href="http://www.armatherm.com">http://www.armatherm.com</a>
745	Arteras Inc.	Arteras Inc. is a comprehensive structural steel detailing & Engineering services company established by steel detailing professionals with more than 18 years' experience. Our business model focus on developing your structure with precision and quickness using intelligent resources such as Tekla Structures, AutoCAD & SDS/2. Arteras provides connection design services with in-house PE for all types of structural steel and Miscellaneous Steel.	Detailers	<a href="https://arteras-inc.com/">https://arteras-inc.com/</a>
K5	Association of Women in the Metal Industries	The Association of Women in the Metal Industries (AWMI) was founded in 1981 to promote the advancement of women in the metal industries. With 20 chapters across the U.S. and Canada, AWMI offers opportunities for professional growth, networking, and education. AWMI's programs and events enhance skills, address industry challenges, and support career development, with the goal of increasing women's representation in the metal industries. Membership is open to all professionals, regardless of gender. Learn more about AWMI and its four cornerstones—Network, Grow, Educate, and Mentor—at <a href="http://awmi.org">awmi.org</a> .	Other	<a href="https://www.awmi.org/">https://www.awmi.org/</a>
762	Atema Inc.	Atema specializes in building tailored AISC-compliant quality management systems for fabricators and erectors, while also offering quality assurance oversight on large bridge fabrication projects. We deliver specialized training and management assistance, guiding companies toward meeting the certification requirements of various infrastructure industry sector programs.	Engineering Consulting	<a href="http://www.atema.com">http://www.atema.com</a>
683	ATF WORLD Inc.		Construction and Project Management, Engineering Consulting, Joists and Deck	<a href="https://www.atfworld.com/">https://www.atfworld.com/</a>
225	Atlas Tube	Atlas Tube, a Zekelman Company, is the leading manufacturer of steel hollow structural sections (HSS) and ERW straight-seam piling with seven manufacturing locations in North America. We provide an industry-leading size range with sizes up to 22" square, 28" round, and 34 x 10" rectangle, all with wall thicknesses up to 1". Our engineering team provides product education, connection insights, and answers to project-specific questions. Atlas products are readily available in industry standard and custom lengths, and extra-long lengths. Count on Atlas Tube for the products, services, and support you need to make your next project a success.	HSS Manufacturers, Welding and Stud Material	<a href="http://www.atlastube.com">http://www.atlastube.com</a>

111	Autodesk	Autodesk is changing how the world is designed and made. Our technology spans architecture, engineering, construction, product design, manufacturing, media and entertainment, empowering innovators everywhere to solve challenges big and small. From greener buildings to smarter products to more mesmerizing blockbusters, Autodesk software helps our customers to design and make a better world for all. For more information, visit <a href="http://autodesk.com">autodesk.com</a> or follow @autodesk. #MakeAnything	Detailers, Engineering Consulting, Software	<a href="https://www.autodesk.com/solutions/aec/bim/structural-engineering">https://www.autodesk.com/solutions/aec/bim/structural-engineering</a>
1147	Automated Layout Technology LLC	Automated Layout Technology is the maker of the Lightning Rail, the first automated marking machine created specifically for the layout of stairs and hand rails. The Lightning Rail works with DXF files to quickly and accurately print an entire stair stringer or rail in minutes saving hours of labor. The fully automated CNC machine takes your design and prints the entire work piece on a rigid steel frame table in any configuration including rails, pickets, hangers and more. Easily place channels on the table for the automatic layout of stair stringers.	Stationary Fabrication Equipment	<a href="http://www.automatedlayout.com">http://www.automatedlayout.com</a>
810	AZZ Metal Coatings	AZZ's Metal Coatings Segment includes hot-dip galvanizing, spin galvanizing, powder coating, anodizing, and plating to the post-fabrication steel markets. As North America's leading provider of galvanizing for pre-fabricated steel, AZZ operates 41 galvanizing and six powder coating facilities located across the continent. Our plants maintain many of the largest galvanizing kettles in the U.S., enabling us to efficiently service components up to 62 ft. long and weighing up to 60,000 lbs.	Galvanizers	<a href="http://www.azz.com">http://www.azz.com</a>
628	Baco Enterprises Inc.	Baco Enterprises Inc. stands proudly as the only bolt manufacturer in NYC. The premier supplier of high quality structural bolts, fasteners, and related materials that bring structures to life. We also supply steel shapes, plate, threaded rod and anchor bolts, misc. steel fabrication, safety and related products.	Bender/Roller, Bolting and Anchoring Systems, Steel Service Centers	<a href="https://www.bacoent.com">https://www.bacoent.com</a>
159	Badger Products USA	Badger Products USA is a Industry Leading Abrasive and Glove Manufacture. Based out of Ft Worth Texas Badger Products offers a full line of products for Grinding, Cutting, Sanding metals and other surfaces. We also offer a full line of Welding Gloves, Jackets and Consumables. NOTHING BITES LIKE A BADGER	Hand Tools/Portable Equipment and Accessories, Other, Safety Equipment, Welding and Stud Material	<a href="https://badgerproductsusa.com/">https://badgerproductsusa.com/</a>
734	Bamal Fastener Corporation	Founded in 2008 formerly as Midwest Structural Products, Bamal Fastener's Structural Division is a full line distributor of fasteners to the structural, solar and industrial manufacturing markets. Proudly offering the finest structural product manufactured by our partners in the USA and abroad. Bamal Fastener prides itself on its expertise and attention to detail in quality, cost and customer service. Our Structural Division reaches all of North America and our corporate is located in Charlotte, NC. The company has a network of 8 locations throughout the U.S. and Mexico, strategically located for your needs.	Bolting and Anchoring Systems	<a href="http://www.bamal.com">http://www.bamal.com</a>
1283	Baumann USA	Baumann USA is the exclusive North American distributor for Baumann sideloaders, a global leader in diesel and electric 2-way models with lifting capacities from 6,600 to 132,000 lbs. With over 50 years of innovation, Baumann sets the industry standard in design, performance, and productivity. Recognized worldwide for safety and productivity, Baumann customizes sideloaders to meet unique needs and offers top-quality materials and dependable after-sales support, ensuring high productivity and excellent return on investment.	Cranes and Lifts, Other	<a href="https://www.baumannusa.com/">https://www.baumannusa.com/</a>
1375	Bay Standard Manufacturing		Bolting and Anchoring Systems	<a href="https://www.baystandard.com">https://www.baystandard.com</a>

381	Ben Hur Construction Co.	Ben Hur Construction Company has been in business for over one hundred years. Founded in 1909 as a local steel erection contractor we have grown into a regional erector, fabricator, and general contractor. Over that time, we have built our reputation on delivering the highest quality construction services and management at a competitive, value-driven cost. We take on a variety of projects, each with their unique challenges, as illustrated by our diverse project portfolio. It is the unique way that Ben Hur Construction employs its workers and resources to accommodate these challenges that sets us apart.	Construction and Project Management, Erectors	<a href="https://www.benhurconstruction.com/">https://www.benhurconstruction.com/</a>
1289	Bend-Tech	Bend-Tech is a leading provider of production-ready technology for tube and pipe processing to structural steel fabrication shops, and small to large manufacturers. Bend-Tech's A400 and A250 CNC plasma cutters and integrated software are versatile by design to fabricate a wide range of material length and profiles. For more than 20 years, Bend-Tech has improved the accuracy and efficiency of tube and pipe production for more than 30,000 fabricators and manufacturers around the world. Headquartered in Osceola, Wis., the company is a member of SEMA, PRI, NOMMA, AISC and NATM.	Bender/Roller, Software, Stationary Fabrication Equipment	<a href="http://www.bend-tech.com">http://www.bend-tech.com</a>
507	Bentley Systems, Incorporated	Bentley Systems (Nasdaq: BSY) is the infrastructure engineering software company. We provide innovative software to advance the world's infrastructure – sustaining both the global economy and environment. Our industry-leading software solutions are used by professionals, and organizations of every size, for the design, construction, and operations of roads and bridges, rail and transit, water and wastewater, public works and utilities, buildings and campuses, mining, and industrial facilities. Bentley Systems employs more than 4,500 colleagues in 186 countries.	Engineering Consulting, Software	<a href="http://www.bentley.com">http://www.bentley.com</a>
145	Birmingham Fastener	Birmingham Fastener, Inc. is a full-line distributor of structural fasteners for the domestic and international makers. We are proud to be the largest distributor of A325 and A490 bolts in the nation and offer fast turnaround to our customers. With manufacturing facilities in Birmingham, AL, Lavonia, GA, Houston, Texas, Santa Fe Springs, CA, and Katy, TX, we can provide you with non-standard structural bolting and any type of welded assembly, threaded rod, or bent anchor bolt you may need.	Bolting and Anchoring Systems	<a href="http://www.bhamfast.com">http://www.bhamfast.com</a>
790	Blackstone Group Technologies	The Blackstone Group Technologies is a leading Engineering and Detailing company headquartered in Chicago. 30+ years in the industry, ISO certified, NISD - QPP certified with a strong 300+ team. Serving our esteemed customers in the US and Canada delivering quality error free detailing work using Tekla, SDS2, Advance steel and Autodesk inventor.	Detailers	<a href="https://www.bgtek.com/">https://www.bgtek.com/</a>
468	Blair Corporation	Blair Corporation specializes in the fabrication of stainless steel cables for hand rails in cable railing projects. We supply high performance wire ropes, Casar and Bridon, as well as aircraft cable, cable rail and accessories, cable clamps, and turnbuckles used in safety.	Other, Stairs/Railings and Miscellaneous Steel	<a href="http://www.blairwirerope.com">http://www.blairwirerope.com</a>
210	Bluebeam Inc.	Bluebeam is the leading provider of digital productivity and collaboration solutions for industries that build our world. Founded in 2002 and with over 3 million users across 160 countries, Bluebeam empowers professionals to make their mark, adapt to change, and deliver projects successfully. Known for its user-friendly tools and dedication to customer delight, Bluebeam is committed to making innovation accessible for those who design and build our world. Headquartered in Pasadena, CA, Bluebeam has grown to seven offices globally. Bluebeam is part of the Nemetschek Group.	Software	<a href="https://www.bluebeam.com">https://www.bluebeam.com</a>

391	Brainstorm Infotech	Brainstorm Infotech is headquartered in Bengaluru, the start-up capital of India. It has carved a niche for itself in the field of structural steel detailing and allied services with a credit of completing close to 3500 projects so far. Their expertise lies in structural steel detailing and connection design as per AISC, CISC, IS, BS and Australian standards for commercial and industrial structures with 2D and 3D advanced modelling software. Our dedication and commitment signify the trust and respect that we have from our clients and we continue to passionately collaborate with prestigious clients from North America and build a better future.	Detailers	<a href="https://www.brainstorminfotech.co.in">https://www.brainstorminfotech.co.in</a>
363	Brown Strauss Steel	Brown Strauss is the premier structural steel service center in the United States. We have the deepest inventory for your wide flange beam, structural tube, pipe, structural channel, structural angle and your other structural needs. Brown Strauss has over 120,000 tons of structural steel on the floor ready for next day delivery. Since our founding in 1905 we've grown to ten locations serving 24 states, and we're proud to be 100% employee-owned.	Steel Service Centers	<a href="http://www.brownstrauss.com">http://www.brownstrauss.com</a>
356	Bryzos	Bryzos is the fastest growing digital marketplace in the metals industry with an extensive network of buyers and sellers. Bryzos has built the first instant pricing & procurement tool for the industry, facilitating the instant trade of carbon, stainless and aluminum products. Aptly named the Gone In Sixty Seconds™ application, you can purchase or sell your commodity metals in sixty seconds or less using our free desktop or mobile application. This is the fastest metal trading experience ever made... and we can prove it. Don't believe us? Download it for free and check it out at <a href="http://www.bryzos.com">www.bryzos.com</a> .	Software	<a href="https://www.bryzos.com/">https://www.bryzos.com/</a>
457	Bull Moose Tube Company	Bull Moose Tube produces Hollow Structural Sections (HSS) ranging from 1" - 14" square (and rectangular equivalents) in wall thicknesses up to 0.750" – creating value for a wide-range of applications. Through our jumbo HSS partnership with Mitsui & Co. (U.S.A.), Inc., MM&KENZAI Corporation, and Nippon Steel Metal Products Co., Ltd., we can offer HSS up to 22" square and 0.875" thick. As one of North America's largest HSS producers, we're able to offer products that meet a variety of specifications including ASTM A500, A847, A1076, A1085, A1110, A1112 (up to 110 KSI), CSA G40 and EN 10219.	HSS Manufacturers	<a href="http://www.bullmoosetube.com">http://www.bullmoosetube.com</a>
818	C.M. Mockbee Co.	C.M. Mockbee was founded the business in 1909 with a primary focus and reputation for quality threaded products and outstanding on-time service. Mockbee's manufacturing capabilities include custom threaded products such as anchor bolts, sag rods and turnbuckle assemblies. We also specialize in Lifting and Rigging Solutions, structural fasteners, mechanical anchors, industrial (HVLS) fans, and energy efficient LED Lighting Solutions. Mockbee is the single solution for all your industrial needs.	Bolting and Anchoring Systems, Other, Structural Systems and Components	<a href="https://mockbee.com/">https://mockbee.com/</a>
800	CADeploy, Inc.	CADeploy, Inc. is a California corporation and member of AISC, NISD, MBMA, and ACI. We offer Steel Engineering, Steel Detailing, Estimation services (Structural Steel/PEMB/Rebar), and As-built Services & HSE Studies (Oil & Gas) to 400+ clients spread across the globe. Our team of 750+ engineers/personnel specializes in Structural and Miscellaneous projects across Industrial, Commercial, Residential and other industries. We work on TEKLA, SDS/2, Advance Steel, AutoCAD, RebarCAD, Revit, PDS, PDMS, and other widely used platforms. We have completed more than 3200+ projects on time with 100% quality.	Detailers, Engineering Consulting	<a href="http://www.cadeploy.com">http://www.cadeploy.com</a>

240	CAI Software	CAI Software was purpose-built to create actionable information for steel fabricators of all sizes across North America. Whether you're looking for visibility throughout your manufacturing, processing, or distribution environment or just want to streamline specific processes to improve your business, CAI can help. CAI's Radley software integrates seamlessly with Trimble Tekla PowerFab, providing essential functionality to automate processes and eliminate errors and inefficiencies.	Bar Coding Systems and Equipment, Software	<a href="https://caisoft.com/products/radley-material-traceability/">https://caisoft.com/products/radley-material-traceability/</a>
610	CAMBCO, Inc.	CAMBCO - The original cambering machine since 1984! Cambco offers eight cambering machine models to fulfill any cambering requirement from small commercial buildings to highway bridges. We offer the complete cambering machine as well as a 'Do it Yourself Hydraulics Kit' for each model. Conveyor fed and powered rollers also available on most models. Contact us for additional information. We are looking forward to hearing from you!	Bender/Roller	<a href="http://www.cambcoinc.com">http://www.cambcoinc.com</a>
415	Canam	With over 60 years of experience and more than 300,000 projects, Canam's expertise is rivaled only by its ambitions. We specialize in designing and manufacturing steel joists and decks for the North American construction industry. Our distinctive BuildMaster collaborative approach is transforming on site deliveries, offering up to a 20% reduction in erection time. Backed by a robust team comprising over 100 engineers and more than 650 structural steel detailers and drafters, Canam goes beyond being a mere supplier; we emerge as your ideal partner for achieving success.	Bolting and Anchoring Systems, Detailers, Joists and Deck	<a href="http://www.canam.com">http://www.canam.com</a>
348	Cano Steel	Since 2017, Cano Steel has been a leading exporter to the American soil in the steel industry, producing 3,500 tons of steel monthly, plus 2,500 tons of joist from its specialized plants. Dedicated to high-quality, industry-certified products, (SJI, SDI, AISC, AWS, ISO) Cano Steel ensures timely delivery and customized solutions for large construction projects. With strong partnerships and a focus on innovation, the company meets the evolving needs of North America's construction industry.	Construction and Project Management, Joists and Deck, Stairs/Railings and Miscellaneous Steel, Structural Systems and Components	<a href="https://www.canosteel.com/">https://www.canosteel.com/</a>
163	Carboline	Carboline manufactures high-performance coatings that extend the life of steel assets and passive fire protection materials that protect people and preserve structural integrity. Scientists in our world-class Research, Development, and Innovation lab advance asset protection, and premier technical experts guide owners, engineers, and coating contractors to material solutions that accelerate construction schedules and deliver the best overall project value.	Coatings and Fire Protection, Materials/Engineering/Testing and Inspection	<a href="http://www.carboline.com">http://www.carboline.com</a>
256	Cascade Nut and Bolt Company	Cascade Nut And Bolt Company is a full line Fastener Distributor specializing in Structural Bolting and Anchors to Steel Fabricators around the country. We stock domestic, North American, and import structural bolts. We manufacture anchor bolts in house. We job pack for field bolt orders and excel at our paper work package. We are a stocking distributor of Infasco's INF 3013 coated bolts. We are a member of AISC.	Bolting and Anchoring Systems	<a href="https://www.cascadenutandbolt.com">https://www.cascadenutandbolt.com</a>
510	CAST CONNEX	CAST CONNEX® is the industry leader in the architectural and structural use of cast steel components in the design and construction of building and bridge structures. Our products include pre-engineered connectors that simplify the design and enhance the performance of structures. We also offer design-build services for custom cast steel nodes and components.	Bridge Components and Systems, Structural Systems and Components	<a href="http://www.castconnex.com">http://www.castconnex.com</a>
640	Cerbaco Ltd.	Cerbacos line of 500+ configurations of non-metallic weld backings permit finished-quality, full-penetration welds from one side. For use with structural steel, shipbuilding, pipeline, pressure vessel, and tank manufacturing. Backings work with MIG, TIG, Stick Electrode, Sub Arc and Flux Core welding processes to weld carbon and alloy steel, stainless, and aluminum. Where one-sided welding is not desirable, backings eliminate arc gouging or heavy grinding prior to	Welding and Stud Material	<a href="http://www.cerbaco.com">http://www.cerbaco.com</a>

		second-side welding.		
1339	Charlie Irwin Painting, LLC (CIP)	CIP is one of the top commercial / industrial painting and fireproofing contractors Nashville has to offer. In business since 1984, CIP serves our clients in Nashville and across the Southeast. We are committed to being the best commercial / industrial painting contractor in the industry. We are a locally owned and operated business with the ability to handle any size painting project.	Coatings and Fire Protection	<a href="http://www.cipaint.com">http://www.cipaint.com</a>
123	Chicago Clamp Company	Chicago Clamp Company provides an innovative method for framing roof openings and supporting rooftop loads with no welding or drilling. This standardized method for connecting joists and beams allows structural engineers to focus on load distribution rather than attachment apparatus or welding concerns. With up to 4,000-lb capacity per system, it is ideal for the safe and economical framing and installation of rooftop units, sky lights, exhaust fans and vents.	Bolting and Anchoring Systems, Safety Equipment, Structural Systems and Components	<a href="http://www.chicagoclampcompany.com">http://www.chicagoclampcompany.com</a>
280	Chicago Jack Service, Inc.		Bolting and Anchoring Systems, Cranes and Lifts, Hand Tools/Portable Equipment and Accessories, Safety Equipment	<a href="https://www.chicagojack.com/">https://www.chicagojack.com/</a>
226	Chicago Metal Rolled Products	Family-run since 1908, we work with our customers to bend and roll all steel grades, sizes and shapes including angles, bars, beams, channels, pipes, tubes, rail, sheet and plate. With two plants, 60+ rolling machines and over 120 years of experience, our highly trained workforce and state-of-the-art equipment handle the most challenging jobs quickly with precision and accuracy. We have earned the respect of over 10,000 satisfied customers delivering 99% error-free tight bends holding minimal tolerances even for shapes with very complex geometries.	Bender/Roller	<a href="http://www.cmrp.com">http://www.cmrp.com</a>
120	Cleveland City Forge	Cleveland City Forge, an innovative American Manufacturing and Engineering Company, combines product development with production to produce standard and custom structural steel components that include Forging, Machining and Distribution. Along with custom components, standard products include: Clevises, Clevis Pins and Recessed Pins, Turnbuckles, Turnbuckles w/Fittings, Threaded Rods, Rod Ends, EyeNuts, EyeBolts, Yokes, Swage: Sockets, Sleeves, Buttons & Studs, Heavy Hex Nuts. Our products can also be grouped to create complete Assemblies ready for installation.	Bridge Components and Systems, Structural Systems and Components	<a href="http://www.clevelandcityforge.com">http://www.clevelandcityforge.com</a>
814	Cleveland Punch & Die Co.	Cleveland Punch & Die Company is the World Leader in Manufacturing and Stocking Punches, Dies and Shear Blades in the Structural and Steel Industry. All of our products are proudly manufactured in the USA. Original Equipment Manufacturers continue to trust and recommend our products to meet and surpass our customers expectations for all steel applications. Our customers continue to trust and rely on the most experienced and friendly engineering and customer service support team in the industry. We are proud of our 145 Years of Quality, Experience and Tradition. Customer Service Hours: 7am-6pm EDT <a href="mailto:sales@clevelandpunch.com">sales@clevelandpunch.com</a>	Hand Tools/Portable Equipment and Accessories, Joists and Deck, Other, Stationary Fabrication Equipment	<a href="http://www.clevelandpunch.com">http://www.clevelandpunch.com</a>
724	Cleveland Steel Tool	Cleveland Steel Tool is the world leader in the manufacturing of Punches, Dies, shear blades and Specialty tooling. Our Punches, Dies, Shear Blades and Specialty tools are supplied daily to the structural steel, railroad (track and cars), farm equipment, truck frame, shipbuilding and grader blade industries, as well as serving all manner of fabricators and ornamental iron shops. In addition to the above, we also supply annular cutters, magnetic drills, portable punching units, steel saws and steel saw blades to the metal fabrication industry.	Hand Tools/Portable Equipment and Accessories, Stationary Fabrication Equipment	<a href="http://www.clevelandsteeltool.com">www.clevelandsteeltool.com</a>

487	ClimaSpec	ClimaSpec specializes in manufacturing quality structural thermal breaks to reduce thermal bridging. All ClimaSpec structural thermal break products are manufactured in the USA. The ClimaSpec ethos is to provide thermal bridging solutions for a wide range of steel connection designs with dependable lead times. ClimaSpec also provides market leading design assistance for structural engineers, architects, and contractors.	Materials/Engineering/Testing and Inspection, Other, Structural Systems and Components	<a href="https://climaspec.com/">https://climaspec.com/</a>
779	CN-Seamless	CN-Seamless designs and manufactures highly portable fabrication equipment that enables precision plasma and/or oxy-fuel cutting in the field or any corner in the shop. The Mach 1 is an innovation for metal fabricators that often rely on hand torching. Primarily used for coping beams, fabricating heavy plate parts, cutting penetrations, and in general taking the guess work out of hand-torching.	Hand Tools/Portable Equipment and Accessories	<a href="https://cn-seamless.com/">https://cn-seamless.com/</a>
480	Color Works Painting, Inc.	Color Works is an AMPP-QP3 Certified Coatings Shop featuring Climate Control Capability. Over 30 years of Experience & Knowledge in Blasting & High-Performance Coatings (Duplex Systems, Intumescent/Fire Proofing, AESS 4-6/C and Glass Bead). Capable of handling massive structures (Bridges, Vessels, Cranes, DOT). What's more, they staff AMPP Level 3 QC inspectors, guaranteeing your project meets specifications. Impeccable safety record--receiving over 10 consecutive National Pinnacle Awards! No downtime keeps projects progressing with ease. Moreover, CWP offers their own fleet delivery services and access to nearby Port and Rail services.	Coatings and Fire Protection	<a href="http://www.ColorWorksPainting.com">http://www.ColorWorksPainting.com</a>
151	Columbia Safety and Supply	Columbia Safety and Supply is North America's Premier Outfitter of safety gear, contractor equipment, and supplies. We are fall protection experts and we're here to help you find exactly what you need to be safe and productive. Our Gear Experts combine industry knowledge with professional experience. We service a variety of industries, including steel erection and fabrication, verticle concrete, building enclosure, road and bridge, and more. We carry thousands of products from the world's best manufacturers. Be Safe, Do More, with Columbia Safety and Supply!	Hand Tools/Portable Equipment and Accessories, Other, Safety Equipment	<a href="http://www.colsafety.com">http://www.colsafety.com</a>
882	Combilift	As a specialist forklift & straddle carrier manufacturer, Combilift produces a wide range of customized handling solutions, all of which are designed for the safe, space saving and very productive handling of the long and bulky loads like those handled in the steel industry. The 4-directional Combilifts work as counterbalance, sideloader, and narrow-aisle forklifts, with the Combi-SC (Straddle Carrier) being the cost effective solution for the handling of containers and oversized loads. Capacities across the Combilift range are from 3,200 lbs. to 180,000 lbs.	Cranes and Lifts	<a href="http://www.combilift.com">http://www.combilift.com</a>
114	COMSLAB	COMSLAB is a long-span and shallow composite floor system that helps structural steel compete with the low floor-to-floor concrete designs. COMSLAB is a lightweight assembly that has UL listed EXPOSED and UNRESTRAINED ratings of 1, 2 and 3 hrs for spans of 30+ feet! It's ideal for all elevated floor construction such as hotels, schools, office, HIGH-RISE, multi-residential and medical buildings. COMSLAB products are in compliance for NYC High Rise and LA RR approvals.	Joists and Deck	<a href="http://www.comslab-usa.com">http://www.comslab-usa.com</a>
653	Con-Serv Inc.	Your All-American Structural Bearing Solution - Structural Support Bearing Systems for All Industries. Con-Slide™ Support Bearing Systems: Type CSA & CSB, Type CHP, High Temperature Bearings - Bronze, Meehanite®, Graphite, Elastomeric Bearings - Neoprene®, Fabric Reinforced, High Load Multi-Rotational - Pot, Disc, Spherical, Radial & Self Aligning, Rocker Bearings & Other Specialty Fabrications. Designed and Fabricated to Accommodate: Thermal Expansion, End-Beam Rotation, Vibration Isolation, and Seismic Acceleration.	Bridge Components and Systems, Structural Systems and Components	<a href="http://www.con-servinc.com">http://www.con-servinc.com</a>

748	Consolidated Pipe & Supply Company	Consolidated Pipe & Supply is a distributor of a full line of steel pipe products including structural, piling, line pipe, and utilities products. We are headquartered in Birmingham Alabama and operate over 60 branches with the capability to ship anywhere in the US. Consolidated Pipe also operates our own industrial and specialty coatings facility where we can coat all of the pipe and structural materials we sell.	Bridge Components and Systems, Other, Steel Service Centers	<a href="http://www.consolidatedpipe.com">http://www.consolidatedpipe.com</a>
813	Controlled Automation, Inc.	Controlled Automation is a customer-driven company specializing in the design and manufacture of superior fabricating equipment. Our mission, as a team, is to strengthen and grow through the success of our customers while offering them constant respect, gratitude, and a quality product. Along with new machinery, we offer material handling systems to compliment each of our machines. All machines, software, and controls are designed, manufactured, and supported entirely in the United States.	Bridge Components and Systems, Software, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.controlledautomation.com">http://www.controlledautomation.com</a>
477	Copper State Bolt & Nut Co.	Copper State supports fabricators and erectors throughout the U.S. with product that ranges from structural fasteners, hex bolts, TC bolts, anchor bolts, double-end studs, and other manufactured specials. We support fabricators in their shop with tools and accessories, cutting tools, abrasives, safety products, and other industrial supplies. Copper State has 30+ locations in the western U.S. providing local support, and we are stocked heavily with structural inventory in Phoenix, Denver, Reno, Salt Lake City, and Spokane. Site support includes sequencing and logistics, product labeling and identification, online cert management, and VMI.	Bolting and Anchoring Systems	<a href="https://www.copperstate.com/">https://www.copperstate.com/</a>
515	CoreBrace	CoreBrace buckling-restrained braces (BRBs) are a cost-effective solution to improve the seismic performance of structures. This highly ductile system has been used in thousands of projects worldwide for earthquake risk mitigation. CoreBrace's expert staff works closely with owners, architects, engineers, fabricators, and erectors to meet their design and construction requirements and is committed to providing braces to the highest level of quality. Our extensive research program focuses on sustainable and resilient designs of structures in high seismic zones.	Structural Systems and Components	<a href="http://www.corebrace.com">http://www.corebrace.com</a>
215	CSC - Canam Steel Corporation	Canam Steel Corporation (CSC) is a service-oriented manufacturer of open web steel joists and steel deck that services the entire US via our six manufacturing facilities. We are a company that prioritizes safety and efficiency of the entire process for both our employees and our customers. We believe in the power of partnerships and the need for flexibility throughout the process for all of our partners. Our projects range from the small retail store at a local strip mall to some of the largest distribution centers, high-rises, schools and stadiums. We are a participating member of both the SJI and SDI.	Joists and Deck	<a href="https://cscsteelusa.com/">https://cscsteelusa.com/</a>
720	Cutting Edge Steel & Stair	At Cutting Edge Steel, we have the knowledge & expertise to provide an affordable solution to all of your project stair and rail needs. We are your one-stop solution. Our specialty includes work across North America of Architectural, Commercial Service and Industrial Class stair and rail products. CES offers "Pre-Engineered" systems when applicable or can work with clients who envision a one off product for true uniqueness of ornamental design. Depending on scope and location CES can also provide a complete miscellaneous steel packages. Please call to discuss the needs of your next project.	HSS Manufacturers, Stairs/Railings and Miscellaneous Steel, Structural Systems and Components, Welding and Stud Material	<a href="https://cesteel.com/">https://cesteel.com/</a>

576	CWB Group	CWB Group is an Ontario, Canada-based, industry-supported private sector not-for-profit organization that provides comprehensive, integrated services to nearly 10,000 companies and 100,000 professionals across the welding and joining industry in nearly 50 countries worldwide. Visit us at <a href="https://www.cwbgroup.org">https://www.cwbgroup.org</a> . EWI provides industrial manufacturers with advanced engineering services in materials joining, forming, testing, and modelling to create effective solutions in product design, fabrication, and production. The organization is based in Columbus, OH, and Buffalo, NY. Visit us at <a href="https://ewi.org">https://ewi.org</a> .	Engineering Consulting, Materials/Engineering/Testing and Inspection, Other, Welding and Stud Material	<a href="http://www.cwbgroup.org">http://www.cwbgroup.org</a>
626	D.S. Brown	Founded in 1890, The D.S. Brown Company is a leading worldwide designer, supplier, and manufacturer of engineered products for the bridge, airport and highway industries. As technology has evolved and influenced our means of transportation, D.S. Brown too has evolved to meet the needs of the current times. From our humble beginnings to our current focus on the manufacturing of high-quality infrastructure construction products under Gibraltar Industries, D.S. Brown has been there for over a century to help the world move forward.	Bridge Components and Systems, Joists and Deck, Other, Structural Systems and Components	<a href="https://dsbrown.com/">https://dsbrown.com/</a>
126	DACS, Inc.	DACS, Inc., with a plant strategically located in Portsmouth, VA, manufactures roof and floor decking. Since 1987 DACS has been providing the construction industry with affordable products and quality services. Our continued growth is fueled by loyal customers and innovative products. With a full line of roof products, including deep decks and cellular decks, as well as composite and non-composite floor decks, DACS is sure to satisfy all your decking needs. Please note we also offer our products in carbon steel, stainless steel and aluminum!!!!	Joists and Deck	<a href="http://www.dacsinc.com">http://www.dacsinc.com</a>
875	Daito Seiki Co., LTD	DAITO is focused on metal cutting, drilling and plasma cutting machines and has become the most technologically advanced machine producer in its field. Along with being the world's top manufacturer in its field, DAITO is geared toward customer satisfaction by supporting our customers with our knowledgeable and responsive sales, applications and our sales personnel.	Marking and Traceability, Other, Stairs/Railings and Miscellaneous Steel, Stationary Fabrication Equipment	<a href="http://www.daitousa.com">http://www.daitousa.com</a>
452	Danny's Construction Company, LLC	Since 1970, Danny's Construction Company has been an industry leader in complex and schedule-demanding steel erection projects. We have substantial experience in building bridges, sports and events facilities, hospital and medical facilities, as well as a variety of industrial and commercial structures. With this experience, we have built a reputation for surpassing rugged industry standards for quality, safety, and productivity. Strategic office locations across the country provide us the resources available to take on projects regardless of size, location, complexity, or demanding scheduling parameters.	Erectors	<a href="http://www.dannysconstruction.com">http://www.dannysconstruction.com</a>
848	DAVI, Inc.	More than ever, applied technology is being called upon to solve manufacturing's quest for global competitiveness. The challenge is to locate the best technology and to gather them in one place for consultation. DAVI, unique in plate roll and angle roll industry, makes this available at our own U.S. Customer Support Center, located in Dallas, TX.	Bender/Roller, Stationary Fabrication Equipment	<a href="http://www.davi.com">http://www.davi.com</a>
479	DBM VirCon	We make design constructible. DBM Vircon is a premier construction modeling, detailing, and digital engineering company. With our vast experience, we help our market leader customers including owners, engineers, EPCM firms, general contractors and fabricators build with confidence across the globe. Our proven methods and preconstruction collaboration platforms help our clients compress schedules and mitigate cost overruns by proving the design constructible and complete.	Construction and Project Management	<a href="http://www.dbmvircon.com">http://www.dbmvircon.com</a>

801	Delta Steel	Delta Steel is a customer oriented company, striving to build long lasting and mutually profitable customer relationships. We are committed to continuous improvement in our service, in our products, in safety and in our personnel. We emphasize professional and ethical business dealings with customers, suppliers and employees. Formed in 1963, Delta Steel is a subsidiary of Reliance, Inc. and a member of The Infra Group. Delta Steel is one of the largest steel service centers in the southwest United States serving industrial, commercial as well as OEM markets.	Steel Service Centers	<a href="https://www.deltasteel.com/">https://www.deltasteel.com/</a>
551	DGS Technical Services, Inc.	DGS Group is a client-centric and performance-driven organization offering end-to-end solutions in Engineering, Design, and Structural domains, headquartered in Elgin, IL, USA. Our global footprint includes offices in the US, Canada, UK, and Gulf. With certified American P.E. and technical Project Managers boasting over 40+ years of experience, we leverage smart software like Tekla and SDS/2. Our production team comprises highly skilled engineering squads dedicated to Structural Engineering, Steel Detailing, Bridge Detailing, Connection Design, Estimation, and Estimodeling.	Bridge Components and Systems, Detailers, Engineering Consulting, Structural Systems and Components	<a href="http://www.dgsts.com">http://www.dgsts.com</a>
125	Dlubal Software, Inc.	Dlubal Software provides advanced tools for structural and dynamic analysis, with a strong emphasis on steel design, including cold-formed steel and steel connections, among other material types. Our flagship 3D FEA program, RFEM 6, efficiently performs non-linear analyses of members, plates, and solids, ensuring precise results for even the most complex steel structures. Renowned for its intuitive workflow, RFEM is both highly sophisticated and user-friendly, making it ideal for engineers new to FEA. Trusted by over 5,000 companies and universities worldwide, Dlubal Software is your partner for innovative and reliable steel design solutions.	Software	<a href="https://www.dlubal.com/en">https://www.dlubal.com/en</a>
157	Doerken Coatings	Doerken Coating systems are an alternative to Hot Dipped Galvanizing and provide long term corrosion protection for the fasteners used in bridges and other steel structures. Approved for application to A490 high-strength fasteners, the zinc-flake coating systems from Doerken are available through a network of Licensed coating applicators located in the US, Canada, and all over the world. Our products are designed to fulfill rigorous performance requirements and are free of all environmentally regulated substances - including PFAS. In business for more than 130 years, we have the knowledge and expertise to provide lasting solutions for you.	Coatings and Fire Protection, Galvanizers, Materials/Engineering/Testing and Inspection, Structural Systems and Components	<a href="https://www.doerken.com/us/en/doerken-coatings">https://www.doerken.com/us/en/doerken-coatings</a>
258	Drivensteel Inc.	Drivensteel Inc Company has formed by group of young enthusiastic engineers, who have vivid experience in construction & infrastructure industry. We designed & built our capabilities with most experienced steel detailing team in this industry. Our innovative approach and continual learning ensure the quality and timely delivered outputs to our clients. We have 350+ detailers on board who are highly experienced in Structural and Miscellaneous projects through out Commercial, Industrial and Residential sector. We have latest software of SDS/2, TEKLA and AutoCAD.	Detailers	<a href="https://drivensteel.com/">https://drivensteel.com/</a>
411	DuraFuse Frames	No matter the project, DuraFuse Frames has a moment frame solution. We collaborate to optimize for cost and performance. Specifying our connections reduces steel tonnage, simplifies fabrication, and shortens the erection schedule. For seismic projects our prequalified technology minimizes seismic detailing and concentrates damage in an easily replaceable fuse plate. Our connection reduces the probability of damage and significantly decreases the cost and duration of repairs after a major earthquake. DuraFuse provides economy, speed, and safety during construction for any project and a rapid return to operation after a major	Engineering Consulting, Structural Systems and Components	<a href="https://www.durafuseframes.com/">https://www.durafuseframes.com/</a>

		earthquake.		
565	Eastern Pneumatics & Hydraulics, Inc./McCann Equipment Ltd.	EPH Specializes in Steel Erector and Torque Tools such as: Tone, Electric; TorqFusion, Pneumatic, Electric & Battery; Torcup, SPX Power Team Hydraulic Wrenches, Cylinders & Pumps; Skidmore-Wilhelm Bolt Tension Calibrator; Kabo Torque Wrenches & Torque Testers; Klein Drift Pins up to 1-9/16", Structural Wrenches & Accessories. We operate an ISO 17025:2017 Accredited Calibration Facility for Repair, Calibration & Certification with NIST Traceability. We also have the capability to service virtually any make and model torque tool.	Hand Tools/Portable Equipment and Accessories, Stationary Fabrication Equipment	<a href="https://www.ephtools.com">https://www.ephtools.com</a>
858	EHS Momentum, LLC	We make life easier for safety teams by helping you integrate safety management into operations. Our state-of-the-art safety management software and industry-leading consulting will help you increase productivity. At EHS Momentum, our goal is to deliver simple, affordable, and proven environmental, health, and safety best practices to any size business.	Bar Coding Systems and Equipment, Safety Equipment, Software	<a href="https://www.ehsmomentum.com">https://www.ehsmomentum.com</a>
1055	EMI	Electro-Mechanical Integrators, Inc. is a manufacturer of CNC Plasma equipment specializing in miscellaneous metals for the fabrication industry. We have been committed to providing cost-effective solutions through quality machines and unparalleled service for 25 years. Contact us today to see how our machines can save you time and make you money.	Stationary Fabrication Equipment	<a href="http://www.emiworks.com">http://www.emiworks.com</a>
582	ENERCALC	ENERCALC is a proven, powerful, widely-used design program consisting of 40+ structural calculation modules, ranging from simple component designs (steel beam, concrete column, etc.) to analysis (i.e., rigid diaphragm torsion), earth retention, & full 3D FEM analysis. ENERCALC's powerful capabilities and simple intuitive interface make it ideal for complete design of small & medium-sized structures, as well as for spot checks, verifications, & design of miscellaneous components on large-scale projects. NEW! Load Linking for Steel Beams - Create dynamic relationships between Steel Beam calculations in your project files.	Software	<a href="https://enercalc.com">https://enercalc.com</a>
856	Engineered Rigging	Engineered Rigging specializes in heavy lifting and machine moving projects by providing equipment rental, sales and service, engineering expertise, custom solutions and technical support. By delivering a collection of cross-functional capabilities beyond bare rental, we offer clients cost-saving synergies and timely solutions when unexpected situations arise during a project. Our fleet features hydraulic gantries; strand jacks; jacking systems; cylinders; skidding systems; skates, synchronous lift systems, SPMTs & more. Put our gear and knowledge to work for your next plant upgrade, maintenance or civil construction project.	Cranes and Lifts, Engineering Consulting, Materials/Engineering/Testing and Inspection	<a href="https://engineeredrigginggroup.com/">https://engineeredrigginggroup.com/</a>
624	Enidine	Our highly engineered structure protection components and custom solutions are built to take on whatever Mother Nature can dish out. With over 20-plus years of experience, Enidine offers a diversified portfolio of energy absorption products for infrastructure and equipment protection. Enidine offers the fastest service in the industry, the highest quality of testing around and in-house product development. No matter what seismic protection solutions you need, we get the job done.	Other, Structural Systems and Components	<a href="http://www.itt-infrastructure.com">http://www.itt-infrastructure.com</a>
177	EPACoat, Inc.	EPACoat, Inc. is a family-owned and operated metal finishing and coating contractor established in 2001. Located in Richmond, VA, near the RIC Airport, EPACoat specializes in high-quality surface preparation and protective coatings. Our fully equipped, AMPP QP-3 certified enclosed facility allows us to efficiently handle multiple projects simultaneously with minimal turnaround time. Our team, consisting of highly trained coating applicators and AMPP-certified coating inspectors, ensures that every project meets the highest standards of quality and durability.	Coatings and Fire Protection, Construction and Project Management	<a href="https://epacoat.com">https://epacoat.com</a>

358	EVER Seismic	Not just another buckling-restrained brace manufacturer! These are BRBs with Strain Control Technology and robotic-level precision manufacturing. All-steel, lightweight, smaller BRBs that are easier to erect and can downsize your crane. BRBs + next level customer service and connection optimization that you can \$ee. Contact us today for assistance on your next project!	Structural Systems and Components	<a href="http://www.everseismic.com">http://www.everseismic.com</a>
347	Exact Detailing Ltd	Exact Detailing is Canada's premier specialist in providing steel detailing, 3D modeling, BIM, and 3D scanning services to the North American steel industry. Our five offices across North America employ high-quality detailers trained in the most recent programs and processes to provide the best AISC and CISC compliant shop drawings on all varieties of steel projects. Need services beyond steel detailing? Ask us about our project management/coordination, connection design, data management, and surveying services. We pride ourselves the quality of our work and look forward to working with you!	Detailers, Engineering Consulting	<a href="http://www.exactdetailing.com">http://www.exactdetailing.com</a>
606	Fabreeka International, Inc.	For over a century, Fabreeka has proudly partnered with structural steel designers and builders, delivering unmatched engineering expertise, superior customer service, and high-performance products. Our portfolio includes preformed fabric and random-oriented fiber pads, slide bearings, and thermal breaks—solutions designed to meet the unique demands of the steel industry. We collaborate closely with our partners to develop effective strategies for minimizing structure-borne noise, mitigating thermal bridging, and controlling vibration in steel applications, including buildings, bridges, rail systems, and more!	Bridge Components and Systems, Other, Structural Systems and Components	<a href="http://www.fabreeka.com">http://www.fabreeka.com</a>
K4	Fabricators & Manufacturers Association	The Fabricators & Manufacturers Association, International®, (FMA) is a professional organization with more than 2,500 individual and company members from North America and 20 other countries who work together to advance the metal processing, forming, and fabricating industry. Founded in 1970, FMA brings fabricators, metal producers, equipment manufacturers, and service providers together through professional development programs, industry-exclusive networking events, market-leading publications, meaningful volunteer opportunities, and FABTECH.	Career Services, Other	<a href="http://fmamfg.org">http://fmamfg.org</a>
750	FabStation	FabStation, started by fabricators, is bringing constructable 3D data to the shop floor. With our augmented reality tools, production reporting and QC systems, you can modernize your production and see real savings in both time and \$\$\$\$. Utilizing tablets and AR headsets, you compare your 3D model to your workpiece to simply spot the difference and reduce rework by 85%, preventing costly errors from going to site and bring accountability to your processes. All this packaged with an advanced QC module that will allow you to streamline your current processes. Check out our product videos or <a href="http://fabstation.com">fabstation.com</a> to see the future of production.	Materials/Engineering/Testing and Inspection, Software	<a href="https://fabstation.com">https://fabstation.com</a>
775	FACCIN USA, INC.	The Faccin Group, a leading manufacturer with over 17,000+ successfully installed machines for rolling, bending, and forming metal, will attend NASCC to showcase its solutions and innovations. Faccin Group excels in manufacturing cutting-edge plate rolls, angle rolls, head forming lines, and special machines. We operate with three leading brands Faccin, Roundo, and Boldrini. We are a global key player in metal bending machine manufacturing, boasting a unique a complete product portfolio. A mix capable of addressing a wide range of end markets, such as pressure vessels, job shop, metal construction, tank heads, storage tanks and many others.	Bender/Roller	<a href="https://www.faccingroup.com/">https://www.faccingroup.com/</a>

663	FATZER AG	FATZER produces uncompromising steel wire rope assemblies. Founded in 1836 as a rope-making factory on Lake Constance in the Swiss town of Romanshorn, FATZER has been manufacturing top-quality ropes for generations. In the early stages, hemp ropes were produced, with steel rope manufacturing starting around 1900. Today, FATZER specializes in developing, manufacturing, and globally distributing high-quality steel wire ropes for structural, ropeway, and other applications. With a long history of meeting specific market needs, FATZER is recognized as a leading rope manufacturer for stadium roofs, facades, bridges, and other applications.	Bridge Components and Systems, Structural Systems and Components	<a href="http://www.fatzer.com">http://www.fatzer.com</a>
829	FICEP Corporation	FICEP Corporation is currently the largest manufacturer of structural steel and plate fabrication systems and software. FICEP offers over 150 different CNC systems to achieve the optimum solution to any specific fabricators application. In addition to the different CNC work centers, FICEP totally integrates custom designed material handling systems for Intelligent Steel Fabrication without the requirement for multiple operator involvement.	Bridge Components and Systems, Software, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.ficepcorp.com">http://www.ficepcorp.com</a>
285	Fickett Structural Solutions	Since 2001, Fickett Structural Solutions has served public and private clients in the A/E/C Industry in the building, transportation, and infrastructure markets by providing structural inspections and evaluations, nondestructive testing, steel fabrication quality assurance inspections, welding and fabrication consultation, and technical training. Our projects range from large civil infrastructure, such as bridges and locks and dams, to major commercial, industrial, and institutional buildings, parking structures, stadiums, arenas, and ancillary support structures for lighting and signage.	Materials/Engineering/Testing and Inspection	<a href="https://www.fickettinc.com/">https://www.fickettinc.com/</a>
249	Flame On, Inc.	Flame On, Inc. is an experienced heat straightening company that offers professional service, quality repairs, competitive pricing, and, most importantly, dependability. Flame On is confident that we can help you with all of your heat straightening needs.	Bridge Components and Systems, Construction and Project Management	<a href="https://flameoninc.com/">https://flameoninc.com/</a>
376	Fontana Fasteners, Inc.	Fontana Fasteners, Inc., a Fontana Gruppo company, produces LE USA® fasteners and provides customers with high-quality cold-formed fasteners produced from steel melted and rolled exclusively in the USA. In fact, Fontana Fasteners Inc. is the only North American full-service manufacturer and provider of structural bolts, nuts, washers, and TC assemblies.	Bolting and Anchoring Systems, Structural Systems and Components	<a href="http://www.fontanagruppogagna.com">http://www.fontanagruppogagna.com</a>
1265	GEKA USA	GEKA USA produces CNC LINES & SOLUTIONS FOR STEEL AND METAL WORKING. Geka offers a large range of CNC solutions for structural steel and plate fabrication systems. These include Ironworkers, CNC positioners and feeders, CNC solutions for drilling, and CNC solutions for punching. * Angles processing CNC Punching Solutions (GAMMA Series) * Flat Bars processing CNC Punching Solutions (ALFA series) * Beams processing CNC Drilling Solutions (SIGMA) * Beams processing CNC Punching Solutions * CNC Vertical Drilling & Milling machining center (GK DRILL) * High quality bandsaws for your work (GK SAW)	Bridge Components and Systems, Joists and Deck, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.gekaus.com">http://www.gekaus.com</a>
433	Gerdau	Gerdau Long Steel North America (GLN) manufactures merchant bar, structural steel, piling, special bar quality and rebar products for the agricultural, automotive, civil construction, distribution, energy, industrial, and mining markets. GLN operates six mills in the United States and three in Canada, and is a wholly owned subsidiary of Gerdau S.A.	Mills	<a href="http://www.gerdau.com">http://www.gerdau.com</a>

263	GH Cranes & Components	GH Cranes & Components is a family-owned business established in 1958 manufacturing overhead material handling such as cranes, hoists, gantry cranes, RTGs and jib cranes. Since then, we have installed more than 125,000 equipment worldwide. Our manufacturing capabilities in Texas, as well as a full inventory of spare parts and well-trained service crew, assure your total satisfaction and performance. <a href="http://www.ghcranes.com">www.ghcranes.com</a>	Cranes and Lifts, Engineering Consulting, Hand Tools/Portable Equipment and Accessories	<a href="http://www.ghcranes.com">www.ghcranes.com</a>
333	GIZA	GIZA is a connection design software that covers more than 400 different connection types in the shear, moment, vertical brace, horizontal brace and splice categories. Compliant to AISC 14th, 15th editions - ASD & LRFD methods, GIZA provides a comprehensive set of calculations with references to all applied codes. We offer integration with Tekla Structures and Tekla Structural Designer but can also be used as a standalone option. GIZA has been in use for over 10 years and has successfully designed thousands of connections on thousands of projects over that time. Try it yourself free for 15 days! <a href="http://www.gizasteel.com">www.gizasteel.com</a> .	Detailers, Engineering Consulting, Software	<a href="http://www.gizasteel.com">http://www.gizasteel.com</a>
276	Gonza Joist	Design and fabrication of JOIST and JOIST GIRDERS, certified by the SJI.	Joists and Deck	<a href="https://gonzaglobal.com/en/gonza-joist/">https://gonzaglobal.com/en/gonza-joist/</a>
678	Grating Fasteners	Grating Fasteners specializes in producing the G-Clip line of grating fasteners. G-Clips are used to attach grating to structural members using simple hand tools. The entire G-Clip line of fasteners are noted industry-wide as being a cost-effective, fast, and dependable way to fasten grating.	Grating and Grating Fasteners	<a href="http://www.gclips.com">http://www.gclips.com</a>
174	Great River Economic Development Foundation	The Great River Economic Development Foundation (GREDF) is the organization behind the Cotton to Steel brand. GREDF was formed in 2002 to provide cohesive economic development for Mississippi County, Arkansas, and serves as the lead organization for business recruitment and expansion in Mississippi County. GREDF is fully funded by a county-wide ½ cent sales tax for economic development, overseen by the Mississippi County Quorum Court.	Other	<a href="https://www.cottontosteel.com">https://www.cottontosteel.com</a>
238	Greenbrook Engineering Services	Focus on Quality - Deliver on Time. Greenbrook Engineering is an MBE certified company specializing in connection design, structural steel, miscellaneous steel, model estimating and BIM coordination services for the steel industry. With our head office in New Jersey, and production centers in Bangalore, Nashik and Chennai, India, we serve structural engineers and steel fabricators.	Detailers, Engineering Consulting	<a href="http://www.greenbrookengineering.com">http://www.greenbrookengineering.com</a>
688	GRM Custom Products	For over 60 years, GRM Custom Products has worked with Engineers, Steel Fabricators, and Contractors to provide customized high-quality products. The exclusive fabricator of Fluorogold Slide Plates in North America, we manufacture to meet your project's exacting specifications and expedited timelines, providing you with high quality products and consistent deliveries. We have grown our custom material offerings across bearing and thermal break pads. Now offering you a full line of Plastics and FRP Composite options, please stop by and visit us, we look forward to talking with you.	Bridge Components and Systems, Engineering Consulting, Hand Tools/Portable Equipment and Accessories, Structural Systems and Components	<a href="http://www.grmcp.com">http://www.grmcp.com</a>
251	Gsource Technologies LLC	Gsource is a steel modeling, detailing, architectural, MEP design, & mechanical modeling company based in Florida, serving over 280 active clients in North America for over a decade now helping the AEC industry and more, to complete their projects in a more effective and collaborative way. Our expertise includes 2D detailing, 3D modeling, shop drawings, erection drawings, IFC models, and NC & DXF files. We specialize in detailing for structural steel such as beams, columns, trusses, and column sets. Additionally, we are experts in miscellaneous steel, including stairs, handrails, ladders, platform railings, gratings, bollards, gates & more.	Detailers, Engineering Consulting, Software, Structural Systems and Components	<a href="http://www.g sourcedata.com">http://www.g sourcedata.com</a>

423	GWY, LLC	Since 1975, GWY has been a global leader specializing in the sales, rental, repair, and calibration of installation tools for structural bolts. Our Turn-of-Nut (TN) wrenches are custom designed in partnership with the global leader in electric tool companies, TONE. Combining our decades of experience in bolt fastening with TONE's years of quality wrench manufacturing, we have created a wrench that meets the high standards of the federal government for structural fastening. Our other product lines include the popular shear wrenches for TC bolts, torque wrenches, bolt tension calibrators, hydraulic products, and safety equipment.	Erectors, Hand Tools/Portable Equipment and Accessories, Safety Equipment	<a href="http://www.gwyinc.com">http://www.gwyinc.com</a>
870	Harbor Fab	Since 1972 we have served industrial and commercial markets with miscellaneous metal fabrications. Harbor Fab now offers pre-engineered stairs, rails, ladders and platforms nationwide in addition to our custom designed products.	Structural Systems and Components	<a href="http://www.harborfab.com">http://www.harborfab.com</a>
501	Haydon Bolts, Inc.	Haydon Bolts manufactures headed bolts, threaded rods, anchor bolts, u-bolts & swedge bolts, in plain and galvanized finish, with full mill cert traceability. Haydon also carries the largest inventory of A325 & A490 Heavy Hex Head, Tension Control (TC) bolts, weld studs and wrenches, on the east coast.	Bridge Components and Systems, Construction and Project Management, Structural Systems and Components, Welding and Stud Material	<a href="http://www.haydonbolts.com">http://www.haydonbolts.com</a>
609	Hercules Bolt Company	Hercules Bolt & MFG, is a Veteran-Owned, certified "VOSB" company that is an industry leader in the manufacturing of structural anchor rods (bolts), sag rods, square plate washers, all-thread rod, and embeds; which are all proudly made with domestic material of all grades, alloys, and sizes (bent or straight). Our strong distribution stock of structural bolts makes Hercules Bolt a one source stop for any job that needs on time delivery with quality products. No job is too big or too small for Hercules Bolt & MFG.	Bolting and Anchoring Systems, Structural Systems and Components, Welding and Stud Material	<a href="http://www.herculesbolt.com">http://www.herculesbolt.com</a>
586	HEXAGON	Hexagon is a global leader in software, design, project performance, and autonomous solutions that boost efficiency, productivity, and quality across industrial, manufacturing, infrastructure, safety, and mobility applications. We empower our clients to transform unstructured information into a smart digital asset to visualize, build, and manage structures and facilities of all complexities, ensuring safe and efficient operation throughout the entire lifecycle.	Software	<a href="https://hexagon.com">https://hexagon.com</a>
890	HGG Profiling Equipment BV	Specializing in 3D profiling since 1984, we are globally known as the market leader in plasma and oxyfuel CNC cutting machines. Send your CAD design straight to our profiling machines with our seamless in-house built software integration.	Stationary Fabrication Equipment	<a href="https://hgg-group.com/">https://hgg-group.com/</a>
1313	Hilti Inc.	Hilti is a world-leading manufacturer and supplier of quality, innovative and specialized tools and fastening systems for the professional user. With more than 1,350 highly trained Hilti account managers and engineers throughout North America and an additional 1,100 Hilti employees nationwide, Hilti expertise covers the areas of powder actuated fastening, drilling and demolition, diamond coring and cutting, measuring, firestopping, screw fastening, adhesive and mechanical anchoring, and strut and hanger systems.	Hand Tools/Portable Equipment and Accessories	<a href="http://www.hilti.com">http://www.hilti.com</a>
639	HI-Q DESIGN INC	Established in 2004, HI-Q is a global Structural Steel & Mechanical Design and Detailing Services that has passionately executed projects across the globe. Every project small, medium, and large project receives our undivided attention, making us the favored designed services company by many international customers. Our passion for excellence is matched by our team highly motivated, qualified, and experienced engineers & detailers who specialize in Structural Steel Design & Detailing, Connection Design, Mechanical Design, and Piping Design. With more than a decade of experience, we are well qualified to handle all your projects. Thank you	Detailers, Engineering Consulting	<a href="http://www.hiqdesigninc.com">http://www.hiqdesigninc.com</a>

879	Holemaker Technology HMT	Holemaker Technology is the specialist manufacturer of the Patented VersaDrive metal drilling accessory system. Combining our pioneering, impact rated and now patented VersaDrive® system with the latest generation of high-torque cordless power tools has created a revolutionary level of drilling speed & performance, never before possible with portable tools. With a wide customer base across the USA in industries spanning Construction, defense, manufacturing, MRO, transportation & Infrastructure and energy - HMT is sure to have timesaving solutions available for your application.	Hand Tools/Portable Equipment and Accessories	<a href="https://www.holemaker-technology.com">https://www.holemaker-technology.com</a>
757	Holloway Houston, Inc.	Holloway is the foremost single-location sling shop and testing complex in the United States. We boast a vast inventory of rigging products and a dedicated rental department tailored to your rigging needs. Here, you'll find a comprehensive array to meet your industrial lifting requirements, seamlessly merging premium products with state-of-the-art testing services, all accessible at our world-class testing facility.	Cranes and Lifts, Materials/Engineering/Testing and Inspection, Other	<a href="https://www.hhilifting.com">https://www.hhilifting.com</a>
658	HRV Conformance Verification Associates, Inc.	Leading experts in materials QA/QC inspection, coatings inspection, NDT, and CM/CI focused on transportation, rail & transit, oil & gas, power, commercial, water/wastewater, and aviation markets, with the capacity to provide AWS CWI, NACE, SSPC, ACI, PCI and API inspections in materials fabrication plants and on project sites. We excel by maintaining high standards of technical training, leveraging deep industry knowledge and experience, practicing ethical conduct, applying innovative technologies, and communicating openly with our clients. We are Quality. Assured.	Engineering Consulting, Materials/Engineering/Testing and Inspection	<a href="http://www.hrvinc.com">http://www.hrvinc.com</a>
753	HYTORC	HYTORC makes industrial bolting safer and simpler. With over 50 years of experience focused entirely on developing the highest quality industrial bolting systems, HYTORC is the most trusted name in the industry. From steel mills and mining equipment to refineries, power plants, and wind turbines; we have developed solutions for every bolting application imaginable. For custom projects, our highly experienced engineering team is at your service to design the most efficient solution for your job with simple operation and economical pricing in mind.	Bolting and Anchoring Systems, Hand Tools/Portable Equipment and Accessories, Safety Equipment, Structural Systems and Components	<a href="http://www.hytorc.com">http://www.hytorc.com</a>
559	IAPMO Uniform Evaluation Service	IAPMO Uniform Evaluation Services (UES) provides summary reports specifically for the steel industry. These documents demonstrate product/ material/ system/ design compliance to applicable codes and standards, expediting approvals within the building industry. Current steel-related activities include steel deck, steel wall, and roof cladding, structural steel members, cold-formed steel framing, steel connectors, steel fasteners, and fabrication. We offer true turnkey service from product testing by IBT, to Uniform Evaluation Reports, through ongoing manufacturing audits from Quality Control Consultants.	Engineering Consulting, Joists and Deck, Materials/Engineering/Testing and Inspection, Structural Systems and Components	<a href="http://www.uniform-es.org">http://www.uniform-es.org</a>
106	IDEA StatiCa US LLC	IDEA StatiCa Connection is a revolutionary software for structural design of steel connections/joints. It allows structural engineers to design and check connections of all configurations in minutes. IDEA StatiCa is improving workflow of engineers all around the world by linking to the analysis, BIM and detailing software they use.	Software	<a href="http://www.ideastatica.com">http://www.ideastatica.com</a>
744	IES, Inc.	For over 30 years, Integrated Engineering Software (IES) has been developing user-friendly structural software that helps you efficiently solve a wide range of real-world problems. Our most versatile product, VisualAnalysis, can analyze and design almost any three-dimensional structure. In addition, we offer a variety of task-specific programs such as ShapeBuilder, VisualFoundation, ConcreteBending, ConcreteSection, VAConnect, and more. Discover why thousands of engineers worldwide depend on Integrated Engineering Software.	Software	<a href="https://www.iesweb.com">https://www.iesweb.com</a>

351	IKG	IKG® is the leading North American manufacturer and fabricator of metal bar grating and access infrastructure products for industrial flooring, safety, and security applications. With over 100 years of experience, IKG has built a reputation for innovation, expertise, and reliable customer service. Headquartered in Houston, Texas, the company operates five strategically located manufacturing facilities across the U.S. and Mexico, ensuring efficient production and quick delivery. With their recent acquisition into Meiser Dutco, IKG has grown into the world's largest grating manufacturer, combining strong industry brands across multiple regions.	Grating and Grating Fasteners, Stairs/Railings and Miscellaneous Steel	<a href="https://ikg.com/">https://ikg.com/</a>
674	Indiana Grating PVT LTD	Indiana Gratings Private Limited (IGPL) - INDIA is the flagship company of Indiana Group ( <a href="http://www.indianagroup.com">www.indianagroup.com</a> ). IGPL is an ISO 9001, ISO 14001 and ISO 45001 certified company. IGPL is one of the largest fabricators of gratings in the world and has established an impeccable reputation and carved a permanent niche with clients in India and abroad. IGPL has an installed capacity to produce 250 MT bar gratings panels per day. Since 2002 IGPL is regularly supplying Grating Panels to various Steel Service Centres in USA .	Galvanizers, Grating and Grating Fasteners, Stairs/Railings and Miscellaneous Steel, Steel Service Centers	<a href="http://www.indianagroup.com">http://www.indianagroup.com</a>
777	Indiana Steel Products, Inc	Domestic Manufacturer of Anchor Bolts, Threaded Rod, J Bolts, Studs, Etc.	Bolting and Anchoring Systems	<a href="https://indianasteelproducts.com/">https://indianasteelproducts.com/</a>
633	Infasco	Infasco designs, manufactures, and distributes threaded fasteners and forged steel parts to various industries, including construction and infrastructure, heavy trucks and equipment, automotive, and agriculture. With over 60 years of experience, Infasco collaborates with customers to develop tailor-made products that enhance their current fastener solutions. Operating from a manufacturing facility in Marienville, QC, and five distribution centers across the United States and Canada, Infasco's 400 employees are equipped to serve customers worldwide. Ask for our new product 1 1/4 F2280 (Coated A490 TC).	Bolting and Anchoring Systems, Engineering Consulting, Galvanizers, Structural Systems and Components	<a href="http://www.infasco.com">http://www.infasco.com</a>
192	Informed Infrastructure	Informed Infrastructure is the leading media outlet for civil and structural engineers. We reach 40,000 readers via our magazine, weekly eNewsletter, web site, video content, surveys and our industry leading continuing education platform.	Other	<a href="https://informedinfrastructure.com/">https://informedinfrastructure.com/</a>
K2	Informed Infrastructure	Informed Infrastructure is the leading media outlet for civil and structural engineers. Other	<a href="https://informedinfrastructure.com/">https://informedinfrastructure.com/</a>
809	InfoSight Corporation	InfoSight is a leader in identification technology specializing in creating innovative identification solutions for harsh environments, improving safety outcomes, and enabling traceability. Our equipment comes with dedicated 360° support and unparalleled durability. InfoSight offers tags specifically designed for fabricators and galvanizers that survive hot dip galvanizing, shot blasting, painting, and powder coating, leaving your asset with a scannable barcode or readable serial number. Our tags can be customized with a variety of alphanumeric characters, graphics, logos and barcodes printed with our LabelLase® Printers.	Bar Coding Systems and Equipment, Marking and Traceability, Other	<a href="http://www.infosight.com">http://www.infosight.com</a>
801	Infra-Metals Co.	Infra-Metals Co., a wholly owned subsidiary of Reliance, Inc., is a leading structural steel service center strategically positioned to serve customers throughout New England, the Mid-Atlantic, Midwest, South, and Southwest regions of the United States. With a deep-rooted commitment to steel distribution and processing, Infra-Metals provides unparalleled service, including on-time delivery and a comprehensive range of processing capabilities. While others may quote a price, Infra-Metals quotes from stock. We are Customer Satisfaction Built With Steel.	Steel Service Centers	<a href="http://www.infra-metals.com">http://www.infra-metals.com</a>

1071	Innovatech	Working hand-in-hand with BZI as an erection and fabrication partner has provided our team a unique and seamless feedback and testing environment. Our relationship allows Innovatech to continuously improve our products and look for new opportunities to make steelwork safer, simpler, and more efficient. Construction, Technology, Solutions	Stationary Fabrication Equipment	<a href="https://www.innova.tech/">https://www.innova.tech/</a>
749	Innovative Transport Solutions (ITS)	Manufacturer & Distributor of the Mobile Transport Tray (MTT) for Loading & Unloading Long, Heavy Steel Cargo Safely & Efficiently IN/FROM Enclosed Dry Van Trailers & Containers. Innovative Thinking..Bottom Line Results!	Hand Tools/Portable Equipment and Accessories, Safety Equipment, Stairs/Railings and Miscellaneous Steel, Structural Systems and Components	<a href="https://www.InnovativeTransportSolutions.com">https://www.InnovativeTransportSolutions.com</a>
333	International Design Services, Inc.	IDS is committed to delivering the highest quality of detailing and connection design services. Our over 500 team members, including connection design engineers, detailers, & supporting staff provide ample manpower to support any project type and schedule. Our shop drawings and calculations are produced under the direct supervision of licensed professional engineers using our proprietary connection design software, Giza. In addition to 3D and BIM Models in SDS/2 or Tekla, IDS provides NC1, CNC, DXF, DSTV, and other production file formats.	Detailers, Engineering Consulting, Software	<a href="http://www.ids-inc.net">http://www.ids-inc.net</a>
578	Interstate Gratings	Interstate Gratings operates in a 120,000 SF fully-integrated manufacturing and fabricating facility, ideally located in the hub of the west. We have a highly experienced in-house detailing and project management team. Our custom automated CAD solutions provide seamless integration with our shop processes and our advanced CRM solution accurately tracks jobs from start to finish. With an expert team of grating professionals, state-of-the-art equipment and integrated technology, Interstate Gratings is prepared to take on jobs of any scope or schedule.	Grating and Grating Fasteners	<a href="http://www.interstategratings.com">http://www.interstategratings.com</a>
169	Inventory Sales Company	Inventory Sales Company is an industry leader for fasteners, weld studs, sign hardware. frames, strut and steel fabrication. As a division of EFC International, we have strategic partnerships with world-class manufacturers to offer you engineered solutions in industrial applications.	Bridge Components and Systems, Hand Tools/Portable Equipment and Accessories, Structural Systems and Components, Welding and Stud Material	<a href="http://www.inventorysales.com">http://www.inventorysales.com</a>
180	Ironworkers / IMPACT	IMPACT is a labor management partnership designed to provide a forum for union ironworkers and their signatory contractors to address mutual concerns and encourage reasonable, balanced solutions. Our primary mission is to expand job opportunities through progressive and innovative labor management cooperative programs, providing expertise in ironworker and contractor training, construction certifications, safety, marketing and construction project tracking and bidding. 253	ISD Group USA	ISD Group is a provider of 2D/3D CAD Software that offers innovative solutions for the Structural Engineering Sector. With over 45 years of experience in the Steel, Metal and Facade Sector, the company is an expert for 2D/3D Modeling Software with Automation to Production Output and integrated Project/Drawing Management. Conceptualize your ideas at high speed with the Extensive Solution for Engineering. To learn more visit <a href="http://www.isdgroup.us">www.isdgroup.us</a>	Construction and Project Management, Engineering Consulting, Software, Stairs/Railings and Miscellaneous Steel	<a href="https://www.isdgroup.us/">https://www.isdgroup.us/</a>

704	J. B. Long, Inc.	Cheap Detailing Ain't Cheap! Save money on detailing only to spend much more on fabrication and erection. J.B. Long, Inc. has supplied quality structural steel and miscellaneous iron detailing to the fabrication industry since 1985.	Detailers	<a href="http://www.jblong.com">http://www.jblong.com</a>
501	JH Botts LLC	As specialists in manufacturing anchor bolts from raw material emphasizing ASTM F1554 and ASTM A449 material, we stock many 1/2" to 3 1/2" diameter round bars in 20'-0 to 40'-0 lengths. Additionally, we can manufacture using many different grades of material including ASTM A615 rebar, Stainless Steel rods and other assorted carbon steel grades. Our ability to produce within the tolerances prescribed by the American National Standards Institute (A.N.S.I.) make us a valuable asset to our customers.	Bolting and Anchoring Systems	<a href="http://www.jhbotts.com">http://www.jhbotts.com</a>
1363	Jinan Acme CNC Equipment Co., Ltd	Acme laser is a direct fiber laser machine manufacture Jinan, China, advantage products are big tube lasers, various laser solutions and customized machine configurations support fabricators in structural and miscellaneous metals processing. Based on the Technician&Parts service center in Atlanta, Georgia, Acme laser can serve more customer in 2hours on your needs.	Other, Stairs/Railings and Miscellaneous Steel, Stationary Fabrication Equipment, Structural Systems and Components	<a href="https://www.acme-laser.com/">https://www.acme-laser.com/</a>
726	JMT Consultants Inc.	JMT Consultants was founded in 2008 to provide quality and reliable steel and concrete design and detailing services to the construction industry. Working directly for developers, engineering firms, general contractors and fabricators, operating with integrity and loyalty and treating each customer how we would want to be treated. These principles have led JMT Consultants to become an award-winning industry leader. We believe in a collaborative, organized and efficient process to complete projects both on schedule and on budget.	Detailers, Engineering Consulting	<a href="http://www.jmtconsultants.com">http://www.jmtconsultants.com</a>
593	John A. Papalas & Co.	A versatile multi-trade subcontractor, offering a comprehensive range of services, including but not limited to industrial/commercial painting, intumescent fireproof coatings, cementitious fireproofing, industrial and architectural metal panels, and pre-engineered building solutions. John A. Papalas & Company has been in business for over 80 years and is dedicated to providing quality workmanship while maintaining a safe and hazard-free environment. Our goal is to build successful relationships through trust, while exceeding expectations to promote excellence.	Coatings and Fire Protection, Other, Structural Systems and Components	<a href="https://www.johnapapalasco.com">https://www.johnapapalasco.com</a>
713	JPW Engineering Services	JPW specializes in structural and Misc. steel detailing. Along with detailing, JPW provides model-based estimation, connection design, and stamping for the USA and Canada. We follow the triangular approach to build a sustainable and long-term partnership with the clients. This includes effective communication, quality work, and scheduled deliverables. The core strength of JPW's success is its checking process. The two layers method has helped to achieve mostly error-free drawings. When it comes to quality, JPW appears at the top of the list.	Detailers, Engineering Consulting, Other, Stairs/Railings and Miscellaneous Steel	<a href="https://jpwespl.com/">https://jpwespl.com/</a>
990	KALTENBACH	With over 135 years of experience and 120,000 machines delivered worldwide, KALTENBACH is one of the leading suppliers of reliable, high-quality steel processing and preservation systems. The portfolio includes machines for sawing, drilling, thermal cutting, blasting and painting steel. With 300 employees at two production sites, nine subsidiaries and representatives worldwide, KALTENBACH offers its customers excellent local service. KALTENBACH belongs to Codymag, a strategic investor from Germany, which represents an established, large industrial group in mechanical and plant engineering.	Stairs/Railings and Miscellaneous Steel, Stationary Fabrication Equipment, Steel Service Centers, Structural Systems and Components	<a href="https://www.kaltenbach.com/en/">https://www.kaltenbach.com/en/</a>

837	Kinetic Cutting Systems, Inc.	Kinetic manufacturers a variety of precision CNC plasma and flame cutting machinery, as well as multi-process machines that combine machining operations such as drilling, tapping, milling and interpolation with cutting operations. One Machine- Complete Parts-Start to Finish. Kinetic offers a complete solution for the Structural Steel Industry.	Stationary Fabrication Equipment	<a href="http://www.kineticusa.com">http://www.kineticusa.com</a>
257	King Steel Corporation	King Steel supplies hot rolled and cold finished carbon, alloy, and stainless steel coil, bar, and wire in a wide variety of qualities, grades, and shapes. King Steel also specializes in quench and tempering carbon and alloy steel bars from 1-4" in diameter up to 60' in length. Saw cutting bar stock form .625-4" is available.	Steel Service Centers	<a href="https://www.kingsteelcorp.com/">https://www.kingsteelcorp.com/</a>
852	Kloeckner Metals	Founded in 1906, Kloeckner Metals Corporation is one of the largest metals manufacturing, supply, and service companies in North America. With over 40 branches in the United States and over 200 worldwide, Kloeckner is committed to providing customers with the latest fabrication and processing technologies and the most innovative customer service solutions. Boasting one of the most extensive product portfolios in North America, our promise is unparalleled quality of both product and service.	Steel Service Centers	<a href="https://www.kloecknermetals.com">https://www.kloecknermetals.com</a>
855	Kobelco Welding of America, Inc.	KOBELCO, your best partner for structural steel fabrication, including seismic application is proud to be one of the few companies that develops all of its own original welding materials, welding robots, and welding power sources.	Stationary Fabrication Equipment, Structural Systems and Components, Welding and Stud Material	<a href="http://www.kobelcowelding.com">http://www.kobelcowelding.com</a>
627	Kottler Metal Products, Inc.	Structural steel bending and fabricating specialists. Kottler Metal Products is proud to have one of the largest pipe, tube, and structural steel bending capacities in the Midwest, bending up to 10" angle, 20" pipe and tube, and 40" channel and I-beam, both easy-way and hard-way.	Bender/Roller, Stairs/Railings and Miscellaneous Steel, Structural Systems and Components	<a href="http://www.kottlermetal.com">http://www.kottlermetal.com</a>
634	KTA-Tator	KTA provides government, facility owners, engineers and contractors peace of mind that the integrity of steel and concrete structures are properly assessed and protected. KTA provides professional consultation and support during any phase of a project - design, construction, post-construction and maintenance. KTA's specialties include steel and concrete fabrication inspection; NDT; coatings and corrosion engineering and inspection; field and lab coatings failure analysis; and coatings training. KTA also distributes a complete line of field inspection instrumentation.	Construction and Project Management, Engineering Consulting, Hand Tools/Portable Equipment and Accessories, Materials/Engineering/Testing and Inspection	<a href="https://kta.com">https://kta.com</a>
1381	LAP Laser LLC	LAP is one of the world's leading suppliers of systems that increase quality and efficiency through laser projection, laser measurement, and other processes. Every year, LAP supplies 15,000 units to customers in industries as diverse as radiation therapy, steel production, and composite processing. LAP has 300 employees at 8 locations in Europe, America, and Asia.	Other	<a href="http://www.lap-laser.com">http://www.lap-laser.com</a>
656	LARSA, Inc.	LARSA develops advanced 3D finite-element analysis software for bridges. Engineers rely on LARSA as the only software capable of advanced modeling techniques with the essential tools needed to handle complex geometries and elaborate staging. Backed by the industry's most responsive support team, engineers rapidly receive personalized assistance informed by our decades of experience advancing structural analysis software. Visit us to learn why LARSA's Steel Bridge Module leads the way for the design and rating of steel girder bridges at the nation's leading firms and State DOTs.	Software	<a href="https://www.larsa4d.com">https://www.larsa4d.com</a>

281	Larson Engineering, Inc.	Structural engineering services for steel connection design are essential for ensuring the strength and stability of steel structures. At Larson, we provide comprehensive design, analysis, and detailing of connections that integrate various structural elements into a strong framework. By collaborating closely with architects, fabricators, and contractors, we ensure that our designs meet and surpass project expectations while aligning with construction methods. Partner with Larson for reliable and precise solutions that enhance the success of your project.	Engineering Consulting	<a href="http://www.larsonengr.com">http://www.larsonengr.com</a>
283	LECGI Structural Engineering & Detailing	Providing structural design and steel detailing services for a wide array of commercial and industrial clients is our mission at LECGI. We are a well-established and respected structural engineering firm offering unique building and design services. We use state-of-the-art computer technology and 3-D modeling software that allows us to create the best possible models with minimal errors. With the skill and expertise of our team, LECGI is known for being on time and cost-effective with 3-D BIM using Tekla Structures and SDS/2.	Detailers, Engineering Consulting	<a href="https://lecgi.us">https://lecgi.us</a>
222	LeJeune Bolt Company	LeJeune Bolt is the leading international supplier of structural fasteners and tools as well as your source for the ASTM F3148 TNA Fastening System. With the approval of F3148 and the Combined Method by RCSC and upcoming publication by AISC and AREMA F3148 TNA Bolt Assemblies and Torque & Angle installation can be specified with confidence. Contact LeJeune Bolt Company to learn more about how our TNA Fastening System can provide improved efficiency, quality control, and cost savings for your next project.	Bolting and Anchoring Systems	<a href="http://www.lejeunebolt.com">http://www.lejeunebolt.com</a>
691	Lichtgitter USA	Based in Houston, TX, Lichtgitter USA manufactures and fabricates grating products using state of the art technologies. Lichtgitter's production procedures and machinery, many protected by patent, were specially designed for the Lichtgitter production process. Gratings for normal and special loading requirements are produced with highly integrated welding and fabrication processes, and our sales and service departments technical expertise are geared to address each of our customer's specific job needs.	Grating and Grating Fasteners	<a href="https://www.lichtgitterusa.com/">https://www.lichtgitterusa.com/</a>
1013	Lincoln Electric	Lincoln Electric is the world leader in arc welding, robotic welding systems, plasma and oxyfuel cutting equipment and brazing and soldering alloys. Headquartered in Cleveland, Ohio, Lincoln has a worldwide network of manufacturing, distribution, sales and technical support covering more than 160 countries. For more information about Lincoln Electric and its products and services, visit the Company's website at <a href="http://www.lincolnelectric.com">http://www.lincolnelectric.com</a> .	Stationary Fabrication Equipment, Welding and Stud Material	<a href="https://www.lincolnelectric.com/en/">https://www.lincolnelectric.com/en/</a>
545	Lindapter	Over 90 years, Lindapter has pioneered the design and manufacture of Structural Steel Clamping Systems and HSS Blind Fasteners, enabling faster steel construction. Products include the Hollo-Bolt, the HSS expansion bolt approved by ICC-ES for all Seismic Design Categories (A through F); while the Girder Clamp is approved for quickly connecting W & S beams. Lindapter connections eliminate the need for time-consuming drilling or welding in the field and reduce time and labor costs.	Bolting and Anchoring Systems	<a href="http://www.Lindapter.com">http://www.Lindapter.com</a>
621	LS Industries	LS Industries engineers, designs and manufactures surface preparation equipment, including shot blasters, washers and vibratory tubs. Our ability to engineer and manufacture custom solutions allows us to provide the full line of finishing equipment. We are a fully integrated manufacture of airless shot blast cabinets using conveyor and monorail systems. LS Industries has solutions for cleaning rebar, pipe and tubing and structural steel. Solutions can range from fully automated to manual, economical solutions all designed to improve quality and reduce labor.	Hand Tools/Portable Equipment and Accessories, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.lsindustries.com">http://www.lsindustries.com</a>

427	LTC Software Solutions	LTC Software Solutions is a leading custom software development company and registered Tekla Development Partner focused on improving business efficiency. We offer tailored solutions, including custom reporting, productivity tools, applications, and system integrations, specifically designed for the steel industry and Tekla PowerFab and Tekla Structures.	Software	<a href="https://ltcsoftwaresolutions.com/">https://ltcsoftwaresolutions.com/</a>
427	LTC Virtual Design and Construction	LTC is a leading virtual design & construction (VDC) firm, providing world class preconstruction through project turnover services to architects, engineers, contractors, and fabrication shops across North America. From its founding as a steel detailing company, to its evolution as a BIM solutions provider, to its most recent expansion into VDC, LTC has always put clients first. With continuous investment into software customization and development, LTC's clients receive service and products that are specific to their individual needs, and efficiently produced in a timely manner.	Detailers	<a href="http://www.LTCvdc.com">http://www.LTCvdc.com</a>
645	LUSAS	LUSAS finite element analysis software provides accurate and cost-effective analysis, design and load rating of steel and concrete bridges. Used widely by Consultants and DoTs for frequency, seismic, dynamic, nonlinear, buckling, fatigue, staged construction, creep and shrinkage, prestress / post-tensioning, soil-structure and rail track-structure interaction modeling and many other forms of analysis. Vehicle-load optimization facilities provides worst-case traffic and rail loading patterns. AASHTO and other design codes supported. Extensive results viewing and reporting options.	Engineering Consulting, Software	<a href="https://www.lusas.com">https://www.lusas.com</a>
865	Machitech	For over 20 years, Machitech has offered fully customizable cutting systems of the highest quality. Choosing Machitech means gaining free lifetime access to our team of experts, specialized assistance, and prompt technical support. Join us at booth #865 to see our Beamcut, an industry-leading robotic plasma cutting system that integrates advanced FANUC robotics & easy-to-use 3D simulation software with Hypertherm's XPR460 plasma systems. We will also show our Diamond Cut 5-axis CNC Plasma Table, equipped with a Hypertherm XPR460 plasma system.	Software, Stationary Fabrication Equipment	<a href="https://www.machitech.com">https://www.machitech.com</a>
186	Mac-Tech	Our philosophy has remained consistent over the last 40 years: We maintain a relentless obsession to serve our customers. Mac-Tech was founded in 1984 to service and support metal fabrication equipment. We've been in business for over 40 years and are well-positioned to service and support our customer base throughout North America. At Mac-Tech, we strive to develop long-term partnerships with our customers and leave a positive lasting impression every time.	Bender/Roller, Structural Systems and Components, Welding and Stud Material	<a href="http://www.mac-tech.com">http://www.mac-tech.com</a>
269	Magni Telescopic Handlers	Magni Telescopic Handlers is the world leader in Rotating, Fixed Boom and Heavy Lift Telehandlers. ELIMINATE THE NEED TO RENT A CRANE! Magni offers 16 rotating models with lift heights from 57 - 167 feet and lifting capacities from 8,800 - 28,600 lbs. There are 100 attachments which allow the machine to serve as a Telescopic Forklift, RT Crane, Aerial Work platform and more. Magni's are the safest, most productive and efficient machines in their class. Check out our new line of fixed boom 10K & 12K machines with safety no one has. We offer 9 heavy lift models with lifting capacities from 22,000 - 110,000 lbs.	Cranes and Lifts	<a href="http://www.MagniTH.com">http://www.MagniTH.com</a>
362	Magnum Consulting	Magnum Consulting is based outside of Detroit, Michigan, USA, and provides a wide array of engineering and design services including: Mechanical Conveyor & Material Handling Systems; Structural Steel Engineering & Detailing; Production Tooling Design; Project Management Services; and Conveyor/Structural Steel Health Assessments.	Detailers, Engineering Consulting	<a href="https://www.4magnum.com/">https://www.4magnum.com/</a>

491	MARKO Metal Systems	With over 45 years of know-how in the segment, Marko has established itself as an industry providing solutions in metal systems for the construction market, which perform more than just the functions satisfactorily, but offer the end user, architects, construction companies, and distributor network, fast, economical and efficient processes. Exclusive manufacturer of the Roll-on metal roofing system and MARKO Joists, the Joist in Time system, the company has the ideal solution for small, medium, or large buildings.	Joists and Deck	<a href="https://www.markosys.com">https://www.markosys.com</a>
272	Maruichi Leavitt Pipe And Tube	Maruichi Leavitt Pipe and Tube is an industry leader, operating four tube mills, with one of the broadest size ranges of structural (ASTM A500) tube, mechanical (ASTM A513) tube, standard pipe (ASTM A53) and automotive (JIS G3445) in the industry. Based in Chicago, IL.	HSS Manufacturers	<a href="http://www.maruichi-leavitt.com">http://www.maruichi-leavitt.com</a>
700	Max Weiss Co., LLC	Our unique structural rolling/forming process and skilled craftsmen provide exceptional quality and tight radius bending with very minimal distortion or marring. We have the capability of rolling and forming a wide variety of sizes of structural steel sections and tubing easy way, hard way, and off-axis to accommodate the most difficult and unique projects. We also offer many value-added fabrication services including splitting, notching, straightening, trimming, drilling, certified welding and much more.	Bender/Roller	<a href="http://www.maxweiss.com">http://www.maxweiss.com</a>
569	McLaren, a Division of KCI	As the Northeast Division of KCI, McLaren is a leading full-service engineering firm renowned for its trusted, high quality, and innovative approach to solving complex challenges. With industry experts in multiple technical disciplines, our team provides customized solutions for projects through consultation, design, inspection, and construction management. We address every project's specific needs with technical excellence and creative innovation.	Detailers, Engineering Consulting	<a href="http://www.mgmclaren.com">http://www.mgmclaren.com</a>
1083	Messer Cutting Systems	Messer Cutting Systems is a global supplier of cutting solutions for the metal-working industry. With our reliable cutting innovations & technologies, superior service, and intelligent software solutions, we are setting standards of solutions, services, and support worldwide. As the leader in the thermal cutting industry, we are working on smarter, faster, and more reliable solutions as an added value for our customers. This is what motivates our nearly 1,000 experienced employees in five main locations every day. Messer Cutting Systems is actively supporting our customers in more than 50 countries.	Marking and Traceability, Software, Stationary Fabrication Equipment, Structural Systems and Components	<a href="https://us.messer-cutting.com">https://us.messer-cutting.com</a>
727	Metals USA	Metals USA is America's preeminent steel service center. Steel consumers across numerous industries trust and rely on Metals USA for all of their stock and processed steel requirements. Metals USA boasts an extensive inventory and state-of-the-art processing capabilities which includes plate burning/drilling, blasting & painting, press brake forming, plate rolling, tee splitting, cambering, de-flanging, angle punching/slotting, structural rolling, and much more. Learn more about our wide range of product offerings to find out how we can help you achieve greater bottom-line results and how Metals USA is "Building America's Future".	Steel Service Centers	<a href="http://www.metalsusa.com">http://www.metalsusa.com</a>
771	MetFin Shotblast Systems	MetFin Shotblast Systems is a 40+ year old American manufacturer of industry leading, heavy-duty, automated shotblast equipment. Built on a lead team having hundreds of years of combined experience, we meet the unique production requirements of each customer by providing flexible and innovative solutions. MetFin tailors systems to integrate seamlessly into new or existing operations and provide years of dependable service in this demanding industrial environment. We take pride in building durable, easy-to-maintain blast equipment with a focus on our customers' long term satisfaction.	Other, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.metfin.com">http://www.metfin.com</a>

533	Meyer Borgman Johnson	Meyer Borgman Johnson (MBJ) provides PE licensed steel connection design, connected model delivery, erection engineering, stair & rail engineering, and related services to the structural steel community. We have one of the largest connection teams servicing the US and Canadian markets. Providing consistent quality services, economic solutions and timely results are our top priorities. These services are a subset of our broad structural engineering services for the built environment. We have 80+ structural engineers and are licensed throughout the US and Canada.	Engineering Consulting	<a href="http://www.mbjeng.com">http://www.mbjeng.com</a>
1054	Mid Atlantic Global	At Mid Atlantic Global, we live and breathe fabrication technology. That's just one of the reasons businesses who process metal to make parts and products turn to us when they need new equipment. Our team has decades of experience working with small job shops and international manufacturers alike, and can specify, design, procure and install the perfect machine for just about any application.	Structural Systems and Components	<a href="http://www.midatlanticglobal.com">http://www.midatlanticglobal.com</a>
469	Miller Electric Mfg LLC	Miller® is about building things that matter. We lead the welding industry in building advanced, solution-focused products and meeting crucial needs for welding safety and health. We're about the partnership and the work. Our products are designed with our users for manufacturing, fabrication, construction, aviation, motorsports, education, agriculture and marine applications. Miller Electric Mfg. LLC, is headquartered in Appleton, Wisconsin, and wholly owned by Illinois Tool Works (NYSE: ITW). The company maintains its industry leadership by setting the standard for reliability, quality and responsiveness. Our tagline, "The Power of Blue®"	Welding and Stud Material	<a href="http://www.millerwelds.com">http://www.millerwelds.com</a>
605	Miner Grating Systems, a Powerbrace Company	Miner Grating Systems is North America's leading manufacturer and fabricator of grating products. Our lines consist of bar grating (Premier Grate), diamond safety grating (Premier Diamond), and round hole safety grating (Premier Grip). Our mission is to provide the highest quality grating products and be the most cost effective solution provider. We welcome the opportunity to partner on any projects requiring grating for steps, platforms, or walkways for use on OEM equipment or in plant maintenance.	Grating and Grating Fasteners	<a href="http://www.minergrating.com">http://www.minergrating.com</a>
221	MOLD-TEK Technologies Inc.	Mold-Tek Technologies, Inc. is a part of a 100 million group and stands as one of the foremost Engineering and Technology solutions partners for major players in the market. Our core expertise lies in delivering Structural Steel Detailing and Engineering services, as well as Connection Design Certification and Sealing with BIM Coordination for Steel Fabricators across the USA and Canada. Adhering to ISO9001:2015 certification quality processes, We have consistently fostered enduring partnerships with our clients since our establishment. Our commitment is reflected in substantial internal investments in software development, QC and training.	Detailers, Engineering Consulting	<a href="http://www.moldtekengineering.com">http://www.moldtekengineering.com</a>
1401	NASCC Exhibit Sales	NASCC: The Steel Conference is an affordable and easy way to reach your target customer. As an exhibitor, you can count on The Steel Conference to deliver more than 6,000 industry professionals; more than any other industry event of its kind. The Steel Conference exhibit hall is your chance to personally interact with key decision-makers in the structural steel industry. When it comes to steel design and construction, these key industry players come to find out what's new, who's got it, and how it can work for them. Don't be left out. Join other top suppliers and manufacturers today!	Other	<a href="http://www.aisc.org/nascc/exhibit">http://www.aisc.org/nascc/exhibit</a>
K12	National Institute of Steel Detailing, Inc.	The National Institute of Steel Detailing (NISD) is an international association that advocates, promotes and serves the interests of the steel detailing industry. We are comprised of company owners and professionals in the steel industry and offer membership to steel detailing firms and associated companies and individuals. By fostering a professional approach to business and advocating improved quality through member networking, education and	Detailers	<a href="http://www.nisd.org">http://www.nisd.org</a>

		certification, our members are highly regarded by fabricators, architects, engineers and contractors.		
189	National Steel Bridge Alliance	The National Steel Bridge Alliance (NSBA), a division of AISC, is a national, non-profit organization dedicated to the advancement of steel bridge design and construction. NSBA functions as the voice of the bridge fabricators and steel mills while also partnering with the bridge design and construction community. NSBA's partners include AASHTO, FHWA, state DOTs, design consultants, contractors, and academia. With these resources, NSBA is uniquely positioned to find solutions to the toughest bridge challenges, including those related to cost, sustainability, and performance.	Bridge Components and Systems, Other	<a href="http://www.aisc.org/nsba">http://www.aisc.org/nsba</a>
325	New Millennium	Control project costs, enhance project performance and ensure project success with New Millennium. From steel joists and joist girders to steel roof and floor deck, we engineer and manufacture cost-efficient, high-performance building solutions for a range of commercial applications. Our specialists assist you in specifying and engineering the steel joists and steel deck best suited for your project, whether it's in the education, multi-family, multi-story office, warehouse or large-venue market. With manufacturing facilities across North America, we're built for collaborative, expedited project delivery.	Detailers, Engineering Consulting, Joists and Deck, Structural Systems and Components	<a href="http://www.newmill.com">http://www.newmill.com</a>
761	New Millennium	Control project costs, enhance project performance and ensure project success with New Millennium. 573	Nexus Steel Detailing, Inc.	Nexus, with a highly experienced staff, provides connection design & steel detailing services for industrial and commercial steel structural projects. Detailing services include 3D modeling using Trimble Tekla software, generation of erection drawings, detail drawings, gather sheets, NC, DXF, KSS, EJE, SDNF IFC files and customized reports per customer requirements. Connection Design Services include design of connections per AISC standards in ASD or LRFD. We have the capability to design all connection types and the expertise to produce unique and complex designs in Excel or Mathcad. We maintain PE licensure in several states in the US.	Detailers, Structural Systems and Components	<a href="https://www.nexus-es.com">https://www.nexus-es.com</a>
732	Nitto Kohki U.S.A., Inc.	We manufacture the automatic feed magnetic base drills that self-regulate feed speed for optimum cutting with a number of safety features. These machines with JetBroach carbide-tipped cutters can significantly increase production while reducing labor hours and hazardous work. We also manufacture many other metalworking tools including portable Hydraulic Punches, Bevelers, Pneumatic and Electric power tools.	Other	<a href="http://www.nittokohki.com">http://www.nittokohki.com</a>
486	North Shore Steel	North Shore Steel is a leading metal service center based in Houston, Texas. The company specializes in a wide range of structural steel and metal processing services, including steel plate rolling, forming, burning, structural steel processing, CNC machining, and welding. With a commitment to precision, reliability, and value, North Shore Steel ensures the highest quality standards through ISO 9001:2015-certified processes. The company serves various industries, including aerospace, military, oil and gas, commercial and offshore fabrication, heat exchangers, mining, pressure vessels, and refinery and chemical plants.	Steel Service Centers	<a href="https://nssco.com">https://nssco.com</a>

101	Nucor - Beam Mill Group	Nucor has two beam steel mills: Nucor-Yamato Steel Company in Blytheville, Arkansas and Nucor Steel Berkeley in Huger, South Carolina. Both mills manufacture a wide range of structural steel shapes, H-piles , sheet piling, angles and channels. The Nucor-Yamato mill is the only domestic producer of Aeos™ ASTM A913 high-strength structural steel.	Mills	<a href="http://www.nucoryamato.com">http://www.nucoryamato.com</a>

1183	Nuwave Laser Cleaning	Laser cleaning is a non-contact method of removing surface contaminants, such as rust, dirt, dust, and oxidation, from a variety of materials. It uses a focused beam of light energy to vaporize and remove the contaminants without causing damage to the underlying substrate. Laser cleaning does not produce any chemical waste, making it an environmentally friendly option. One of the main benefits of laser cleaning is that it is highly precise and can target specific areas without affecting surrounding areas. Additionally, it is a fast and efficient process that can save time and labor costs compared to traditional cleaning methods.	Hand Tools/Portable Equipment and Accessories, Marking and Traceability, Other	<a href="https://www.nuwave laser.com">https://www.nuwave laser.com</a>

523	Oates Metal Deck & Building Products, Inc.	Oates Metal Deck is a stocking distributor of SDI Manufactured Steel Roof Deck and Composite/Non-Composite Floor Deck. We offer expedited Lead Times for supplying jobs all over the country as we have most profiles in stock in various gauges and lengths and can cut to size, organize logistics, and have projects detailed to avoid unnecessary waste. We also stock and distribute accessories such as Fasteners, Weld Washers, Cell Closure, Pour Stop, Girder Filler, etc.	Joists and Deck	<a href="https://oatesmetaldeck.com/">https://oatesmetaldeck.com/</a>
1121	Ocean Machinery, Inc.	Ocean Machinery offers versatile and affordable solutions for the small to medium fabricator. Including: * OCEAN AVENGER & AVENGER PLUS - the world's best-selling CNC beam drill lines * OCEAN CLIPPER II - the most compact CNC angle line * OCEAN LIBERATOR - the most affordable CNC beam coping machine * OCEAN BLASTER - the smallest footprint shot blasting solution * OCEAN CHALLENGER - a compact, automated welding robot. * OCEAN SLINGER - the most compact & affordable beam weld positioner/rotator. Plus, several other game changing solutions that improve the efficiency & profitability of fabricators worldwide!	Stationary Fabrication Equipment	<a href="https://www.oceanmachinery.com">https://www.oceanmachinery.com</a>
625	Ohio Gratings, Inc.	Ohio Gratings is a leading manufacturer of aluminum, carbon, and stainless-steel bar grating products—all proudly made in the USA. We deliver a blend of artistry, safety and innovation that's unmatched. From design and manufacturing to custom fabrication, our grating experts partner with you to find the complete solution to meet your needs. Our Traction Safety Products—ALGRIP® and OnGrip® provide increased traction on grating and metal flooring applications meeting ADA and OSHA requirements. It's this search for the unexpected that helps us repeatedly surprise and satisfy customers, keeping them "A Step Ahead."	Grating and Grating Fasteners, Safety Equipment, Stairs/Railings and Miscellaneous Steel, Structural Systems and Components	<a href="http://www.ohiogratings.com">http://www.ohiogratings.com</a>
651	OpenBrIM Platform	Taking complexity out of digital/brim delivery! OpenBrIM is the world's first and only on-cloud, collaborative parametric information modeling platform that combines 3D modeling, FEA, CAD, code check, load rating, inspection, asset management and more in your web browser. Not only do we provide high ROI on resources by automation, reusability, and interoperability but we also provide flexibility by customized workflows and dedicated engineering support. Having industry-leading customers and the OpenBrIM community, we are the pioneers of digital transformation and innovation. Try for free in your web browser!	Software	<a href="https://openbrim.org">https://openbrim.org</a>
364	OTH Pioneer Rigging	Our remote controlled hooks are designed to enable working teams to release the rigging from a safe distance and perform more lifts in a workday.	Cranes and Lifts, Hand Tools/Portable Equipment and Accessories, Other, Safety Equipment	<a href="https://othrigging.com">https://othrigging.com</a>
357	Ovation Services LLC	Ovation Services is a leading provider of engineering services. Combining experience, technology and a client-centric approach, Ovation Services provides Structural Steel Detailing, Connection Design and BIM Services across the United States. The Acquisition of MMW, Inc. a detailing firm with over 30 years experience in the steel industry, gives Ovation Services a talented project management team to ensure a quality product. Strong leadership, global resources and US based checking uniquely qualify Ovation to be your preferred partner.	Detailers, Engineering Consulting, Software, Stairs/Railings and Miscellaneous Steel	<a href="http://www.4ovation.com">http://www.4ovation.com</a>
341	P2 Programs	P2 Programs means state of the art barcoding and tracking. We set the industry standard for quality barcoding and efficient tracking of structural steel from raw material receipt to erection on site. Employing P2 Programs' web-based product—STSX—you get instant, real-time information accessible from virtually any device. Since 1986, we've used Auto-ID technology to improve manufacturing process tracking. With our real-time update capabilities, we offer you the technological expertise and on-the-job	Bar Coding Systems and Equipment, Software	<a href="http://www.p2programs.com">http://www.p2programs.com</a>

		experience needed for an affordable and successful solution to the challenges of manufacturing operations.		
127	Pacific Stair Corporation	Pacific Stair Corporation, a leader in advanced stair system technology, has been located in Salem, Oregon for over thirty years. Pacific Stair develops, manufactures, and provides a stair system that meets or exceeds current international building codes. Our stair systems are engineered to make the most efficient use of materials and labor, reducing costs and improving delivery times. Our customers know that we care about their schedule and required delivery dates.	Stairs/Railings and Miscellaneous Steel, Structural Systems and Components	<a href="https://www.pacificstair.com">https://www.pacificstair.com</a>
721	Pan Gulf Technologies	Pan Gulf Technologies is an ISO 9001 : 2015 certified Multi-Disciplinary Engineering Solutions company with specialization in Structural & Miscellaneous Steel Detailing as well as Connection Design. As one of the top steel detailing companies globally, we use Tekla and SDS/2 (350+ licenses) to produce 3D models and detailed fabrication & erection drawings for Industrial, Commercial and Infrastructure projects worldwide. Our strengths: 5000+ Projects Delivered, size ranging from 50 - 50,000 Tonnes 600+ Expert Engineers 20+ Years of Proven Track Record 6 Offices / Delivery Centers across the Globe	Detailers, Engineering Consulting, Software	<a href="https://www.pangulftech.com">https://www.pangulftech.com</a>
711	Paramount Roll and Forming, Inc.	Celebrating 60 years of outstanding service and unparalleled capacity. Paramount Roll & Forming, Inc. specializes in the fields of Aerospace, Architectural, Commercial, Construction, Entertainment, Food, Industrial, Oil, Public Art, and Pharmaceutical. We also specialize in curved staircases including installation, heat induction bending, rolling for heavy plates, angles, tubes, pipes, and beams.	Bender/Roller	<a href="http://www.paramountroll.com">http://www.paramountroll.com</a>
901	Peddinghaus Corporation	Peddinghaus Corporation produces the toughest steel fabrication technology in the world. Every hand-assembled machine is the gold standard for what structural steel fabrication equipment should be. We understand that our machines are more than just a tool for our customers, it's the lifeblood of their company. We dedicate ourselves to working closely with fabricators throughout every step of their Peddinghaus experience - because when they succeed, we succeed together.	Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.peddinghaus.com">www.peddinghaus.com</a>
1273	Pioneer Machine Sales	Pioneer Machine Sales represents the global leaders in metals fabrication and machining for manufacturing processes. We distribute machinery in Texas, Arkansas, Louisiana, and Oklahoma. With more than 20 years of experience in custom metal fabrication, our goal is to offer the newest innovations in machinery and manufacturing practices from around the world with the highest quality and lowest cost per part. We offer top of the line brands from world class leaders in the industry, specializing in all types of products, from small scale to large production manufacturing facilities.	Stationary Fabrication Equipment	<a href="http://www.pioneermachinesales.com">www.pioneermachinesales.com</a>
162	Portland Bolt & Manufacturing Company	Portland Bolt is a manufacturer and distributor of anchor bolts and construction fasteners. Established in 1912, Portland Bolt manufactures and galvanizes a variety of large, nonstandard fasteners in both the Portland, OR and North Augusta, SC locations. The 137,000-square-foot Portland, OR facility offers bolt manufacturing, plasma plate processing, and in-house hot-dip galvanizing. We are in the process of adding equipment to enhance the manufacturing capabilities of our new Southeast location. We offer short lead times, on-time deliveries, quality products, and outstanding service provided by an experienced sales team.	Bolting and Anchoring Systems, Galvanizers	<a href="https://www.portlandbolt.com/">https://www.portlandbolt.com/</a>

689	Power of Design Group, LLC	Power of Design Group, LLC (POD) is a consulting engineering firm supporting the private and public sectors. Our team of engineers and professionals design, analyze, and maintain new and existing infrastructure. We design retrofits to steel and reinforced concrete systems nationwide and have experience in the analysis of truss and moment frame structures. POD is also involved in connection detailing, fabrication review, and building design and alterations.	Engineering Consulting	<a href="http://www.podgrp.com">http://www.podgrp.com</a>
527	PPG Protective & Marine Coatings	PPG delivers protective coating solutions for a wide range of industries. Whether our customers need proven protection from corrosion, high temperatures and fire or want to ensure durability and aesthetic performance that will protect valuable assets, we have the advanced coating systems that can meet the specific needs of any environment.	Coatings and Fire Protection	<a href="http://www.ppgpmc.com">http://www.ppgpmc.com</a>
982	Precision Steel Systems	Precision Steel Systems would like to introduce the PLS-624. A miscellaneous metal layout table for quick and accurate layout for railings, ladders, stair stringers, and more. With its ergonomic design for workers, simple programming, and economic price point, the PLS-624 will show quick return on investment for any shop looking for alternatives to making up for the skilled labor shortage.	Stationary Fabrication Equipment	<a href="http://www.precisionsteelsystems.com">http://www.precisionsteelsystems.com</a>
847	Prodevco Robotic Solutions Inc.	Prodevco Robotic Solutions offers Advanced Robotic Plasma Steel Cutting systems. There are three models the PCR42, PCR41 and PCR 31 that will process standard structural steel profiles, and round tubes from 4 to 26", cuts copes, notches, holes and weld preps, splits beams, and scribes and marks on all four faces of H-beams, channels, angles, HSS and plates using automated robotic technology. All-in-one system reduces fabrication time, manpower and materials to meet everyone's goal: lower manufacturing costs.	Software, Stationary Fabrication Equipment	<a href="http://www.prodevcoind.com">http://www.prodevcoind.com</a>
285	Project + Quality Solutions	At any stage of a project, PQS represents the project owner, contractor and fabricator to provide 3rd party representation, interpret project specifications, deliver reasonable solutions, maintain project schedule, train and certify personnel, provide expert witness services and maintain project schedule. For quality assurance, process planning and evaluation, quality control inspections, project management and engineering, count on industry experts from PQS. We offer scalable resources, value engineering, project management/Engineering, nondestructive testing and dispute resolution.	Materials/Engineering/Testing and Inspection	<a href="http://www.projectqualitysolutions.com">http://www.projectqualitysolutions.com</a>
401	Qnect LLC	Qnect partners with project teams to create early connected steel models. These early connected models contain more information than typical 3D models used for bidding. The supplemental information in an early connected model results in lower and tighter bids, helps reduce project schedules and cost overruns, and ultimately aids in expediting the process of designing, fabricating and erecting structural steel. To learn more about how structural steel project teams use Qnect, please visit: <a href="https://www.qnect.com/customer-success-stories">https://www.qnect.com/customer-success-stories</a>	Detailers, Engineering Consulting, Other, Software	<a href="http://www.qnect.com">http://www.qnect.com</a>
525	Qualis Solutions, LLC	The team at Qualis Solutions has over 30 years' experience detailing structures throughout the US using AISC standards. Over the years, we've created drawings for a wide range of projects including office buildings, hospitals, schools, warehouses and airports. Qualis is best known for our focus on miscellaneous metal detailing. Our team of 18 detailers have mastered the art of stairs, railing, canopies, balconies and many other miscellaneous designs. You'll find us easy to work with and a reliable part of your project.	Detailers	<a href="http://www.qualissolutions.com">http://www.qualissolutions.com</a>

860	Qubatic Steel Detailing LLC	Qubatic is a progressive firm offering comprehensive Steel Detailing, Connection Design, Estimation and BIM Modelling services. We recognize the importance of delivering great value and experience to our clients in every project. To meet these performance standards, we have worked hard over these 12 years to develop a technical expert team of Engineers & Detailers along with the cutting-edge technology required for modern-day needs with all required infrastructure in a spacious office space. Qubatic is an ISO 9001:2015 certified by TUV and an Associate member of AISC and NISD.	Detailers, Engineering Consulting	<a href="http://www.qubatic.com">http://www.qubatic.com</a>
623	R.J. Watson, Inc.	R. J. Watson, Inc. delivers a diverse and custom range of products and services to customers around the world, providing high load, multi-rotational bearings, seismic isolation devices, and expansion joint systems to the bridge, highway and heavy construction industry.	Bridge Components and Systems	<a href="http://www.rjwatson.com">http://www.rjwatson.com</a>
277	Raken	Raken streamlines field operations and provides jobsite data in real time. Built for the field, our mobile and web apps are easy to use, so field crews document progress and keep the office updated—no extra effort or training required. Increase communication and project visibility with daily reports, time cards, production tracking, toolbox talks, safety & quality checklists, and more. Trusted by more than 39,000 contractors including Level 10 Construction, J.W. Danforth, Sundt, and Opus Mechanical.	Software	<a href="https://www.rakenapp.com">https://www.rakenapp.com</a>
380	RBC Lubron Bearing Systems Inc.	We design and custom manufacture self-lubricating bearings for demanding applications and tough operating conditions. Our products are used in some of the largest projects and most critical applications on the planet, including: power generation, bridge building, subsea oil production, missile defense systems, and earthquake seismic isolation.	Bridge Components and Systems	<a href="https://www.rbclubron.com">https://www.rbclubron.com</a>
382	Red Cedar Steel	We build our people, our future, and our world by erecting steel Nationwide.	Erectors	<a href="https://www.redcedarsteel.com">https://www.redcedarsteel.com</a>
K19	Research Council on Structural Connections	The Research Council on Structural Connections (RCSC) advances the science and technology of bolted structural connections in steel construction. It develops specifications and guidelines for the design, fabrication, and installation of these connections, prioritizing safety, reliability, and efficiency. RCSC brings together engineers, researchers, and industry professionals to tackle challenges, promote innovation, and support education and research. Its work is widely recognized, shaping codes and practices in the construction and engineering industries globally.	Bolting and Anchoring Systems, Other	<a href="http://www.boltcouncil.org">http://www.boltcouncil.org</a>
211	RISA	RISA has been developing leading-edge structural design and optimization software for over 30 years. Our products are used by 24 of the top 25 US design firms in over 70 countries around the world for towers, skyscrapers, airports, stadiums, petrochemical facilities, bridges, roller coasters and everything in between. The seamless integration of RISAFloor, RISA-3D, RISAFoundation and RISAConnection creates a powerful, versatile and intuitive structural design environment, ready to tackle almost any design challenge.	Software	<a href="http://www.risa.com">http://www.risa.com</a>
139	Rolling Plains Construction, Inc.	Founded in 1984, we are the largest fireproofing contractor in the nation. We specialize in Intumescent Fireproofing, Spray Applied Fireproofing, Shop Applied Fireproofing, Shop Applied Coatings, Lightweight Insulated Concrete Roofing, Gypsum Underlayment, Spray Foam Insulation, Spray Applied Insulation, and Firestopping. Our array of services is available in all 50 states of the US as well as worldwide. Our company has over 700 employees across offices in Phoenix, AZ, Denver, CO, Dallas, TX, and Tampa, FL. Our bond limit is \$700mm, and our EMR stands at .63. Our depth and breadth of expertise are unparalleled in the fireproofing industry.	Coatings and Fire Protection	<a href="https://www.rollingplains.com/">https://www.rollingplains.com/</a>

378	SCHULLER&Company	Since 1983 bocad, now part of SCHULLER&Company branded as SC bocad, has been setting standards in steel construction and supports companies in the building industry on their journey towards digitalization. It is used by renowned companies worldwide, with over 500,000 successfully completed projects. SC bocad is a leading detailing software. It includes 3D and 2D modeling as well as highly modulated deliverables creation. Our customers highlight efficiency and reduced rework on a regular basis. SCHULLER&Company is a proud member of AISC and NISD. We are looking forward to presenting our latest pioneering version of SC bocad 2025.	Detailers, Software, Stairs/Railings and Miscellaneous Steel, Structural Systems and Components	<a href="https://www.bocad.com">https://www.bocad.com</a>
311	SDS2 by ALLPLAN	SDS2 is a leading provider of steel design software. A product of ALLPLAN, we support steel projects in the BIM cycle from design to construction and empower our users to deliver at the highest levels of quality and efficiency.	Detailers, Software	<a href="http://www.sds2.com">http://www.sds2.com</a>
K17	SE Careers	Unique Job Posting and Career Site for Structural Engineers	Career Services	<a href="https://www.secareers.us">https://www.secareers.us</a>
788	Seismic Bracing Company	We are makers of Buckling Restrained Brace (BRBs). The state of the art braces for bracing buildings and other structures during earthquakes. As the name implies, BRBs do not buckle. They smash and stretch axially absorbing seismic energy. We have patented a simple, easy and repeatable methods to manufacture BRBs, which brings better value to projects. Our methods have been fully tested and exceed governing building code requirements. All our projects to date have been a great success for our clients and us.	Structural Systems and Components	<a href="https://www.thesbcllc.com/">https://www.thesbcllc.com/</a>
647	Serviacero USA	At Serviacero USA we specialize in manufacturing steel bar grating, as well as round, square, and rectangular tubing. We provide cutting and welding services for bar grating used in light and heavy traffic, perimeter fences, architectural elements, and stair treads across various sectors. As active members of the NAAMM, we adhere to manufacturing standards and innovate in engineering designs. Our high-precision services for tubular products, including High Precision Tubing Cut-to-Length, High Precision Electronic Tube Bending, and Laser Cutting, underscore our commitment to delivering superior results on every project.	Grating and Grating Fasteners, HSS Manufacturers, Steel Service Centers, Structural Systems and Components	<a href="https://www.serviacero.com">https://www.serviacero.com</a>
759	Service Steel Warehouse	Service Steel Warehouse is a full-service, independent, structural carbon steel distributor serving customers in the United States and internationally. Located next to the Houston Ship Channel with rail access to the Port of Houston and the mainland, Service Steel uses its efficient transportation system to ship steel around the globe. Our expansive inventory, competitive pricing, and intense commitment to customer satisfaction form the foundation of our growth as an industry leader since 1965. By focusing on our customers' individualized steel needs, we provide them with high-quality products and services at a competitive price.	Steel Service Centers	<a href="https://www.servicesteel.org/">https://www.servicesteel.org/</a>
274	SERVO-ROBOT	SERVO-ROBOT is the leading manufacturer of 3D robot-vision systems and software dedicated to real-time intelligent control and monitoring of industrial robots. We provide reliable, innovative, high-performance products that are adapted to customers' specific welding applications and needs, and we support them with superior customer service. SERVO-ROBOT's systems are designed to perform 3D joint tracking, joint finding, robotic weld inspection, intelligent process control and monitoring in applications such as robotic arc and laser welding, laser brazing and robotic dispensing in various fields.	Other	<a href="http://www.servorobot.com/">http://www.servorobot.com/</a>

K17	SEU by SE Solutions, LLC	SEU helps structural engineers get high quality continuing education via web seminars in a format that is economical and easy to use. Every subscription includes access to both live sessions, as well as past session recordings through the SEU Learning Portal. In addition, subscribers get access to the "EIT Ramp Up" series to help younger engineers become productive faster. Provide the benefit of ongoing education to your engineers by participating in SEU!	Other	<a href="http://www.LearnWithSEU.com">http://www.LearnWithSEU.com</a>
638	Shandong Hanpu Machinery Industrial Co., LTD	China's most professional Electric Torque wrench and Shear wrench manufacturer. Accept customized production. Newly products keep on the way.	Bolting and Anchoring Systems, Hand Tools/Portable Equipment and Accessories	<a href="https://www.hanpuindustrial.com/">https://www.hanpuindustrial.com/</a>
601	Sherwin-Williams Protective and Marine	Sherwin-Williams Protective & Marine coatings are ideal for shop application and available through its over 4,700 distribution locations. Our Sherwin-Williams NACE and AMPP-certified corrosion experts ensure that your projects use technologies that reduce the critical planned timeline and achieves its expected service life. For more information, contact us at <a href="mailto:swprotective@sherwin.com">swprotective@sherwin.com</a> .	Coatings and Fire Protection	<a href="http://protective.sherwin.com">http://protective.sherwin.com</a>
265	Shop Data Systems, Inc.	Shop Data Systems (SDS) has been servicing the steel fabrication industry for more than 30 plus years with CAD/CAM software solutions. The system will import flat plate components directly from your structural design software. System features: imports file-embedded quantity and material; import multiple files in seconds; import DSTV or DXF files; machine tool paths are applied automatically; tools with or without piece mark; automatic shape nesting; chain cutting; common line cutting; automatic plate trim; personalized training and support; and remnant inventory tracking.	Software	<a href="http://www.shopdata.com">http://www.shopdata.com</a>
K16	Short Span Steel Bridge Alliance	The Short Span Steel Bridge Alliance (SSSBA) is a group of bridge and buried soil steel structure industry leaders who have joined together to provide educational information on the design and construction of short span steel bridges in installations up to 140 feet in length.	Bridge Components and Systems	<a href="https://www.shortspansteelbridges.org">https://www.shortspansteelbridges.org</a>
117	SidePlate / MiTek	SidePlate™ Connection Designs and engineering services are now part of the MiTek® portfolio of solutions. MiTek is a platform innovator and enabler that exists to transform the building industry with better building solutions. Our software, services, engineered products, and automation enable our customers and partners to transform the way they design, make, and build. SidePlate Connection Designs put steel where a building needs it to reduce the overall tonnage, minimize required connections, and accelerate erection times.	Engineering Consulting, Structural Systems and Components	<a href="http://www.mii.com">http://www.mii.com</a>
441	Simpson Strong-Tie Co.	Simpson Strong-Tie, one of the largest suppliers of structural building products and technology in the world, is dedicated to helping build safer and stronger structures. We offer the commercial steel industry a suite of products backed by research, development, and rigorous testing, combined with our software offerings and services. Visit us <a href="http://www.strongtie.com">www.strongtie.com</a> .	Other, Software, Structural Systems and Components	<a href="http://www.strongtie.com">http://www.strongtie.com</a>
521	SketchDeck.ai	Complete your steel takeoffs in minutes, not hours, with our AI-powered, cloud-based material counting software. We help structural steel estimating teams save time, reduce errors, and significantly increase their bidding capacity by automating your manual and repetitive workflows. Try it for free on your next bid by booking a demo with us at <a href="http://sketchdeck.ai">sketchdeck.ai</a>	Software	<a href="https://www.sketchdeck.ai/">https://www.sketchdeck.ai/</a>
557	Skidmore-Wilhelm	For more than 70 years, Skidmore Wilhelm been the standard tool to verify bolting methods (pre-installation verification). Recently we have developed an online training program to save time and help Ironworkers to safely do their jobs. Please visit our training site at <a href="http://www.skidmore-training.com">www.skidmore-training.com</a> . We are also the world's leading supplier of devices to test impact wrenches.	Safety Equipment	<a href="http://www.skidmore-wilhelm.com">http://www.skidmore-wilhelm.com</a>

591	SkyCiv Engineering	SkyCiv helps engineers and businesses design and analyze structures easily with powerful tools you can access from any browser. No IT setup and minimal learning curve, so your team can get started right away with no downtime. With most tools you need in one place, switching between software is no longer necessary, making it quicker for you to clear engineering bottlenecks and get work done. Our pricing is flexible and cost-effective, designed to grow with your team. You can easily add seats or customize plans to pay only for what you need. Simply reach out to us! Get a free trial at <a href="http://skyciv.com">skyciv.com</a> and see how we transform your workflow	Software	<a href="http://skyciv.com">http://skyciv.com</a>
878	Soitaab USA Inc	Since 1938, Soitaab has been a world leader in the manufacture of CNC Plasma , flame , Laser and Water Jet cutting machines. Soitaab's equipment offerings range from simple plug-and-play machines to highly engineered all-in-one heavy fabrication lines. Our machines can be equipped with several accessories such as drilling and taping units, surface and hole milling, bevel heads for welding prep, countersinking, marking, pipe and dome cutting, sophisticated handling systems and many others.	Grating and Grating Fasteners, Marking and Traceability, Stationary Fabrication Equipment, Steel Service Centers	<a href="http://www.soitaabusa.com">http://www.soitaabusa.com</a>
537	South Atlantic Galvanizing	We provide hot dip galvanizing per ASTM A123 to Fabricators and OEMs all over the country. We have nine strategically located galvanizing plants throughout the south east US. Please make an appointment, or look at our brochure to learn more.	Galvanizers	<a href="http://www.southatlanticllc.com">http://www.southatlanticllc.com</a>
501	St. Louis Screw & Bolt	Selling direct to structural steel fabricators, St. Louis Screw & Bolt is one of the oldest structural bolt manufacturers in the USA. Specializing in ASTM F3125 heavy hex & tension control structural bolts in grades A325/F1852/120ksi & A490/F2280/150ksi, types I and III, plain, mechanically galvanized, hot dip galvanized, F1136 & F2833 coatings. St. Louis Screw & Bolt also has a very large inventory of other construction fasteners including anchor bolts, weld studs, & concrete anchors just to name a few.	Bolting and Anchoring Systems	<a href="http://slbolt.com">http://slbolt.com</a>
462	Stainless Structural	Stainless Structural is a global producer and supplier of sharp cornered stainless steel and carbon steel structural shapes and special custom profiles. Our standard stainless steel sections replicate the dimensions of the A6 carbon steel platform. Through a multitude of production technologies, including laser welding and extruding, we continue to be a world leader in stainless steel structural shapes and steel profiles. Our value added services include customizations, fabrication, polishing, and more. No matter the size and scope of your project, we can provide the best steel solutions for your project's designs and demands.	Mills	<a href="http://www.stainless-structurals.com">http://www.stainless-structurals.com</a>
444	Steel and Pipe Supply	Steel and Pipe Supply Company, Inc. distributes high-quality carbon steel to customers across the Midwest. We keep a large inventory in multiple warehouses, provide value-added processing services, and maintain a strong distribution network - all to help our customers get the steel they need quickly, efficiently, and at a competitive price. We have warehouses and processing facilities optimally located in and around: Houston, TX. Longview, TX. Tulsa, OK. St. Louis, MO. Kansas City, KS.	Steel Service Centers	<a href="http://www.SteelAndPipe.com">http://www.SteelAndPipe.com</a>
385	Steel Deck Institute	Founded in 1939, the Steel Deck Institute (SDI) is a trade association representing steel deck manufacturers and those manufacturing products used in conjunction with steel deck. The SDI actively publishes design manuals, develops standards for steel roof and floor deck, offers website tools, provides an industry standard EPD, offers educational opportunities, and supports research related to steel deck. Our most recent publications are the 2022 ANSI Standards. These include the new and combined ANSI/SDI SD-2022, and the renewed ANSI/SDI T-CD-2022 and ANSI/SDI QA/QC-2022. Download at <a href="http://www.sdi.org">www.sdi.org</a> .	Joists and Deck, Structural Systems and Components	<a href="http://www.sdi.org">http://www.sdi.org</a>

317	Steel Dynamics Long Products Group	Steel Dynamics, Inc. is one of the largest domestic steel producers and metals recyclers in the United States based on estimated annual steelmaking and metals recycling capability, with facilities located throughout the United States and in Mexico. Steel Dynamics produces steel products, including hot roll, cold roll, and coated sheet steel, structural steel beams and shapes, rail, engineered special-bar-quality steel, cold finished steel, merchant bar products, specialty steel sections and steel joists and deck.	Mills	<a href="https://lpg.steeldynamics.com/">https://lpg.steeldynamics.com/</a>
746	Steel Erectors Association of America	The Steel Erectors Association of America (SEAA) is dedicated to advancing the common interests and needs of all engaged in building with steel. Objectives include the promotion of safety, education and training programs for steel erector trades; development and promotion of standards; and cooperation with others in activities which impact the commercial construction business. SEAA develops strategic partnerships and works closely with industry groups to provide members with industry representation steel design, engineering, fabrication, labor, safety, and training groups.	Other	<a href="http://www.seaa.net">http://www.seaa.net</a>
1369	Steel Founders' Society of America	SFSA, akin to AISC, is a technical association. Members of SFSA are steel foundries that supply a range of cast steel products for demanding environments such as railroad, mining, construction, military, and nuclear. SFSA can assist you in utilizing steel castings for building construction. Steel castings offer performance, aesthetics, design freedom, and green manufacturing. SFSA leads the Steel Performance Initiative (SPI) program, a collaborative structure of steelmakers (mills, forge, cast), researchers, and end-users to advance steel technology development for commercial and defense applications.	Engineering Consulting, HSS Manufacturers, Materials/Engineering/Testing and Inspection, Steel Service Centers	<a href="http://www.sfsa.org">http://www.sfsa.org</a>
387	Steel Joist Institute	The Steel Joist Institute (SJI), a nonprofit organization of active joist manufacturers and other organizations and companies connected to the industry, was founded in 1928 to address the need for uniform joist standards within the industry. Today, the Institute continues to maintain the standards for steel joist construction. In addition, the SJI provides educational opportunities for construction professionals utilizing a library of printed publications and both live and recorded webinars. We also offer assistance in identifying existing joists in buildings undergoing retrofit.	Joists and Deck, Structural Systems and Components	<a href="http://www.steeljoist.org">http://www.steeljoist.org</a>
832	Steel Plate	Steel Plate Ohio is located in Streetsboro, OH, right outside of Cleveland, OH. This location offers (4) oxy-fuel machines, (1) plasma machines, and (6) overhead cranes with up to 35-ton capacity and the capability to burn plates up to 20" thick. Steel Plate Georgia currently offers (7) oxy-fuel machines, (1) plasma machine, (2) Quickmill Intimidators, (2) Quickmill Annihilators, 5 overhead cranes with up to 40 ton capacity, and railcar access. Our oxy-fuel machines offer table space ranging from 10' to 20' wide and up to 60' long, while our plasma machine offers a 24' by 83' table, making no job too big to handle!	Other, Steel Service Centers	<a href="http://www.steelplate.us">http://www.steelplate.us</a>
262	Steel Plus Network	Steel Plus Network has traditionally organized meetings for members to provide opportunities for improvement to each of their operations through educational presentations, motivational messages, and industry expert reports. These meetings also fulfill our mission to coordinate our purchasing programs and networking opportunities. The regional meetings conducted by SPN along with the Annual General Meeting are deemed vital to the health and welfare of SPN's members and are considered an integral part of our operation.	Other	<a href="http://www.steelplus.com">http://www.steelplus.com</a>

829	Steel Projects Corp	Steel Projects is a company that has been editing software solutions for steel fabricators since 1994. We offer a complete, digitalized and optimized management of steel fabricators' shop floors, including both CNC machines and manual workstations. Our main features include: project and production management, section and plate nesting, automatic CNC programming, live production monitoring, stock and purchasing management, and traceability management. Some of them are available on a dedicated Android mobile application. Today, our ambition is to remain one of the world leaders in the field.	Software	<a href="http://www.steelprojects.com">http://www.steelprojects.com</a>
535	Steel Tek Unlimited	Steel Tek Unlimited is a leading-edge company in the steel industry that specializes in customizing CAD programs and offers steel detailing to fit your needs. We are proud to say that all of our work is done in the USA with an experienced team of people from the Bridge, Industrial and Commercial industries who understand today's construction market.	Detailers, Software	<a href="http://www.steelteku.com">http://www.steelteku.com</a>
268	Steel Tube Institute	The Steel Tube Institute is the leading technical resource in North America for all steel tube / HSS products. STI's programs include continuing education, technical resources, technical assistance, and safety programs as we promote best practices in engineering design, environmental concerns, manufacturing techniques, industry safety, and the overall steel industry. Our main goal is to increase utilization of HSS and other tubular products in construction and other industries, and to reveal the wealth of possibilities afforded by designing with HSS.	Engineering Consulting, HSS Manufacturers, Structural Systems and Components	<a href="http://www.steeltubeinstitute.org">http://www.steeltubeinstitute.org</a>
690	Structural Bolt and Manufacturing, Inc.	Since 1985, Structural Bolt & Manufacturing has been providing the finest products and services in the structural fastener industry. We specialize in heavy construction fasteners and anchoring products for the structural steel industry.	Bolting and Anchoring Systems, Hand Tools/Portable Equipment and Accessories	<a href="http://www.structuralbolt.com">http://www.structuralbolt.com</a>
K18	Structural Engineering Institute of ASCE	Join more than 30,000 SEI members to advance your career and build the future of the structural engineering profession. Learn about the latest standards including ASCE 24 Flood Resistant Design and Construction, the upcoming Towards Zero Carbon Summit & Symposium, and ASCE AMPLIFY: Expanding Knowledge Into Practice - featuring interactive functionality that makes it easier to put ASCE standards into practice. <a href="http://amplify.asce.org">amplify.asce.org</a> Join or Renew your ASCE/SEI Membership Today! <a href="http://www.asce.org/SEIMembership">www.asce.org/SEIMembership</a> Students: Apply for Scholarship to Electrical Transmission & Substation Structures Conference September 14-18 in Dallas <a href="http://www.etsconference.org">www.etsconference.org</a>	Other	<a href="http://www.asce.org/SEI">http://www.asce.org/SEI</a>
181	Structural Stability Research Council	The Structural Stability Research Council is a technical organization that focuses on the state-of-the-art understanding of the impact of stability related issues on the analysis, design, and behavior of metal structures. SSRC is comprised of engineers, educators, and industry members with an interest in stability related issues.	Other	<a href="http://www.ssrcweb.org">http://www.ssrcweb.org</a>
373	Structures Online	Established in 2000, Structures Online (SOL) is the oldest AISC steel detailing and structural engineering firms operating out of India. At 700+ member strong, SOL is also one of the largest in the industry. Through our decades of experience, we have built up an unmatched wealth of knowledge capital. Our senior leadership has seen just about everything there is to see. And because of our high retention of top and experienced talent along with recording of all technical information to train new staff, that knowledge is preserved at SOL to be effectively utilized when the need arises.	Detailers	<a href="https://www.structures.online/">https://www.structures.online/</a>

405	STRUMIS LLC	STRUMIS LLC is the world's leading developer of steel fabrication management software. We offer the most comprehensive and powerful end-to-end solution available for fabricators globally, currently operating in over 70 countries. Our products include steel estimating, fabrication information and production management, as well as project collaboration tools. These tools work seamlessly with third-party software and have consistently transformed our customers' businesses within the structural steel construction supply chain. STRUMIS connects, streamlines, and simplifies all of your steel fabrication projects and resources.	Bar Coding Systems and Equipment, Marking and Traceability, Other, Software	<a href="http://www.strumis.com">http://www.strumis.com</a>
660	STRUZON TECHNOLOGIES Inc.	Struzon, a trusted structural steel detailing/engineering service partner to the construction industry and we are an organization that wears numerous caps. From being market pioneers of structural detailing, engineering, design, and research, to do well architectural results in both residential and industrial divisions, we are enlisting our company in different arenas.	Detailers	<a href="https://struzon.com/">https://struzon.com/</a>
801	Sugar Steel	Sugar Steel has been in business since 1966 serving our customers with exceptional service. Here at Sugar Steel we pride ourselves in our own ability to develop and establish long lasting partnerships with our customers. Our ability to save you time and money is something we pride ourselves on each and every day. Supplying stock material is easy and is what all service centers do daily. At Sugar Steel we can also supply stock material, but we believe in first stage processing. First stage processing has been the key to our continued growth and success since 1966. Sugar Steel is a subsidiary of Reliance, Inc. and a member of The Infra Group.	Steel Service Centers	<a href="http://www.sugarsteel.com">http://www.sugarsteel.com</a>
589	Sumter Coatings, Inc., an Ergon Company	Sumter Coatings is a manufacturer of premium industrial and specialty coatings, with a strong emphasis on corrosion resistant primers, intermediates and topcoats for structural and miscellaneous steel. Sumter Coatings is dedicated to producing coatings that protect, beautify, renew and extend the life of our customer's assets while meeting or exceeding the stringent specifications required by today's architects and engineers.	Coatings and Fire Protection	<a href="https://www.sumtercoatings.com">https://www.sumtercoatings.com</a>
751	Superior Glove	Superior Glove is a leading innovator in the design and manufacture of safety gloves and sleeves. Their products protect workers across the globe in many major industries, including construction, oil & gas, mining, and manufacturing.	Other	<a href="https://superiorglove.com">https://superiorglove.com</a>
369	Swisher Tools, LLC	We are a family owned company that specializes in innovative rigging tools for the steel industry. Our products are safer, and more efficient; making your project more profitable.	Cranes and Lifts, Erectors, Hand Tools/Portable Equipment and Accessories, Joists and Deck	<a href="http://www.swishertools.com">http://www.swishertools.com</a>
483	SY Stairs		Stairs/Railings and Miscellaneous Steel	<a href="http://www.systairs.com">http://www.systairs.com</a>
541	TDS Industrial Services Ltd.	TDS - where BETTER IS OUR STANDARD. TDS has been in the steel detailing business for over 40 years and continues to service our steel fabrication customers by providing exceptional value with certainty and confidence. Being an ISO 9001:2015 certified company we understand the need to manage and mitigate risks associated with offshore detailing and have developed a system and procedures to have 100% control over all aspects of projects. From the smallest misc projects to the heavy industrial, we have the team to do it all.	Detailers	<a href="http://www.tdsindustrial.com">http://www.tdsindustrial.com</a>
769	Team Detailing Solutions LLC	Team Detailing Solutions (TDS) specializes in Structural steel detailing, Connection design and Estimating over 18 years in business. We operate SDS2 & Tekla Structure, Autodesk, Descon, Mathcad (90+ Licenses) to produce 3D models and detailed fabrication & erection drawings for Industrial, Commercial and Infrastructure projects in AISC/CISC standards With a team of 180+ detailers, checkers & project managers. They are capable of	Detailers, Engineering Consulting, Joists and Deck, Stairs/Railings and Miscellaneous Steel	<a href="http://teamdetailing.com/">http://teamdetailing.com/</a>

		completing projects small/ large and complex structures. We provide connection/delegated misc design calculations with Certified American P.E. stamp.		
463	Techflow Inc.	Techflow Inc., based in Duluth GA, with support staff located in our offices in India, offers the best in 3D steel detailing, BIM coordination, connection design, pre-detailing setup and estimating. With project management/coordination in Duluth coupled with 400 detailers and checkers in India, we provide the best in US quality and competitive pricing, using Tekla, SDS/2 and BoCad. Techflow holds both AISC and NISD memberships, with NISD IDC-certified detailers on staff. Techflow is a QPP-certified company as recognized by the NISD ensuring quality detailing to your standards, on time.	Detailers, Stairs/Railings and Miscellaneous Steel	<a href="http://www.techflowengg.com">http://www.techflowengg.com</a>
1189	Tecoi USA	Tecoi is a globally recognized company specializing in designing and manufacturing advanced metal processing systems. We cater to industries like metal service centers, steel construction, and heavy steel fabrication. Our systems incorporate advanced technologies such as laser, oxyfuel, and plasma cutting, along with machining and milling, to achieve top productivity levels. We specialize in large format and customized solutions, providing unmatched productivity and innovation unique to Tecoi.	Other, Stationary Fabrication Equipment	<a href="https://tecoiusa.com">https://tecoiusa.com</a>
677	Tectonix Steel, Inc.	Tectonix Steel offers over 30 years of experience providing the highest quality steel detailing using the latest technology. We are an established detailing firm with the ability to handle virtually any size job. We specialize in structural and industrial projects ranging from 200 tons to 3000 tons.	Detailers	<a href="http://www.tectonixsteel.com">http://www.tectonixsteel.com</a>
561	Terracon Consultants, Inc.	Terracon's materials testing and inspection professionals are ready to journey with you and help you reach your goal. Since our founding in 1965, Terracon has become a thriving, employee-owned, multidiscipline engineering consulting firm. Our real-time data-driven insights and innovations create an unmatched client experience that spans the lifecycle of any project from earth to sky.	Engineering Consulting, Materials/Engineering/Testing and Inspection	<a href="http://www.terracon.com">http://www.terracon.com</a>
484	The Walsh Group	Founded in 1898, The Walsh Group is a fourth-generation family-owned business providing design, build, finance and operation services for a wide variety of construction projects. We are consistently listed among the largest contractors in the United States, operating out of 21 strategically located regional offices across North America. Since 2009, Walsh has been an AISC Certified Steel Erector with Bridge Endorsement. Walsh Kokosing is currently designing and will soon begin construction of the Brent Spence Bridge Corridor Project in Cincinnati. For more information on Brent Spence - <a href="https://www.walshkokosing.com/bsb">https://www.walshkokosing.com/bsb</a>	Erectors	<a href="http://www.walshgroup.com">http://www.walshgroup.com</a>
672	Threaded Fasteners, Inc.	Threaded Fasteners Inc. is 100% employee owned and specializes in the manufacturing, custom packaging and distribution of steel fasteners including A325 structural bolts, anchor bolts, nuts, washers, and more. Our manufacturing capabilities include bent anchor bolts, j bolts, structural bolts, single and double end studs, and more in both plain and galvanized. We can even provide parts that are 100% melted and manufactured in the USA. With over 350 dedicated employee owners, \$14 Million in inventory, and 16 locations from Alabama, Mississippi, Florida, Oklahoma, Tennessee, Georgia, and Texas we can meet the global needs of our customers.	Bolting and Anchoring Systems, Bridge Components and Systems, Galvanizers	<a href="https://threadedfasteners.com">https://threadedfasteners.com</a>
743	Threadline Products, Inc.	FAST. FLEXIBLE. AT YOUR SERVICE. Threadline Products, Inc. has supplied threaded products and miscellaneous steel to the construction industry since 1984. We can furnish any bolt or fastener for commercial building construction and concrete; F1554 anchor bolts, A325 structural connection bolts, grade 5/8 bolt, socket headed bolts, rebar and more. Threadline has carbon, stainless and alloy material in stock ready to fabricate and meet your custom requirements with expert welders on our fabrication team. With 1-2	Bolting and Anchoring Systems	<a href="https://threadlineproducts.com/">https://threadlineproducts.com/</a>

		day shipping available to over half the US, our speed is unmatched. We are D.B.E./HUB certified.		
1065	Trilogy Machinery, Inc.	Trilogy Machinery, Inc. is the exclusive distributor for SWEBEND Bending Rolls; SUNRISE Ironworkers, Horizontal Benders, and Structural Processing Systems; LEMAS Plate Bending Rolls; BSP Tube Punching Systems; and Synergy Bending Rolls. Trilogy offers sales, service, and parts support from their Maryland headquarters as well as local dealers around the country.	Bender/Roller, Software, Stationary Fabrication Equipment, Structural Systems and Components	<a href="https://www.TrilogyMachinery.com">https://www.TrilogyMachinery.com</a>
233	Trimble	Tekla software solutions from Trimble power the construction industry by providing technology needed to increase performance, reduce costly errors and promote greater collaboration on projects. Users can produce high-quality 3D models and construction documentation—as well as create and manage structural analysis, design, detailing and fabrication data. Designed with a commitment to improve digital construction information workflows, Tekla software gives a true competitive edge to construction industry professionals.	Detailers, Erectors, Software, Stairs/Railings and Miscellaneous Steel	<a href="https://www.trimble.com/en/products/tekla">https://www.trimble.com/en/products/tekla</a>
243	Triple-S Steel / Intsel Steel	Triple-S Steel Holdings is a family of steel service centers. You know us through our structural steel brands: Triple-S Steel Supply and Intsel Steel Distributors. Our full line service centers keep over 200,000 tons of inventory in stock. Beams, plate and other structural are our stock in trade, and the fabricator is our partner to get more steel into buildings every day. We are proud to support the AISC in its mission of promoting the use of steel! Triple-S is helping our customers by modernizing our equipment and how we process materials before it leaves our facility. Give us a call to find out more!	Steel Service Centers	<a href="http://www.sss-steel.com">http://www.sss-steel.com</a>
171	TRU-FIT PRODUCTS	Tru-Fit Products manufactures a full line of stud welding equipment, weld studs, specialty fasteners, anchor bolts, and plate washers for the structural, manufacturing, and construction industries. Based out of Ohio and with nearly 100 years of fastener manufacturing experience, Tru-Fit Products has the capabilities to take care of your company's fastener needs. Visit <a href="http://www.tfpcorp.com">www.tfpcorp.com</a> and <a href="http://www.truweldstudwelding.com">www.truweldstudwelding.com</a> to learn more.	Bolting and Anchoring Systems, Hand Tools/Portable Equipment and Accessories, Structural Systems and Components, Welding and Stud Material	<a href="https://tfpcorp.com/">https://tfpcorp.com/</a>
183	United Structure Detailing Inc.	Quality Assurance : On-time Delivery : Effective Coordination - United Structure Detailing Inc (USD Inc.), offers Steel Structure & Miscellaneous Detailing - Connection Design with P.E stamped (All States) services. We specialize in crafting detailed shop drawings, 3D models, BIM, erection plans, etc. USD also provides NC1, IFC, CNC, DXF, DSTV, ENC, KSS, Reports, and Other supporting production files. USD holds both AISC and NISD memberships. Our team of seasoned professionals (detailers, checkers & project managers), equipped with advanced software and technologies, ensures to meet the quality and schedule.	Detailers, Engineering Consulting	<a href="https://unitedstructuredetailing.com/">https://unitedstructuredetailing.com/</a>
715	V&S Galvanizing	V&S Galvanizing is a leader in the hot-dip galvanizing industry, with eight locations on the East Coast and Midwest. Specializing in corrosion protection of steel with zinc by hot-dip galvanizing. We offer the DUROZINQ system of galvanizing, packaging, tagging and guaranteed service. We also offer our COLORZINQ system (paint over galvanizing) that adds brilliant color to a base of corrosion protection. V&S offers trucking and many other value added services. V&S Galvanizing is part of Voigt & Schweitzer LLC, a holding of Hill & Smith Holdings, PLC.	Galvanizers	<a href="http://www.hotdipgalvanizing.com">http://www.hotdipgalvanizing.com</a>
620	Valmont Coatings	As a full-service coatings company, Valmont Coatings provides quality surface finishes that extend the service life and improve the appearance of metal products throughout the country. In fact, Valmont Coatings is one of the largest custom galvanizers in North America. Our processes and transportation capacities are designed to efficiently handle steel products of all shapes and sizes for customers anywhere in the country.	Bridge Components and Systems, Coatings and Fire Protection, Galvanizers	<a href="http://www.valmontcoatings.com">http://www.valmontcoatings.com</a>

1354	Vectis Automation	Vectis Automation designs and integrates cobot metal fabrication solutions to help structural steel fabricators boost productivity amid the skilled labor shortage. Come see our easy-to-use, affordable, and versatile Cobot Welding Tool & Cobot Plasma Cutting Tools that let you quickly start automating simple, repetitive parts – freeing up your team for more complex weldments or other value-add tasks. We look forward to meeting you and starting a conversation. We always begin by taking an in-depth look at your application(s) to make sure they are a good fit for automation.	Hand Tools/Portable Equipment and Accessories, Stationary Fabrication Equipment, Structural Systems and Components, Welding and Stud Material	<a href="http://www.VectisAutomation.com">http://www.VectisAutomation.com</a>
770	Vegazva Technologies	Vegazva (ISO 9001:2015) is an IL-based engineering Design & Detailing company and member of NISD and AISC. With PE stamping capabilities in all states, we provide services for Estimation, Main and Misc. steel, Commercial and Industrial projects across the country through our Steel Detailing Division. Our Plant Design Division caters to Mineral, Chemical, Water and Wastewater, Oil & Gas, Petrochemical, and Pharma industry. With over 250 resources, 4.5 MN hrs of completed detailing work, over 1200 medium to large projects delivered successfully, Vegazva is the right detailer for you.	Career Services, Detailers, Engineering Consulting, Stairs/Railings and Miscellaneous Steel	<a href="http://www.vegazva.com">http://www.vegazva.com</a>
671	Viking Wheel Blast Systems	Viking Wheel Blast Systems offers Structural/Plate wheel blast machines specifically designed for the Structural/Plate industry. Whether you have specific production requirements or budget constraints, our equipment effectively cleans large plates and I-beams, leaving you with a surface ready for finishing.	Other, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.vikingcorporation.com">http://www.vikingcorporation.com</a>
1062	Virtek Vision	Virtek Vision provides laser templating solutions for steel assembly. Visit us to see how laser projection has increased efficiencies in the layout and assembly of steel products including handrails, trusses and stair stringers. Learn more and visit <a href="http://www.virtekvision.com">www.virtekvision.com</a> .	Hand Tools/Portable Equipment and Accessories, Other, Software, Stairs/Railings and Miscellaneous Steel	<a href="https://www.virtekvision.com">https://www.virtekvision.com</a>
765	VIRTUELE	VIRTUELE is a cloud-based software platform for the steel industry. Our applications make your work easy and change the way you work. With our data-rich 3D Model based workflows, you will find your project management a lot easier and more streamlined. Our applications address the existing gaps in BIM implementation and reuse the design BIM models at every stage of your project. Our products are customizable to meet your specific needs. We provide on-premise or cloud options for running your customized workflows and applications.	Software	<a href="https://www.virtuele.us">https://www.virtuele.us</a>
354	voestalpine Tubulars	voestalpine Tubulars, an Austrian based company, produces seamless steel pipes up to 7 5/8 inches, used as casing or tubing in the oil and gas sector, available in API or proprietary grades with API or proprietary connections (e.g. VAtitan®-TC). In addition to the products used in the in the drilling and completion of oil and gas wells, voestalpine Tubulars has also a production line for Industrial Pipes and has now supplemented its product range by seamless square and rectangular hollow sections that are primarily used in agriculture, constructions, mechanical engineering & mobility.	Mills	<a href="https://www.voestalpine.com/tubulars/en/">https://www.voestalpine.com/tubulars/en/</a>
821	Voortman Steel Machinery	Voortman Steel Machinery is the leading global manufacturer of highly automated steel processing machinery. From compact processing lines to large, fully automated systems with everything connected. Over 50 years of experience means that Voortman can offer solutions for every type of project. Voortman is continuously developing new machinery and software solutions to meet increasing industry demands. Voortman works with you to identify the best solution, tailoring systems to ensure you can exceed your processing goals.	Software, Stationary Fabrication Equipment, Welding and Stud Material	<a href="https://www.voortman.net">https://www.voortman.net</a>

128	Voss Engineering, Inc.	Voss Engineering, Inc. provides expansion/slide bearing assemblies, bearing pads, and isolation materials for highway bridges, industrial structures, machines, process piping, and commercial buildings. Voss' product line includes the following structural bearing pad materials: SORBTEX (preformed fabric pad/cotton duck pad/CDP), VSB Slide Bearings (PTFE and steel plate), VTB (thermal break pad), NEOSORB [AASHTO grade neoprene (polychloroprene)], and FIBERLAST or VOSSCO (random oriented fiber pads).	Bridge Components and Systems, Other, Structural Systems and Components	<a href="http://www.vossengineering.com">http://www.vossengineering.com</a>
657	Whiteboard Technologies LLC	For over two decades, Whiteboard has perfected the delivery of professional Steel Detailing with an unwavering focus on Quality and Design-Based thinking in all Structural Steel and PEMB projects. We invest organically in having the right people who understand Steel fabrication and Erection from a value perspective and deliver quality solutions to a diverse range of construction projects. Our Hybrid-Delivery model offers On-site and Offshore to ensure that there is maximum utilization of our detailing teams round the clock. We use 3D BIM software such as SDS/2 & Tekla to detail the steel projects ranging from 50-15000 tons.	Detailers, Other	<a href="http://www.whiteboardtec.com">http://www.whiteboardtec.com</a>
692	Willbanks Metals Inc	Celebrating our 50th anniversary, Willbanks Metals is your premier partner in steel solutions. For over four decades, we've delivered top-quality products and exceptional service, earning trust through reliability and expertise. As a trusted industry leader, we're committed to your success, offering a wide range of steel products to meet your project needs. Visit us at our booth or <a href="http://willbanksmetals.com">willbanksmetals.com</a> to discover why we're the preferred choice for quality steel solutions. 282	Wrought Washer	Wrought Washer Mfg., Inc. is the world's largest washer manufacturer and the dominant supplier of structural washers in the USA. Wrought Washer acquired TurnaSure with the world's most comprehensive line of Direct Tension Indicating Washers (DTIs) for bolts, studs and anchors. This includes the award-winning ViewTite visual indicating DTI. Its two-step compression process sees extremely reliable appearance of the colored elastomer when the bolt has reached the correct tension. They are more durable, and predictable, and no need for washers underneath for expanded holes. All Wrought Washer's products are made in the USA with union labor.	Bolting and Anchoring Systems, Bridge Components and Systems, Materials/Engineering/Testing and Inspection, Structural Systems and Components	<a href="https://www.wroughtwasher.com/">https://www.wroughtwasher.com/</a>
665	Wurth Industry USA	Würth Industry USA is your one-stop shop solution for the construction industry. We supply Structural Fasteners, Anchor Bolts, Double End Studs, Tools, PPE & Safety, Sealants & Chemicals, Abrasives, Pipe Clamps & Hangers, Electrical Products and more.	Bolting and Anchoring Systems, Coatings and Fire Protection, Hand Tools/Portable Equipment and Accessories, Safety Equipment	<a href="https://www.wurthindustry.com/construction">https://www.wurthindustry.com/construction</a>
1305	Wuxi Zhouxiang Laser Machinery Co., Ltd	China Zhouxiang Group is established in 1991, covers an area of more than 100,000m <sup>2</sup> , fixed assets CNY200 million, with more than 400 staff, Zhouxiang is a high-tech enterprise which combines science and technology, industry production and trade into one. Our products mainly include H beam welding line, CNC cutting machine, laser cutting machine, H beam assembly machine, H beam welding machine, H beam straightening machine, shot blasting machine, Box beam production line, pipe fabrication equipment, welding positioner, edge milling machine, CNC drilling machine, plate rolling machine, etc.	Bridge Components and Systems, Construction and Project Management, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.wxzhouxiang.com">http://www.wxzhouxiang.com</a>
975	X SERIES USA	X-Series Inc. offers a comprehensive range of advanced metal fabrication machine tools, including laser cutting, robotic beam welding, beam coping & drilling, and metal forming solutions. With a focus on high-performance without the high price tag, X-Series empowers metal fabricators with versatile equipment that enhances productivity, while maintaining a high level of REAL local service & support. Known for driving innovation and customer success,	Other, Stairs/Railings and Miscellaneous Steel, Stationary Fabrication Equipment, Structural Systems and Components	<a href="http://www.xseriesusa.com">http://www.xseriesusa.com</a>

X-Series supports fabricators in structural and miscellaneous metals  
by providing EQUIPMENT WITHOUT COMPROMISE.
