

2024 Exhibitor Information

May 15, 2024

NASCC: The Steel Conference 2024

Booths	Exhibiting As	Company Description	Website
1565	3D Engineering Global LLC	3DE Global revolutionizes design, construction modelling, and steel detailing by combining innovation with precision across all services. We streamline the design process with advanced 3D workflows. Our steel detailing ensures accuracy and timeliness, reducing RFIs and saving costs. Our rebar detailing enhances constructability and safety, cutting waste and time. Our 3D laser scan post-processing service captures detailed as-built models for comprehensive asset management. Choose 3DE Global to deliver solutions for any challenge!	https://www.3deglobal.com
1742	AA Anchor Bolt, Inc.	AA Anchor Bolt, Inc., a family-operated business founded in 1979. We manufacture a multitude of quality products for a global customer base, selling directly to the end user. The company produces anchor bolts, custom fasteners bent and threaded products from 1/4" -5" diameter, in various finishes and grades of steel, DOT, pulling irons, plates, manhole steps, barrier pins, round/square bent U-bolts, bracing rods, single/double-ended studs, etc. We carry a wide-range of products within our in-house facility and can create custom orders based on customer demand. Our motto is: "Impossibilities we do immediately. Miracles take a little longer."	www.aaanchorbolt.com
1928	Abrafast.com / The Blind Bolt Co.	The Blind Bolt Master Distribution Center. Manufacturer of Anchor Bolts, All Thread Rod and Tie Rod Assemblies. Stocking Domestic Grade 55 and 105 material. Our abrasive line is quite extensive! Doesn't matter if you're grinding a weld or need a mirror finish, we have the abrasives to get the job done right the first time. Products Distributed: Structural Bolts, Concrete Anchoring Systems, Weld Studs, Self Drilling Screws, Annular Cutter, Magnetic Drills, Grinding Wheels, Cutting Wheels, Flap Discs, Sanding Discs, Sanding Belts, and much more!	http://www.abrafast.com

2026	Accurate Perforating	<p>Since 1942, family-owned and operated Accurate Perforating has grown from a small machine shop into a 210,000-sq. Ft. full-service perforated sheet metal supplier offering complete perforating, fabricating, and finishing solutions. Whether you need perforated aluminum, carbon steel, galvanized, stainless steel, brass, or copper in perforated sheets, coils, blanks, parts, finished components, or architectural metal, decorative metal, railings, facades, or sunscreens — with the broadest range of thickness, hole size, or pattern — we're the perforated sheet manufacturer you can trust. We specialize in custom and complex work. Made in Chicago.</p>	www.accurateperforating.com
1764	Acrow Bridge	<p>Acrow has been serving the transportation and construction industries for more than 70 years with a wide range of modular steel bridging solutions for permanent, temporary and emergency use. Acrow's prefabricated modular solutions are designed and manufactured in the United States to the highest quality assurance standards in the world. Our versatile modular technology is engineered to accommodate a wide range of customizable lengths, widths and loads and our bridging components are hot-dip zinc galvanized, offering a service life of more than 100 years. For more information, please visit www.acrow.com</p>	http://www.acrow.com
1667	Action Stainless & Alloys	<p>Action Stainless & Alloys is a full-line fabrication center. We're stocked with a diverse inventory of stainless steel and aluminum products. From plate to pipe and everything in between, we specialize in being able to provide all the items on a Bill of Materials. Housing multiple cutting processes under the same roof means there isn't a cut or order request Action Stainless can't fill. Stop by to learn all of the capabilities of Action Stainless and discuss how we can help take your project to the next level!</p>	https://www.actionstainless.com/
1153	AFF Design Services Inc	<p>AFF came into existence in 2008 with the goal of becoming a premier detailing and connection design company in Dallas, Texas. Connoisseurs in detailing and connection design, we work tenaciously to deliver efficient results. With an ideology to succeed, our team of project managers, detailers and connection design engineers circles their guidelines around the requirements of our customers. Our innovative and comprehensive detailing procedures help us identify issues; this enables us to maintain the project schedule. Our methods have been tested and are proven to give effective outcomes.</p>	http://www.affsteel.com

116	Agen - Robotic Structural Steel Assembler	<p>With the increased use of technology, using automation is becoming a must to meet the capacity/market needs. That's where we come in. We are your solution partner in making a permanent mark in your business. As Abka Automation Ltd., we design, manufacture and integrate fully automated Industrial 4.0 robotic structural steel assembly lines. With the aid of industrial robots, your products are becoming error-free and high-quality.</p>	https://www.abkaotomasyon.com
313	AGT Robotics	<p>AGT Robotics is an automation and robotics expert specialized in the metal industry. They also manufacture the BeamMaster Weld, a Robotic Welding Line specially engineered to answer all the welding needs of structural steel fabricators. BeamMaster features a small footprint, complete robotic automation and integration with dedicated software. With its attractive prices, all sizes of fabrication shops can now consider solving their welding production issues with robotic welding.</p>	http://www.agtrobotics.com
2364	AISC Book Store	<p>The AISC Bookstore is your one-stop shop for AISC's manuals, codes, standards, and design guides. If you purchased a 16th Edition Manual with your registration, pick it up at the bookstore! All conference attendees receive AISC-member pricing during the conference! New this year, the bookstore has teamed up with the AISC Education Foundation to provide a range of AISC-branded merchandise, with all merchandise sales benefitting the Foundation and scholarship recipients! Stop by today!</p>	https://www.aisc.org/publications/
2265	AISC Education Foundation	<p>The AISC's Education Foundation's sole mission is to invest in the people who will drive the future of design, fabrication, and construction of structural steel. New this year, the AISC Education Foundation offers a range of AISC-branded merchandise for sale, with all proceeds supporting AISC Education Foundation programs. Quantities are limited--Stop by today!</p>	https://www.aisc.org/giving/
2231	AISC Fabricator Education Program	<p>Our Mission: Making Structural Steel the Material of Choice The American Institute of Steel Construction (AISC), headquartered in Chicago, is a non-partisan, not-for-profit technical institute and trade association established in 1921 to serve the structural steel design community and construction industry in the United States. The Fabricator Education Training Program is designed to aid our members in recruiting and retaining employees by offering high-quality, industry-specific, expert-curated online training courses. Courses cover training from the very basics and progress as the employee grows. Available only from AISC!</p>	www.aisc.org

1058	AKS Cutting Systems	AKS Cutting Systems manufactures CNC cutting machines including plasma cutters, waterjet cutting systems and oxy-fuel burning tables for the sheet metal, plate metal, and fabricating industries. AKS has introduced two revolutionary cutting table features exclusive to our products: robo-kut robotic plasma and waterjet beveling system tube-kut pipe and tube cutting systems AKS Cutting Systems and our products have a reputation for durability, accuracy and reliability, with thousands of machine installations worldwide.	https://akscutting.com
633	AKYAPAK USA	Akyapak, one of Bursa's most established industrial enterprises, proudly exports metal bending, punching, cutting machines and welding solutions to 120 countries in 6 continents and delivers high quality from Turkey to the world. Akyapak, which is the source of pride of Bursa and Turkey with its technological production facilities with a total closed area of 32.000 m2, continues to lead the technology all over the world with its experienced production and management staff of 370 people.	http://www.akyapakusa.com
350	AL Tech Global, LLP	AL Tech Global LLP is regarded as the most client friendly and project success oriented Steel Detailing Company From India. ALTG is an EPC company also for design and build of Air Hangars, giving us complete experience of each process in steel construction. With over 100s of projects detailed in India and USA, ALTG is exhibiting at NASCC 2024 for reaching out to the fabricators, architects, structural engineers who are in need of a detailing partner with whom they can communicate well and put their trust in. ALTG has helped companies setup their complete detailing process in India and USA. AL TECH GLOBAL LLP, Helping You Build With Steel..	www.altech-global.com/
1653	Albina Co. Inc.	Are you in need of curved metal? Albina Co., Inc. has mastered the skills of steel and metal bending, rolling and fabrication. We bend and roll structural steel members, various sizes of round pipe and HSS material, and plate. We work with carbon, stainless, aluminum, and most exotic metals. We have serviced the steel industry since 1939 and we provide quality curved metal products and services that stand out from the competition. Making the most of the latest technologies in the field, we can produce virtually any metal component that needs to bend or curve and we can produce difficult and unusual parts.	https://www.albinaco.com

1659	Allfasteners	<p>We supply quality fasteners of any type to a variety of industries. With decades of first hand experience in the field, our knowledge provides a unique experience for our customers, every time - making us the place for All Things Fastening. We are not just fastener experts though, our steel fabrication capabilities have positioned us as a leader in the industry. Along with an extensive list of onsite, virtual and consumer based services, Allfasteners has cemented itself as a one stop shop for all industry needs. No matter the project, our goal is to find the solution to help you complete the job.</p>	https://allfasteners.com/
122	Allied Machine & Engineering	<p>Allied Machine & Engineering is a leading manufacturer of holemaking and finishing tooling systems. Allied devotes its advanced engineering and manufacturing capabilities to creating the widest selection of value-added tooling available to metal-cutting industries around the world. Our tooling solutions deliver the lowest cost-per-hole in a wide range of drilling, reaming, threading, boring and burnishing applications. Precision engineering and expert application support make Allied the first and best choice for solving complex metal-cutting challenges.</p>	http://www.alliedmachine.com
1525	All-Pro Fasteners, Inc.	<p>Precision Fasteners Engineered for Structural Steel Construction All-Pro Fasteners leads the industry in producing and supplying fasteners and associated products meticulously crafted to meet stringent ASTM standards. As a premier manufacturer and distributor, we specialize in construction bolts tailored for the structural steel sector. Our dedicated team of industry experts comprehends the specific demands of structural steel applications, overseeing every stage from production to quality testing and timely distribution. Count on us to deliver the exact products you require, precisely when and where you need them.</p>	www.apf.com
1744	ALTAIR	<p>Altair is a global leader in computational science and artificial intelligence (AI) that provides software and cloud solutions in simulation, high-performance computing (HPC), data analytics, and AI. Altair enables organizations in the AEC industry to compete more effectively and drive smarter decisions in an increasingly connected world – all while creating a greener, more sustainable future. For more information, visit https://altair.com/architecture-engineering-construction.</p>	https://altair.com/architecture-engineering-construction

2043	American Galvanizers Association	The American Galvanizers Association (AGA), headquartered in Centennial, Colo., is a not-for-profit trade association dedicated to serving the needs of specifiers, architects, engineers, contractors, fabricators, and after-fabrication hot-dip galvanizers throughout North America. Since 1933, the AGA has provided information on the most innovative applications and state-of-the-art technological developments in hot-dip galvanizing for corrosion protection.	https://galvanizeit.org
1863	American Institute of Steel Construction (AISC)	The American Institute of Steel Construction (AISC) is a non-partisan, not-for-profit technical institute and trade association whose mission is to make structural steel the material of choice. Stop by the AISC booth to mingle with AISC staff and learn about the latest developments in structural steel design and construction--and shoot some hoops, check the latest March Madness scores, and test your steel knowledge with our trivia challenge!	http://www.aisc.org
811	American Punch Company	The American Punch Company is the leading manufacturer of high-quality punches, dies, and shear blades for metalworking and structural steel fabrication. In addition, the company supplies precision tooling and custom die components to the stamping, roll forming and metalforming industries. American Punch is proud to be ISO-certified, demonstrating a high level of commitment to quality in manufacturing and customer service. Quality tooling combined with superior customer service make American Punch the right choice for your tooling needs.	https://americanpunchco.com
1937	American Steel Detailing, LLC	American Steel Detailing is an all US structural and misc. steel detailing firm. ASD does projects all over the US. With a team of 15+ detailers, checkers & project managers, they are capable of completing projects large and small.	http://www.americansteeldetailing.com
2114	American Welding Society	Founded in 1919, the American Welding Society is a nonprofit organization with a global mission: to advance the science, technology, and application of welding and allied joining and cutting processes worldwide, including brazing, soldering, and thermal spraying. By fostering knowledge, embracing change, and providing real-world opportunities through scholarships, fellowships, and workforce development, AWS provides the tools to help members succeed—and to inspire future generations of welding professionals.	http://www.aws.org

2014	AMPP	The Association for Materials Protection and Performance, AMPP, is the world's leading organization focused on the protection of assets and performance of materials. AMPP was created when NACE International and SSPC united after more than 145 combined years of corrosion control and protective coatings expertise, and service to members worldwide. AMPP is active in more than 130 countries and has more than 40,000 members.	https://ampp.org/home
1645	Anatomic Iron Steel Detailing	Anatomic Iron Steel Detailing specializes in complex structural steel detailing, design-detailing, connection design, design consulting and 3D modeling. We operate both Tekla and SDS2. We also complete steel erection animations and 3D rendering. Our team oriented approach with our staff and clients has resulted in an outstanding track record of completing high profile complex projects accurately and on time. With over 300 staff, we can detail over 10,000 tons of structural steel per month. Please review our website at www.anatomiciron.com or call 510-984-4425 to discuss our project history.	http://www.anatomiciron.com
1329	Applied Bolting Technology, Inc.	We make Squirter DTIs, i.e., load cells, that assure compliance with bolting standards & specs. Torque, Turn-of-Nut, and TCs can all produce false positive tension, and regularly do: Torque scatter is $\pm 40\%$, for new bolts, and worse for weathered. Relying on torque is optimism, at best. TCs are torque bolts that are adversely affected by cold or wet weather. Turn-of-Nut can be defeated by mispresenting turn angle, regardless of turn applied. DTIs read load. If a bolt is tight, a Squirter DTI will show it, independent of weather, torque, angle, tool, or skill.	http://www.appliedbolting.com
1134	ArcelorMittal International	ArcelorMittal is the leading supplier of quality steel products in all major steel markets, including construction. Signature products, like our HISTAR® (ASTM A913) steel, have been integral to numerous iconic structures, including One World Trade Center, 150 North Riverside, Mercedes-Benz Stadium, and SoFi Stadium. Through our world-class R&D team and outstanding distribution network, we offer innovative, competitive, and sustainable solutions that have led to several industry firsts, such as the 80-ksi rolled-steel shapes supplied in Chicago's Union Station Tower.	http://www.arcelormittal.com

1631	Armatherm Thermal Bridging Solutions	<p>Armatherm™ thermal break materials provide a combination of low thermal conductivity and high compressive strength. The range has been designed and tested to prevent thermal bridging. Armatherm™ solutions can be used anywhere a penetration or transition exists in the building envelope creating a thermal bridge. Solutions to minimize heat loss include balcony, canopy, parapet, masonry shelf angle, cladding/Z-girt connections. Armatherm™ has been proven through three dimensional modeling to reduce heat loss in wall assemblies, transitions and structural connections throughout the building.</p>	http://www.armatherm.com
2045	Arrow Reload Systems Inc.	<p>Providing a superior gateway to your markets across North America, Arrow Reload Systems Inc. has offered best in class transportation and logistics services for over 100 years. Handling a broad range of products, we provide trucking, materials handling, freight management & consulting as well as technology solutions. Arrow Reload currently has 30 locations across North America with 8 new locations added in the last few months alone. The Arrow Group of Companies are leaders in bulk commodity hauling, reload operations, freight management, logistics, consulting and technology.</p>	https://arrow.ca/reload/
1830	Arteras Inc.	<p>Arteras Inc. is a comprehensive structural steel detailing & Engineering services company established by steel detailing professionals with more than 18 years' experience. Our business model focus on developing your structure with precision and quickness using intelligent resources such as Tekla Structures, AutoCAD & SDS/2. Arteras provides connection design services for all types of structural steel and Miscellaneous Steel.</p>	https://arteras-inc.com/
2061	ASC Steel Deck	<p>ASC Steel Deck is a leading structural steel roof and floor deck manufacturer servicing the Western United States. As the only manufacturer on the West Coast to offer a full line of light-gauge structural products, ASC Steel Deck's extensive product offer meets the needs of the most complex conditions and demands for structural performance and design. The past 2 years, ASC Steel Deck has been focused on developing resources for engineers and architects. We have more resources and products to offer than ever before. Stop by and learn more.</p>	https://ascsd.com/

2065	Association of Women in the Metal Industries	AWMI is an organization of professionals, founded in California in 1981, to promote & develop the growth of women in the metal industries. With 19 chapters in the US & Canada there is an event near you! The programs & activities of AWMI are intended to enhance members' skills & experience, address challenges confronting the industry, & promote members' career growth with the ultimate goal of increasing the number of women employed in the metal industries. Membership is open to both women & men. To learn more about AWMI & its four cornerstones (Network, Grow, Educate & Mentor), visit awmi.org .	https://www.awmi.org/
1728	Atema Inc.	Atema specializes in building tailored AISC-compliant quality management systems for fabricators and erectors, while also offering quality assurance oversight on large bridge fabrication projects. We deliver specialized training and management assistance, guiding companies toward meeting the certification requirements of various infrastructure industry sector programs.	http://www.atema.com
1153	ATF WORLD Inc.		https://www.atfworld.com/
1309	Atlas Tube, A Zekelman Company	Atlas Tube, a Zekelman Company, is the leading manufacturer of steel hollow structural sections (HSS) and ERW straight-seam piling with seven manufacturing locations in North America. We provide an industry-leading size range with sizes up to 22" square, 28" round, and 34 x 10" rectangle, all with wall thicknesses up to 1". Our engineering team provides product education, connection insights, and answers to project-specific questions. Atlas products are readily available in industry standard and custom lengths, and extra-long lengths. Count on Atlas Tube for the products, services, and support you need to make your next project a success.	http://www.atlastube.com
2109	Autodesk	Autodesk is changing how the world is designed and made. Our technology spans architecture, engineering, construction, product design, manufacturing, media, and entertainment, empowering innovators everywhere to solve challenges big and small. From greener buildings to smarter products to more mesmerizing blockbusters, Autodesk software helps our customers to design and make a better world for all. For more information visit autodesk.com or follow @autodesk .	https://www.autodesk.com/solutions/aec/bim/structural-engineering

201	Automated Layout Technology LLC	Automated Layout Technology is the maker of the Lightning Rail, the first automated marking machine created specifically for the layout of stairs and hand rails. The Lightning Rail works with DXF files to quickly and accurately print an entire stair stringer or rail in minutes saving hours of labor. The fully automated CNC machine takes your design and prints the entire work piece on a rigid steel frame table in any configuration including rails, pickets, hangers and more. Easily place channels on the table for the automatic layout of stair stringers.	http://www.automatedlayout.com
1948	AYARI LLC	Steel Engineering Service Provider with an office in Houston, TX. We are the BLUE-EYED boys for all steel fabricators seeking a Steel Drafting firm that carries INTEGRITY, COMPETITIVE PRICING, SNUG-FIT QUALITY, A DECADE of EXPERIENCE and Great COMMUNICATION in their DNA. Strike a conversation with us @booth 1948. We can help you make right decisions when it comes to Steel Detailing. No Obligation and no BS. Where Precision meets Passion in Steel Draftmanship	www.ayariventure.com
821	AZZ Metal Coatings	AZZ's Metal Coatings Segment includes hot-dip galvanizing, spin galvanizing, powder coating, anodizing, and plating to the post-fabrication steel markets. As North America's leading provider of galvanizing for pre-fabricated steel, AZZ operates 41 galvanizing and six powder coating facilities located across the continent. Our plants maintain many of the largest galvanizing kettles in the U.S., enabling us to efficiently service components up to 62 ft. long and weighing up to 60,000 lbs.	http://www.azz.com
1446	Baco Enterprises Inc.	Baco Enterprises Inc. stands proudly as the only bolt manufacturer in NYC. The premier supplier of high quality structural bolts, fasteners, and related materials that bring structures to life. We also supply steel shapes, plate, threaded rod and anchor bolts, misc. steel fabrication, safety and related products.	https://www.bacoent.com
2127	Badger Products	Leading Manufacturer of Abrasives, Wire Brushes, Mag Drill, Cutters and Gloves for the welding and fabricating industry	www.badgerproductsusa.com
1754	Bamal Fastener Corporation	Founded in 2008 formerly as Midwest Structural Products, Bamal Fastener's Structural Division is a full line distributor of fasteners to the structural, solar and industrial manufacturing markets. Proudly offering the finest structural product manufactured by our partners in the USA and abroad. Bamal Fastener prides itself on its	http://www.bamal.com

	Corporation	expertise and attention to detail in quality, cost and customer service. Our Structural Division is based out of Sidney, OH and corporate located in Charlotte, NC. The company has a network of locations throughout the U.S. and Mexico, strategically located for your needs.	
2332	Be Pro Be Proud, Inc.	Be Pro Be Proud is leading the movement to bring a new generation of pride, progress, and professionals to North America's skilled workforce. Since 2016, 284,946 middle and high school students have come aboard to explore Be Pro Be Proud's state-of-the-art mobile workshop at one of our 1,779 tour stops in six states (Arkansas, Georgia, North Carolina, South Carolina, Tennessee, and New Mexico). During that time, 76,828 students have taken the next step by "Joining the Movement" and signing up to learn more about training and career opportunities across Be Pro Be Proud's promoted industry sectors and professions.	http://www.beprobeproud.org/
232	Beamcut Systems / Machitech Automation	For over 20 years, Machitech has offered fully customizable cutting systems of the highest quality. Choosing Machitech means gaining free lifetime access to our team of experts, specialized assistance, and prompt technical support. Join us at booth #232 to see our Beamcut Robotic Plasma Cutting System, an industry-leading robotic plasma cutting system that integrates advanced FANUC robotics & easy-to-use 3D simulation software with Hypertherm's XPR300 plasma systems. We will also show our Diamond Cut 5-axis CNC Plasma Table, equipped with a Hypertherm XPR300 plasma system, and our Deburring Tumbler.	https://www.beamcut.com
2067	Bechtel	Bechtel helps customers deliver projects of purpose that create a lasting positive legacy. These projects create jobs and grow economies; improve the resiliency of the world's infrastructure; connect communities to resources and opportunity; get us closer to net zero; tackle critical environmental challenges; protect people and the planet; and accelerate progress to make the world a cleaner, greener, safer place.	https://www.Bechtel.com
119	Bend-Tech	Bend-Tech is a leading provider of production-ready technology for tube and pipe processing to structural steel fabrication shops, and small to large manufacturers. Bend-Tech's A400 and A250 CNC plasma cutters and integrated software are versatile by design to fabricate a wide range of material length and profiles. For more than 20 years, Bend-Tech has improved the accuracy and efficiency of tube and pipe production for more than	http://www.bend-tech.com

		30,000 fabricators and manufacturers around the world. Headquartered in Osceola, Wis., the company is a member of SEMA, PRI, NOMMA, NASCC and NATM.	
1409	Bentley Systems, Incorporated	Bentley Systems (Nasdaq: BSY) is the infrastructure engineering software company. We provide innovative software to advance the world's infrastructure – sustaining both the global economy and environment. Our industry-leading software solutions are used by professionals, and organizations of every size, for the design, construction, and operations of roads and bridges, rail and transit, water and wastewater, public works and utilities, buildings and campuses, mining, and industrial facilities. Bentley Systems employs more than 4,500 colleagues in 186 countries.	http://www.bentley.com
1649	Birch Hill LLC	We are delegated design engineers. We developed Samara™ for the intelligent design of structural steel connections. Samara is a cloud-based library of configurations. It is designed for professional engineers and detailers to make compliance and approval easy. Request a demonstration today!	http://birchhillco.com/
1430	Birmingham Fastener	Birmingham Fastener, Inc. is a full-line distributor of structural fasteners for the domestic and international makers. We are proud to be the largest distributor of A325 and A490 bolts in the nation and offer fast turnaround to our customers. With manufacturing facilities in Birmingham, AL, Lavonia, GA, Houston, Texas, Santa Fe Springs, CA, and Katy, TX, we can provide you with non-standard structural bolting and any type of welded assembly, threaded rod, or bent anchor bolt you may need.	http://www.bhamfast.com
2023	Blackstone Group Technologies		bgtek.com
1630	Blair Corporation	Blair Corporation specializes in the fabrication of stainless steel cables for hand rails in cable railing projects. We supply high performance wire ropes, Casar and Bridon, as well as aircraft cable, cable rail and accessories, cable clamps, and turnbuckles used in safety.	http://www.blairwirerope.com
651	Blast Cleaning Technologies	Blast Cleaning Technologies designs and manufactures custom and standard shot blast systems in the USA. We offer various upgrades and rebuilds for all makes and models of existing shot blast equipment. Upgrades for blast wheels, separators, abrasive reclaim, cabinet lining, work handling systems, electrical controls and more. We stock the largest replacement parts offering and the	www.bct-us.com

		largest technical service and support team. Our team of experienced professionals design new and innovative equipment, components and system upgrades that help solve the toughest blast equipment challenges. Call or email us today at 877-355-7577 or sales@bct-us.com.	
2159	Blockpad	Blockpad is calculation software re-imagined for engineering. Create custom calculation documents in a word processor interface, using spreadsheet style equations displayed in math notation.	https://blockpad.net/
1023	Bluebeam	Trusted by over 3 million individuals in more than 165 countries, Bluebeam's smart, intuitive solutions advance the way building professionals work, manage and collaborate on projects digitally. Precisely detail, mark up, and review steel plans with our easy-to-use tools, ensuring smooth fabrication and erection. Founded in 2002 in Pasadena, CA, Bluebeam has offices across the globe and a deep understanding of the steel industry's needs. Bluebeam is part of the Nemetschek Group. Download a free 30-day trial on our website and see how Bluebeam can revolutionize your projects fostering trust and efficiency across the project lifecycle.	https://www.bluebeam.com
2245	BlueRecruit	BlueRecruit is a direct-hire marketplace for skilled-trade workers wanting to build their careers and the companies seeking their talent. The average blue-collar job requires 4x more hard skills than white-collar jobs; however, the recruiting system for each industry is virtually the same. That is why BlueRecruit removes the inefficiencies of resumes and job posts and focuses on the skills and experiences that matter. Our clients see an average decrease of 74% in their hiring costs, and 3x more Job Seeker Connections than the industry standard. 83% of customers connect with at least one qualified Job Seeker the day they get started.	https://bluerecruit.us/
751	Boss Tables		http://www.bosstables.com
2052	Bosworth Steel Erectors, LLC	Throughout Texas – and around the U.S. – Bosworth Steel Erectors has demonstrated our ability to deliver steel construction solutions for even the most difficult commercial construction projects. As a family-owned business, we hold to the values of treating clients with integrity and honesty. These simple tenets of good business, too often neglected within the construction business, are at the core of how we approach estimating, pre-construction planning, and building a team of professionals that can be assured when it matters most.	www.bosworthsteel.com

2005	Brainstorm Infotech	Brainstorm Infotech is headquartered in Bengaluru, the start-up capital of India. It has carved a niche for itself in the field of structural steel detailing and allied services with a credit of completing over 2500 projects so far. Their expertise lies in structural steel detailing and connection design as per AISC, CISC, IS, BS and Australian standards for commercial and industrial structures with 2D and 3D advanced modelling software. Our dedication and commitment signify the trust and respect that we have from our clients and we continue to passionately collaborate with prestigious clients from North America and build a better future.	https://www.brainstorminfotech.co.in
1345	Brown Strauss Steel	Brown Strauss is the premier structural steel service center in the United States. We have the deepest inventory for your wide flange beam, structural tube, pipe, structural channel, structural angle and your other structural needs. Brown Strauss has over 120,000 tons of structural steel on the floor ready for next day delivery. Since our founding in 1905 we've grown to ten locations serving 24 states, and we're proud to be 100% employee-owned.	http://www.brownstrauss.com
1660	Bryzos	Bryzos is the fastest growing digital marketplace in the metals industry with an extensive network of buyers and sellers. Bryzos has built the first instant pricing & procurement tool for the industry, facilitating the instant trade of carbon, stainless and aluminum products. Aptly named the Gone In Sixty Seconds™ application, you can purchase or sell your commodity metals in sixty seconds or less using our free desktop or mobile application. This is the fastest metal trading experience ever made... and we can prove it. Don't believe us? Download it for free and check it out at www.bryzos.com .	https://www.bryzos.com/
1547	Bull Moose Tube Company	Bull Moose Tube produces Hollow Structural Sections (HSS) ranging from 1" - 14" square (and rectangular equivalents) in wall thicknesses up to 0.750" – creating value for a wide-range of applications. As one of North America's largest HSS producers, we're able to offer products that meet a variety of specifications including ASTM A500, A847, A1076, A1085, A1110, A1112 (up to 110 KSI), CSA G40 and EN 10219.	http://www.bullmoosetube.com
	Bureau Veritas North	Bureau Veritas is the largest and most qualified Transportation Infrastructure Inspection Agency in operation today and is proudly serving many state DOTs, Turnpike Authorities, prominent transportation Engineering Firms and freight and passenger railroads.	

1020	America	We provide our clients with tailored solutions to meet their specific requirements regarding QA/QC inspection, coating inspections, Non-Destructive Testing and staff augmentation through experienced, qualified personnel and the latest technological advances.	http://www.ovria.com
1225	CADeploy, Inc.	CADeploy, Inc. (ISO 9001:2015) is a California corporation and member of AISC, NISD, MBMA, and ACI. We offer Steel Engineering, Steel Detailing, Estimation services (Structural Steel/PEMB/Rebar), and As-built Services & HSE Studies (Oil & Gas) to 400+ clients spread across the globe. Our team of 750+ engineers/personnel specializes in Structural and Miscellaneous projects across Industrial, Commercial, Residential and other industries. We work on TEKLA, SDS/2, Advance Steel, AutoCAD, RebarCAD, Revit, PDS, PDMS, and other widely used platforms. We have completed more than 3200+ projects on time with 100% quality.	http://www.cadeploy.com
1860	CALDIM Engineering Private Limited	In the competitive landscape of steel detailing and connection design for the American steel construction industry, Caldim Engineering stands out as a beacon of excellence. With a winning combination of unrivaled expertise, cutting-edge technology, precision detailing, and client-centric principles, we continue to redefine industry standards. Choosing Caldim Engineering means choosing innovation, reliability, and a commitment to delivering exceptional results in every project we undertake. With 60 plus detailers on board using latest versions of SDS2 and Tekla , We shall be your best partner for Steel Detailing.	https://caldimengg.com/
1240	CAMBICO, Inc.	CAMBICO - The original cambering machine since 1984! Cambico offers eight cambering machine models to fulfill any cambering requirement from small commercial buildings to highway bridges. We offer the complete cambering machine as well as a 'Do it Yourself Hydraulics Kit' for each model. Conveyor fed and powered rollers also available on most models. Contact us for additional information. We are looking forward to hearing from you!	http://www.cambicoinc.com
1323	Canam	With over 60 years of experience and more than 300,000 projects, Canam's expertise is rivaled only by its ambitions. We specialize in designing and manufacturing steel joists and decks for the North American construction industry. Our distinctive BuildMaster collaborative approach is transforming building design and construction, offering up to a 20% reduction in erection time. Backed by a robust team comprising over 100 engineers and more	http://www.canam.com

		than 650 structural steel detailers and drafters, Canam goes beyond being a mere supplier; we emerge as your ideal partner for achieving success.	
2129	Cano Steel	We have the equipment and qualified personnel for the installation of sheet in roofs, walls, mezzanines, acrylics, domes, as well as all kinds of accessories with high quality, safety, and speed. #GrupoCano	https://www.canosteel.com/
1364	Carboline	Carboline manufactures high-performance coatings that extend the life of steel assets and passive fire protection materials that protect people and preserve structural integrity. Scientists in our world-class Research, Development, and Innovation lab advance asset protection, and premier technical experts guide owners, engineers, and coating contractors to material solutions that accelerate construction schedules and deliver the best overall project value.	http://www.carboline.com
1704	Cascade Nut and Bolt Company	Cascade Nut And Bolt Company is a full line Fastener Distributor specializing in Structural Bolting and Anchors to Steel Fabricators around the country. We stock domestic, North American, and import structural bolts. We manufacture anchor bolts in house. We job pack for field bolt orders and excel at our paper work package. We are a stocking distributor of Infasco's INF 3013 coated bolts. We are a member of AISC.	https://www.cascadenutandbolt.com
1011	Cast Connex Corporation	CAST CONNEX® is the industry leader in the architectural and structural use of cast steel components in the design and construction of building and bridge structures. Our products include pre-engineered connectors that simplify the design and enhance the performance of structures. We also offer design-build services for custom cast steel nodes and components.	http://www.castconnex.com
1250	Cerbaco Ltd.	Cerbacos line of 500+ configurations of non-metallic weld backings permit finished-quality, full-penetration welds from one side. For use with structural steel, shipbuilding, pipeline, pressure vessel, and tank manufacturing. Backings work with MIG, TIG, Stick Electrode, Sub Arc and Flux Core welding processes to weld carbon and alloy steel, stainless, and aluminum. Where one-sided welding is not desirable, backings eliminate arc gouging or heavy grinding prior to second-side welding.	http://www.cerbaco.com

1440	Chicago Clamp Company	Chicago Clamp Company provides an innovative method for framing roof openings and supporting rooftop loads with no welding or drilling. This standardized method for connecting joists and beams allows structural engineers to focus on load distribution rather than attachment apparatus or welding concerns. With up to 4,000-lb capacity per system, it is ideal for the safe and economical framing and installation of rooftop units, sky lights, exhaust fans and vents.	http://www.chicagoclampcompany.com
1122	Chicago Metal Rolled Products	Family-run since 1908, we work with our customers to bend and roll all steel grades, sizes and shapes including angles, bars, beams, channels, pipes, tubes, rail, sheet and plate. With two plants, 60+ rolling machines and over 120 years of experience, our highly trained workforce and state-of-the-art equipment handle the most challenging jobs quickly with precision and accuracy. We have earned the respect of over 10,000 satisfied customers delivering 99% error-free tight bends holding minimal tolerances even for shapes with very complex geometries.	http://www.cmrp.com
1516	Cleveland City Forge	Cleveland City Forge, an innovative American Manufacturing and Engineering Company, combines product development with production to produce standard and custom structural steel components that include Forging, Machining and Distribution. Along with custom components, standard products include: Clevises, Clevis Pins and Recessed Pins, Turnbuckles, Turnbuckles w/Fittings, Threaded Rods, Rod Ends, EyeNuts, EyeBolts, Yokes, Swage: Sockets, Sleeves, Buttons & Studs, Heavy Hex Nuts. Our products can also be grouped to create complete Assemblies ready for installation.	http://www.clevelandcityforge.com
927	Cleveland Punch & Die Co.	Cleveland Punch & Die Company is the World Leader in manufacturing Punches, Dies and Shear Blades in the steel industry. All of our products are proudly manufactured in the USA. Original Equipment Manufacturers continue to trust and recommend our products to meet and surpass our customers expectations for all steel applications. Our customers continue to trust and rely on the most experienced and friendly engineering and customer service support team in the industry. We are proud of our 144 Years of Quality, Experience and Tradition. Customer Service Hours: 7am-6pm EDT sales@clevelandpunch	http://www.clevelandpunch.com

1808	Cleveland Steel Tool	Cleveland Steel Tool is the world leader in the manufacturing of Punches, Dies, shear blades and Specialty tooling. Our Punches, Dies, Shear Blades and Specialty tools are supplied daily to the structural steel, railroad (track and cars), farm equipment, truck frame, shipbuilding and grader blade industries, as well as serving all manner of fabricators and ornamental iron shops. In addition to the above, we also supply annular cutters, magnetic drills, portable punching units, steel saws and steel saw blades to the metal fabrication industry.	www.clevelandsteeltool.com
1941	Columbia Safety and Supply	Columbia Safety and Supply is North America's Premier Outfitter of safety gear, contractor equipment, and supplies. We are fall protection experts and we're here to help you find exactly what you need to be safe and productive. Our Gear Experts combine industry knowledge with professional experience. We service a variety of industries, including steel erection and fabrication, verticle concrete, building enclosure, road and bridge, and more. We carry thousands of products from the world's best manufacturers. Be Safe, Do More, with Columbia Safety and Supply!	http://www.colsafety.com
132	Combilift	As a specialist forklift & straddle carrier manufacturer, Combilift produces a wide range of customized handling solutions, all of which are designed for the safe, space saving and very productive handling of the long and bulky loads like those handled in the steel industry. The 4-directional Combilifts work as counterbalance, sideloader, and narrow-aisle forklifts, with the Combi-SC (Straddle Carrier) being the cost effective solution for the handling of containers and oversized loads. Capacities across the Combilift range are from 3,200 lbs. to 180,000 lbs.	http://www.combilift.com
1629	COMSLAB	COMSLAB is a long-span and shallow composite floor system that helps structural steel compete with the low floor-to-floor concrete designs. COMSLAB is a lightweight assembly that has UL listed EXPOSED and UNRESTRAINED ratings of 1, 2 and 3 hrs for spans of 30+ feet! It's ideal for all elevated floor construction such as hotels, schools, office, HIGH-RISE, multi-residential and medical buildings. COMSLAB products are in compliance for NYC High Rise and LA RR approvals.	http://www.comslab-usa.com

1628	Con-Serv Inc.	Your All-American Structural Bearing Solution - Structural Support Bearing Systems for All Industries. Con-Slide™ Support Bearing Systems: Type CSA & CSB, Type CHP, High Temperature Bearings - Bronze, Meehanite®, Graphite, Elastomeric Bearings – Neoprene®, Fabric Reinforced, High Load Multi-Rotational - Pot, Disc, Spherical, Radial & Self Aligning, Rocker Bearings & Other Specialty Fabrications. Designed and Fabricated to Accommodate: Thermal Expansion, End-Beam Rotation, Vibration Isolation, and Seismic Acceleration.	http://www.con-servinc.com
625	Controlled Automation, Inc.	Controlled Automation is a customer-driven company specializing in the design and manufacture of superior fabricating equipment. Our mission, as a team, is to strengthen and grow through the success of our customers while offering them constant respect, gratitude, and a quality product. Along with new machinery, we offer material handling systems to compliment each of our machines. All machines, software, and controls are designed, manufactured, and supported entirely in the United States.	http://www.controlledautomation.com
1843	Copper State Bolt & Nut Co.	Copper State supports fabricators and erectors throughout the U.S. with product that ranges from structural fasteners, hex bolts, TC bolts, anchor bolts, double-end studs, and other manufactured specials. We support fabricators in their shop with tools and accessories, cutting tools, abrasives, safety products, and other industrial supplies. Copper State has 30+ locations in the western U.S. providing local support, and we are stocked heavily with structural inventory in Phoenix, Denver, Reno, Salt Lake City, and Spokane. Site support includes sequencing and logistics, product labeling and identification, online cert management, and VMI.	https://www.copperstate.com/
2051	Cordeck	Established in 1994, Cordeck is a family-owned and operated full-service, nationwide, manufacturer of high-quality steel decking and metal deck accessories. We pride ourselves on creating strong, long-lasting relationships with our customers. We will do “whatever it takes” to ensure the success of our clients which is why we offer full project management and expert engineering services – we are with you from concept to completion. Cordeck is a Steel Deck Institute (SDI) member, fully certified to manufacture metal decking and our products meet FM and ICC-ES requirements.	www.cordeck.com

921	CoreBrace	CoreBrace buckling-restrained braces (BRBs) are a cost-effective solution to improve the seismic performance of structures. This highly ductile system has been used in thousands of projects worldwide for earthquake risk mitigation. CoreBrace's expert staff works closely with owners, architects, engineers, fabricators, and erectors to meet their design and construction requirements and is committed to providing braces to the highest level of quality. Our extensive research program focuses on sustainable and resilient designs of structures in high seismic zones.	http://www.corebrace.com
1845	Crystal Clean	Crystal Clean provides parts cleaning, used oil, hazardous and non-hazardous waste services to small and mid-sized customers in the manufacturing sector. Our service programs include parts cleaning, containerized waste management, used oil collection and vacuum truck services. These services help our customers manage their used chemicals and liquid and solid wastes. Our customers include both large and small manufacturers.	www.crystal-clean.com
1235	CSC - Canam Steel Corporation	Canam Steel Corporation (CSC) is a service-oriented manufacturer of open web steel joists and steel deck that services the entire US via our six manufacturing facilities. We are a company that prioritizes safety and efficiency of the entire process for both our employees and our customers. We believe in the power of partnerships and the need for flexibility throughout the process for all of our partners. Our projects range from the small retail store at a local strip mall to some of the largest distribution centers, high-rises, schools and stadiums. We are a participating member of both the SJI and SDI.	https://cscsteelusa.com/
2012	CSM Metal Deck	Metal Deck Manufacturing	www.metaldecking.com
1947	Cutting Edge Steel & Stair	At Cutting Edge Steel, we have the knowledge & expertise to provide an affordable solution to all of your project stair and rail needs. We are your one-stop solution. Our specialty includes work across North America of Architectural, Commercial Service and Industrial Class stair and rail products. CES offers "Pre-Engineered" systems when applicable or can work with clients who envision a one off product for true uniqueness of ornamental design. Depending on scope and location CES can also provide a complete miscellaneous steel packages. Please call to discuss the needs of your next project.	https://cesteel.com/

1840	CWB Group	CWB Group is an Ontario, Canada-based, industry-supported private sector not-for-profit organization that provides comprehensive, integrated services to nearly 10,000 companies and 100,000 professionals across the welding and joining industry in nearly 50 countries worldwide. Visit us at https://www.cwbgroup.org . EWI provides industrial manufacturers with advanced engineering services in materials joining, forming, testing, and modelling to create effective solutions in product design, fabrication, and production. The organization is based in Columbus, OH, and Buffalo, NY. Visit us at https://ewi.org .	http://www.cwbgroup.org
2117	CYPE Software	CYPE is a firm that develops and distributes technical software for Architecture, Engineering and Construction professionals. CYPE's journey began in 1983 and it occupies a leading position within the sector, offering a variety of programs that stand out due to the wide range of casuistry that is dealt with, the reliability of the results and the ease with which they can be managed, with over 120.000 users spread across Europe, America, Africa, Oceania and Asia. Amongst our clients are town councils and ministries, as well as technical control organisations, universities and professional offices.	https://cype.com/
1746	D.S. Brown	Founded in 1890, The D.S. Brown Company is a leading worldwide designer, supplier, and manufacturer of engineered products for the bridge, airport and highway industries. As technology has evolved and influenced our means of transportation, D.S. Brown too has evolved to meet the needs of the current times. From our humble beginnings to our current focus on the manufacturing of high-quality infrastructure construction products under Gibraltar Industries, D.S. Brown has been there for over a century to help the world move forward.	https://dsbrown.com/
1512	DACS, Inc.	DACS, Inc., with a plant strategically located in Portsmouth, VA, manufactures roof and floor decking. Since 1987 DACS has been providing the construction industry with affordable products and quality services. Our continued growth is fueled by loyal customers and innovative products. With a full line of roof products, including deep decks and cellular decks, as well as composite and non-composite floor decks, DACS is sure to satisfy all your decking needs. Please note we also offer our products in carbon steel, stainless steel and aluminum!!!!	http://www.dacsinc.com

942	Daito Seiki Co., LTD	DAITO is focused on metal cutting, drilling and plasma cutting machines and has become the most technologically advanced machine producer in its field. Along with being the world's top manufacturer in its field, DAITO is geared toward customer satisfaction by supporting our customers with our knowledgeable and responsive sales, applications and our sales personnel.	http://www.daitousa.com
1829	Danny's Construction Company, LLC	Since 1970, Danny's Construction Company has been an industry leader in complex and schedule-demanding steel erection projects. We have substantial experience in building bridges, sports and events facilities, hospital and medical facilities, as well as a variety of industrial and commercial structures. With this experience, we have built a reputation for surpassing rugged industry standards for quality, safety, and productivity. Strategic office locations across the country provide us the resources available to take on projects regardless of size, location, complexity, or demanding scheduling parameters.	http://www.dannysconstruction.com
1146	DAVI, Inc.	More than ever, applied technology is being called upon to solve manufacturing's quest for global competitiveness. The challenge is to locate the best technology and to gather them in one place for consultation. DAVI, unique in plate roll and angle roll industry, makes this available at our own U.S. Customer Support Center, located in Dallas, TX.	http://www.davi.com
1613	DBM VirCon	We make design constructible. DBM Vircon is a premier construction modeling, detailing, and digital engineering company. With our vast experience, we help our market leader customers including owners, engineers, EPCM firms, general contractors and fabricators build with confidence across the globe. Our proven methods and preconstruction collaboration platforms help our clients compress schedules and mitigate cost overruns by proving the design constructible and complete.	http://www.dbmvircon.com
1015	Delta Steel	Delta Steel is a customer oriented company, striving to build long lasting and mutually profitable customer relationships. We are committed to continuous improvement in our service, in our products, in safety and in our personnel. We emphasize professional and ethical business dealings with customers, suppliers and employees. Formed in 1963, Delta Steel is a subsidiary of Reliance Steel & Aluminum Co. Delta Steel is one of the largest steel service centers in the southwest United States serving industrial, commercial as well as OEM markets.	https://www.deltasteel.com/

1145	DGS Technical Services, Inc.	DGS Group is a client-centric and performance-driven organization offering end-to-end solutions in Engineering, Design, and Structural domains, headquartered in Elgin, IL, USA. Our global footprint includes offices in the US, Canada, UK, and Gulf. With certified American P.E. and technical Project Managers boasting over 40+ years of experience, we leverage smart software like Tekla and SDS/2. Our production team comprises highly skilled engineering squads dedicated to Structural Engineering, Steel Detailing, Bridge Detailing, Connection Design, Estimation, and Estimodeling.	http://www.dgsts.com
1204	Dlupal Software, Inc.	Dlupal offers powerful programs for structural and dynamic analysis of multiple materials including steel, cold-formed steel, steel connections, concrete, aluminum, timber, CLT, glass, cables, and fabric form-finding per the USA/International standards. The 3D FEA program RFEM efficiently and accurately performs non-linear analyses of member, plate and solid elements. RFEM is one of the most highly sophisticated yet user-friendly programs especially suitable for new users with its intuitive modeling work flow. Experience why more than 5,000 companies and universities worldwide trust in Dlupal Software.	https://www.dlupal.com/en
2008	Doerken Coatings North America	We at Doerken Coatings are specialists for high-quality surface protection, offering sustainable, customized solutions for a wide range of application areas. With innovative technologies such as zinc flake coatings, architectural coatings, zinc plating systems, coil coatings, and E-Coat, we offer high-performance corrosion protection for steel components and structures! Discover our coating expertise!	https://www.doerken.com/us/en/doerken-coatings
1728	DOT Quality Services	DOT Quality Services (DOTQS) specializes in developing performance standards and implementing supplier audit programs. Whether your need is for a comprehensive assessment of your entire supplier base or a focused audit of a single contract, DOTQS delivers reliable, quantifiable insights. Our team of experienced quality professionals and engineers leverage technical and quality system expertise to provide effective assessment services.	http://www.dotqs.com
2142	Drivensteel Inc.	Drivensteel Inc Company has formed by group of young enthusiastic engineers, who have vivid experience in construction & infrastructure industry. We designed & built our capabilities with most experienced steel detailing team in this industry. Our innovative approach and continual learning ensure the quality and timely delivered outputs to our clients. We have 350+ detailers on board who are	www.drivensteel.com

		highly experienced in Structural and Miscellaneous projects through out Commercial, Industrial and Residential sector. We have latest software of SDS/2, TEKLA and AutoCAD.	
910	DuraFuse Frames	The DuraFuse Frames Difference is adding resilience and economy to steel moment frame structures. Working with our engineering team and our prequalified field-bolted connection will reduce construction cost and add value for all project stakeholders. Utilize our complimentary design assist services to reduce the steel tonnage, simplify fabrication, shorten erection and add seismic resilience through reparability.	https://www.durafuseframes.com/
1342	Eastern Pneumatics & Hydraulics, Inc./McCann Equipment Ltd.	EPH Specializes in Steel Erector and Torque Tools such as: Tone, Electric; TorqFusion, Pneumatic, Electric & Battery; Torcup, SPX Power Team Hydraulic Wrenches, Cylinders & Pumps; Skidmore-Wilhelm Bolt Tension Calibrator; Kabo Torque Wrenches & Torque Testers; Klein Drift Pins up to 1-9/16", Structural Wrenches & Accessories. We operate an ISO 17025:2017 Accredited Calibration Facility for Repair, Calibration & Certification with NIST Traceability. We also have the capability to service virtually any make and model torque tool.	https://www.ephtools.com
2110	Edanbrook PE and Detailing Services	Edanbrook Consultancy Services Inc is a local Maryland, US based Engineering (including PE stamping), Drafting and Detailing company. Our engineering services include Structural, Mechanical and Civil Engineering calculations, analysis, PE sign-off or third-party reviews. Our Drafting and Detailing services include Structural Steel Detailing, Take-offs, Estimation, Point Cloud Scan & Modeling, Connection Design, Mechanical/Offshore/Piping Design, Quantity Survey or Shop Drawings. Contact: Barry L. Bromery, Phone: 667.240.4982, Email: barry.b@edanbrook.com	www.edanbrook.com
1844	EHS Momentum, LLC	We make life easier for safety teams by helping you integrate safety management into operations. Our state-of-the-art safety management software and industry-leading consulting will help you increase productivity. At EHS Momentum, our goal is to deliver simple, affordable, and proven environmental, health, and safety best practices to any size business.	https://www.ehsmomentum.com

1158	EMI	<p>Electro-Mechanical Integrators, Inc. is a manufacturer of CNC Plasma equipment specializing in miscellaneous metals for the fabrication industry. We have been committed to providing cost-effective solutions through quality machines and unparalleled service for 25 years. Contact us today to see how our machines can save you time and make you money.</p>	<p>http://www.emiworks.com</p>
1925	ENERCALC	<p>ENERCALC is a proven, powerful, widely-used design program consisting of 40+ structural calculation modules, ranging from simple component designs (steel beam, concrete column, etc.) to analysis (i.e., rigid diaphragm torsion), earth retention, & full 3D FEM analysis. ENERCALC's powerful capabilities and simple intuitive interface make it ideal for complete design of small & medium-sized structures, as well as for spot checks, verifications, & design of miscellaneous components on large-scale projects. NEW! Engineers can now create / manage calculations & update Revit models even faster via ENERCALC for Revit.</p>	<p>https://enercalc.com</p>
1709	Engineered Rigging	<p>Engineered Rigging is a leader in heavy lifting. We solve project challenges by providing innovative rigging and specialized transport equipment rental and sales, in-house engineering expertise and trained equipment operators. Our sales and rental fleet includes hydraulic gantries and accessories; strand jacks; jack-up systems; knuckle boom cranes; slide, skidding and trolley systems; and more. If you need a custom solution, we can design and fabricate to your specific needs. Put our gear and knowledge to work for your next plant upgrade, maintenance or civil construction project.</p>	<p>www.EngineeredRigging.com</p>
1755	Engineered Supply, L.L.C.	<p>We specialize in anchorage connectors for suspended maintenance, roof anchors, wall anchor points, rigging sleeves, and davit arms. Our fall protection components are stronger than others on the market, and can be used on concrete, structural steel, timber and locally reinforced wood buildings.</p>	<p>www.engineeredsupply.com</p>
1725	Enidine	<p>Our highly engineered structure protection components and custom solutions are built to take on whatever Mother Nature can dish out. With over 20-plus years of experience, Enidine offers a diversified portfolio of energy absorption products for infrastructure and equipment protection. Enidine offers the fastest service in the industry, the highest quality of testing around and in-house product development. No matter what seismic protection solutions you need, we get the job done.</p>	<p>http://www.itt-infrastructure.com</p>

1331	EVER Seismic, LLC	Not just another buckling-restrained brace manufacturer! These are BRBs with Strain Control Technology and robotic-level precision manufacturing. All-steel, lightweight, smaller BRBs that are easier to erect and can downsize your crane. BRBs + next level customer service and connection optimization that you can see. Contact us today for assistance on your next project!	http://www.everseismic.com
1433	Exact Detailing	Exact Detailing is Canada's premier specialist in providing steel detailing, 3D modeling, BIM, and 3D scanning services to the North American steel industry. Our five offices across North America employ high-quality detailers trained in the most recent programs and processes to provide the best AISC and CISC compliant shop drawings on all varieties of steel projects. Need services beyond steel detailing? Ask us about our project management/coordination, connection design, data management, and surveying services. We pride ourselves the quality of our work and look forward to working with you!	http://www.exactdetailing.com
2112	Ezmetal.com	Located in Houston and Austin, Tx. We manufacture high quality metal panels along with accessories for the metal construction industry. We carry coil inventory and produce custom length in house steel decking, wall and roof panels, flat sheet and trim. We also provide Joists, door to door.	https://www.ezmetal.com/
1716	Fabreeka International, Inc.	Fabreeka values our working relationships with structural steel designers and builders. Known for over 100 years to provide exceptional engineering knowledge, first-class customer service and high-quality products which include preformed fabric and random oriented fiber pads, slide bearings and thermal breaks. Our team recommends effective solutions for reducing structure-borne noise, thermal bridging and vibration for buildings, bridges, rail track, piping, machinery and more. Let's talk about your next project!	http://www.fabreeka.com
2126	Fabricating & Metalworking	Fabrication & Metalworking publishes 10 issues per year. Fabricating & Metalworking covers every aspect of metal forming and fabricating, welding, metal cutting, tooling and workholding, measurement and inspection, material handling, maintenance, and environment, health, and safety. Rely on us for cutting-edge product news and competitive operating solutions to help improve processes and product quality, equipment reliability, operator safety, and business profitability.	www.fabricatingandmetalworking.com

1365	FabStation by Eterio Realities	Eterio Realities is a software company, started by fabricators, focused on building production software for the fabrication floor. Our product, FabStation, is a cloud based software suite that focuses on providing digital augmented reality tools that will help steel fabricators visualize and complete their work in a more efficient and accurate manner. Check out our product video or visit our website and see the future of production using the Microsoft Hololens 2 with FabStation.	https://fabstation.com
2031	Fabsystems, Inc.	Fabsystems is a cloud based steel estimating program. Our state-of-the-art steel estimating software is designed to streamline your steel fabrication and construction projects. Whether you're a small fabricator or a large construction company, our software is designed to meet your needs and help you take your business to the next level.	https://fabsystemsinc.com
451	FACCIN U.S.A. INC.	FACCIN Group is a leading global metal forming machine manufacturer that provides a wide range of plate rolls, angle rolls, dished heads line and special machines. FACCIN Group is the sole proprietor of FACCIN – ROUND0 and BOLDRINI brands. The FACCIN & ROUND0 solutions are suitable for bending different type of profiles (standard and non-standard) at very tight diameters and strict tolerances. Wide range of accessories and CNC controls are available with the aim to increase precision and productivity. FACCIN & ROUND0 angle rolls are the best solution for your next future challenges!	https://www.faccingroup.com/
1743	FATZER AG	FATZER produces uncompromising steel wire rope assemblies. Founded in 1836 as a rope-making factory on Lake Constance in the Swiss town of Romanshorn, FATZER has been manufacturing top-quality ropes for generations. In the early stages, hemp ropes were produced, with steel rope manufacturing starting around 1900. Today, FATZER specializes in developing, manufacturing, and globally distributing high-quality steel wire ropes for structural, ropeway, and other applications. With a long history of meeting specific market needs, FATZER is recognized as a leading rope manufacturer for stadium roofs, facades, bridges, and other applications.	http://www.fatzer.com
		The FEMA Building Science Branch develops and produces multi-hazard mitigation guidance that focuses on creating disaster-resilient communities to reduce loss of life and property. Building Science develops publications, guidance materials and tools that incorporate up-to-date	

1853	Federal Emergency Management Agency (FEMA)	building codes, floodproofing requirements, seismic design standards, and wind design requirements for new and existing buildings. The National Earthquake Hazards Reduction Program is the federal government's approach to addressing earthquake risks. FEMA's role is to translate research and technology development, into effective earthquake risk reduction publications.	https://www.fema.gov/
2036	Fenagh Engineering & Testing	Fenagh Engineering and Testing was formed in 2014 as a response to meet clients' universal need for a responsive engineering and inspection consultant. Fenagh's dedicated steel division can support a variety of services throughout the nation and internationally including but not limited to: ASNT Level III Oversight Welding Procedure Review Visual Inspection Non-Destructive (UT,MT,PT,VT) Metallurgical Testing AWS Certified Welding Inspection CWB Certified Welding Inspection Quality Control, Quality Assurance Shop Audits, Welder Qualification ICC Structural Welding ICC Structural Steel & Bolting MagnaStress	http://www.fenaghengineering.com
425	FICEP Corporation	FICEP Corporation is currently the largest manufacturer of structural steel and plate fabrication systems and software. FICEP offers over 150 different CNC systems to achieve the optimum solution to any specific fabricator's application. In addition to the different CNC work centers, FICEP totally integrates custom designed material handling systems for Intelligent Steel Fabrication without the requirement for multiple operator involvement.	http://www.ficepcorp.com
1955	Fickett Structural Solutions	Since 2001, Fickett Structural Solutions has served public and private clients in the A/E/C Industry in the building, transportation, and infrastructure markets by providing structural inspections and evaluations, nondestructive testing, steel fabrication quality assurance inspections, welding and fabrication consultation, and technical training. Our projects range from large civil infrastructure, such as bridges and locks and dams, to major commercial, industrial, and institutional buildings, parking structures, stadiums, arenas, and ancillary support structures for lighting and signage.	https://www.fickettinc.com/
1748	Flame On, Inc.	Flame On, Inc. is an experienced heat straightening company that offers professional service, quality repairs, competitive pricing, and, most importantly, dependability. Flame On is confident that we can help you with all of your heat straightening needs.	https://flameoninc.com/

1617	Fontana Fasteners, Inc.	Fontana Fasteners, Inc., a Fontana Gruppo company, produces LE USA® fasteners and provides customers with high-quality cold-formed fasteners produced from steel melted and rolled exclusively in the USA. In fact, Fontana Fasteners Inc. is the only North American full-service manufacturer and provider of structural bolts, nuts, washers, and TC assemblies.	http://www.fontanagrupoagtna.com
250	Forge Manufacturing Solutions	Forge Manufacturing Solutions is a dealer for fabrication equipment including lasers, plasma tables, press brakes, saws, and more.	https://www.forge-usa.com
1767	Fyfe FRP, LLC	Founded in 1988 to strengthen failing bridge columns using aerospace materials, Fyfe is a pioneer in the fiber-reinforced polymer (FRP) structural strengthening industry. Today we are a world leader in designing and manufacturing Tyfo®, a system of specialized carbon and glass fabrics, which we combine with polymers to strengthen a wide range of concrete, masonry, steel, and timber structures.	www.fyfeco.com
1563	Gas Innovations	Gas Innovations has an impressive worldwide resume for successfully supplying high purity hydrocarbons worldwide for a vast array of applications and services. We are also a supplier of KOBELCO flux-core and hard welding wire, propylene MACH 1 cutting and heating apparatus. Propylene has proven its productivity nationwide for more than 30 years in metalworking applications that include flame cutting, heating, (preheating and stress relieving), brazing, soldering, flame hardening and HVOF metalizing. The high flame temperature and the heat of combustion produced by Propylene and oxygen produces cutting speeds 30%-60% greater than Natural Gas.	https://gasinnovations.com/
743	GEKA USA	GEKA USA produces CNC LINES & SOLUTIONS FOR STEEL AND METAL WORKING. Geka offers a large range of CNC solutions for structural steel and plate fabrication systems. These include Ironworkers, CNC positioners and feeders, CNC solutions for drilling, and CNC solutions for punching. * Angles processing CNC Punching Solutions (GAMMA Series) * Flat Bars processing CNC Punching Solutions (ALFA series) * Beams processing CNC Drilling Solutions (SIGMA) * Beams processing CNC Punching Solutions	http://www.gekaus.com

1441	Gerdau	Gerdau Long Steel North America (GLN) manufactures merchant bar, structural steel, piling, special bar quality and rebar products for the agricultural, automotive, civil construction, distribution, energy, industrial, and mining markets. GLN operates six mills in the United States and three in Canada, and is a wholly owned subsidiary of Gerdau S.A.	http://www.gerdau.com
2130	GH Cranes & Components	GH Cranes & Components is a family-owned business established in 1958 manufacturing overhead material handling such as cranes, hoists, gantry cranes, RTGs and jib cranes. Since then, we have installed more than 125,000 equipment worldwide. Our manufacturing capabilities in Texas, as well as a full inventory of spare parts and well-trained service crew, assure your total satisfaction and performance. www.ghcranes.com	www.ghcranes.com
1133	GIZA	GIZA is a connection design software that covers more than 400 different connection types in the shear, moment, vertical brace, horizontal brace and splice categories. Compliant to AISC 14th, 15th editions - ASD & LRFD methods, GIZA provides a comprehensive set of calculations with references to all applied codes. We offer integration with Tekla Structures and Tekla Structural Designer but can also be used as a standalone option. GIZA has been in use for over 10 years and has successfully designed thousands of connections on thousands of projects over that time. Try it yourself free for 15 days! www.gizasteel.com .	http://www.gizasteel.com
1911	Gonza Joist	Design and fabrication of JOIST and JOIST GIRDERS, certified by the SJJ.	www.gonzajoist.mx
1429	Graitec	GRAITEC (1986), Autodesk Partner and Authorized Training Center, is a long-standing software developer of Design, Simulation, Fabrication and Management Solutions for the steel industry. Our extensive range of CAD, BIM and analysis software combined with the Autodesk portfolio (Advance Steel, Revit) are used by structural engineers & detailers worldwide. With 50 offices in 13 countries, North American customers can count on us for all their needs: implementation, customization, training, workflow optimization & technical support. Ask about Advance Steel drawing styles, our PowerPacks, Advance Workshop, Opentree.	http://www.graitec.com

1822	Grating Fasteners	Grating Fasteners specializes in producing the G-Clip line of grating fasteners. G-Clips are used to attach grating to structural members using simple hand tools. The entire G-Clip line of fasteners are noted industry-wide as being a cost-effective, fast, and dependable way to fasten grating.	http://www.gclips.com
2154	Great River Economic Development Foundation	Industrial relations and recruitment for the largest steel county in the United States located in Mississippi County, Arkansas.	www.cottontosteel.com
1535	Greenbrook Engineering Services	FOCUS ON QUALITY, DELIVER ON TIME. Greenbrook Engineering is an MBE certified company specializing in Connection Design, Structural Steel, Miscellaneous Steel and Rebar Detailing and B.I.M. coordination services for the steel industry. With offices in Phoenix, Arizona and New Jersey and production centers in Bangalore and Chennai, India, we serve Structural Engineers, Steel Fabricators and Architects.	http://www.greenbrookengineering.com
1919	GRM Custom Products	For over 60 years, GRM Custom Products has worked with Engineers, Steel Fabricators, and Contractors to provide customized high-quality products. The exclusive fabricator of Fluorogold Slide Plates in North America, we manufacture to meet your project's exacting specifications and expedited timelines, providing you with high quality products and consistent deliveries. We have grown our custom material offerings across bearing and thermal break pads. Now offering you a full line of Plastics and FRP Composite options, please stop by and visit us, we look forward to talking with you.	http://www.grmcp.com
2024	Gsource Technologies LLC	Gsource is a steel modeling, detailing, architectural, MEP design, & mechanical modeling company based in Florida, serving over 280 active clients in North America for over a decade now helping the AEC industry and more, to complete their projects in a more effective and collaborative way. Our expertise includes 2D detailing, 3D modeling, shop drawings, erection drawings, IFC models, and NC & DXF files. We specialize in detailing for structural steel such as beams, columns, trusses, and column sets. Additionally, we are experts in miscellaneous steel, including stairs, handrails, ladders, platform railings, gratings, bollards, gates & more.	http://www.g sourcedata.com
		Since 1975, GWY has been a global leader specializing in the sales, rental, repair, and calibration of installation tools for structural bolts. Our Turn-of-Nut wrench series are custom designed in partnership with the global leader in electric tool companies, Tone. Using our years of	

1434	GWY, LLC	experience in bolt fastening with TONE's years of quality wrench manufacturing, we have created a wrench that meets the high standards of the federal government for structural fastening. Other product lines include the popular shear wrenches for TC bolts, torque wrenches, bolt tension calibrators, rebar tying tools, and hydraulic products.	http://www.gwyinc.com
1151	Harbor Fab	Since 1972 we have served industrial and commercial markets with miscellaneous metal fabrications. Harbor Fab now offers pre-engineered stairs, rails, ladders and platforms nationwide in addition to our custom designed products.	http://www.harborfab.com
1209	Haydon Bolts, Inc.	Haydon Bolts manufactures headed bolts, threaded rods, anchor bolts, u-bolts & swedge bolts, in plain and galvanized finish, with full mill cert traceability. Haydon also carries the largest inventory of A325 & A490 Heavy Hex Head, Tension Control (TC) bolts, weld studs and wrenches, on the east coast.	http://www.haydonbolts.com
2124	Headed Reinforcement Corporation	Headed Reinforcement Corporation's high performance reinforcement products are consistently specified for use on projects with the most demanding applications such as seismic, impact and blast resistant loading conditions. Specializing in Headed Rebar and Mechanical Splices.	https://www.hrc-usa.com/
1463	HEICO Fastening Systems	COMING soon!	https://www.heico-lock.us
1417	Hercules Bolt Company	Hercules Bolt & MFG, is a Veteran-Owned, certified "VOSB" company that is an industry leader in the manufacturing of structural anchor rods (bolts), sag rods, square plate washers, all-thread rod, and embeds; which are all proudly made with domestic material of all grades, alloys, and sizes (bent or straight). Our strong distribution stock of structural bolts makes Hercules Bolt a one source stop for any job that needs on time delivery with quality products. No job is too big or too small for Hercules Bolt & MFG.	http://www.herculesbolt.com
1605	HEXAGON	Hexagon is a global leader in software, design, project performance, and autonomous solutions that boost efficiency, productivity, and quality across industrial, manufacturing, infrastructure, safety, and mobility applications. We empower our clients to transform unstructured information into a smart digital asset to visualize, build, and manage structures and facilities of all complexities, ensuring safe and efficient operation throughout the entire lifecycle.	https://hexagon.com

1511	Hilti Inc.	Hilti is a world-leading manufacturer and supplier of quality, innovative and specialized tools and fastening systems for the professional user. With more than 1,350 highly trained Hilti account managers and engineers throughout North America and an additional 1,100 Hilti employees nationwide, Hilti expertise covers the areas of powder actuated fastening, drilling and demolition, diamond coring and cutting, measuring, firestopping, screw fastening, adhesive and mechanical anchoring, and strut and hanger systems.	http://www.hilti.com
1817	HI-Q DESIGN INC	Established in 2004, HI-Q is a global Structural Steel Design and Steel Detailing and BIM Services that has passionately executed projects across the globe. Every project irrespective of size receives our undivided attention, making us the favored designed services company by global customers. Our passion for excellence is matched by our team highly motivated, qualified, and experienced engineers & detailers who specialize in Structural Steel Design & Detailing, Connection Design, Mechanical Design, and Piping Design. With more than a decade of experience, we are well qualified to handle all your projects. Thank you	http://www.hiqdesigninc.com
1852	HMR Jacob		https://www.hmr-jacob.de/en/hmr-750-tension-rod-system.html
1659	Holemaker Technology HMT	Holemaker Technology is the specialist manufacturer of the Patented VersaDrive metal drilling accessory system. Combining our pioneering, impact rated and now patented VersaDrive® system with the latest generation of high-torque cordless power tools has created a revolutionary level of drilling speed & performance, never before possible with portable tools. With a wide customer base across the USA in industries spanning Construction, defense, manufacturing, MRO, transportation & Infrastructure and energy - HMT is sure to have timesaving solutions available for your application.	www.holemaker-technology.com
1558	Holloway Houston, Inc.	Holloway is the foremost single-location sling shop and testing complex in the United States. We boast a vast inventory of rigging products and a dedicated rental department tailored to your rigging needs. Here, you'll find a comprehensive array to meet your industrial lifting requirements, seamlessly merging premium products with state-of-the-art testing services, all accessible at our world-class testing facility.	https://www.hhilifting.com

1910	Holloway Steel Services	Holloway Steel Services we specialize in Structural Steel Rolling, Plate Rolling, ASME Code Vessels, Shop Fabricated Tanks and CNC Plasma Cutting. Holloway Steel Services is one of the premier steel fabricators serving customers in Texas, Colorado, Oklahoma, Arkansas, New Mexico, Louisiana, Arizona and nationwide. Holloway Company Inc., is a family owned and operated enterprise that has been in business since 1971.	https://www.hollowaycompanyinc.com/
2128	Holtec Consulting Private Limited	Holtec is an ISO-9001 certified engineering & detailing company with over 300 professionals. From its two engineering centers in India, it offers a wide range of services in civil/structural, mechanical, electrical engineering & detailing to its customers, who are located in over 90+ countries. Its structural steel detailing group uses Tekla Structures, Advance Steel and AutoCAD to cost-efficiently detail projects ranging from 20 - 30,000 tons for leading US & Canadian fabricator clients.	http://www.holtecnet.com
1745	HRV Conformance Verification Associates, Inc.	Leading experts in materials QA/QC inspection, coatings inspection, NDT, and CM/CI focused on transportation, rail & transit, oil & gas, power, commercial, water/wastewater, and aviation markets, with the capacity to provide AWS CWI, NACE, SSPC, ACI, PCI and API inspections in materials fabrication plants and on project sites. We excel by maintaining high standards of technical training, leveraging deep industry knowledge and experience, practicing ethical conduct, applying innovative technologies, and communicating openly with our clients. We are Quality. Assured.	http://www.hrvinc.com
1712	HYTORC	HYTORC makes industrial bolting safer and simpler. With over 50 years of experience focused entirely on developing the highest quality industrial bolting systems, HYTORC is the most trusted name in the industry. From steel mills and mining equipment to refineries, power plants, and wind turbines; we have developed solutions for every bolting application imaginable. For custom projects, our highly experienced engineering team is at your service to design the most efficient solution for your job with simple operation and economical pricing in mind.	http://www.hytorc.com
1909	IAPMO Uniform Evaluation Service	IAPMO Uniform Evaluation Services (UES) provides summary reports specifically for the steel industry. These documents demonstrate product/ material/ system/ design compliance to applicable codes and standards, expediting approvals within the building industry. Current steel-related activities include steel deck, steel wall, and roof cladding, structural steel members, cold-formed steel	http://www.uniform-es.org

		framing, steel connectors, steel fasteners, and fabrication. We offer true turnkey service from product testing by IBT, to Uniform Evaluation Reports, through ongoing manufacturing audits from Quality Control Consultants.	
1405	IDEA StatiCa US LLC	IDEA StatiCa Connection is a revolutionary software for structural design of steel connections/joints. It allows structural engineers to design and check connections of all configurations in minutes. IDEA StatiCa is improving workflow of engineers all around the world by linking to the analysis, BIM and detailing software they use.	http://www.ideastatica.com
2032	ideCAD	ideYAPI has developed BIM software technologies in Structural Engineering, Construction, and Architecture since 1988. Operating with offices in Istanbul Bursa and Hannover (Germany), ideYAPI develops BIM technologies that quickly enable architects and structural engineers to implement their plans. The number of licensed users of ideYAPI is over 25000. ideCAD is Integrated AEC Software for Architecture, Structural Engineering, Structural Detailing, and Construction from Architectural Design to Fabrication	https://idecad.com/
1619	IES, Inc.	For 30 years, Integrated Engineering Software (IES) has been developing user-friendly structural software that helps you efficiently solve a wide range of real-world problems. Our most versatile product, VisualAnalysis, can analyze and design almost any three-dimensional structure. In addition, we offer a variety of task-specific programs such as ShapeBuilder, VisualFoundation, ConcreteBending, ConcreteSection, VAConnect, and more. Discover why thousands of engineers worldwide depend on Integrated Engineering Software.	https://www.iesweb.com
1834	IKG	With over 100 years of experience, IKG® continues to lead the bar grating industry with high-quality products, unmatched expertise, and innovative solutions. Our skilled network of sales personnel and engineering staff provide consultative services and solutions to customers in a wide range of industries. For quick delivery, IKG manufactures high-quality bar grating with several plants throughout the U.S. and Mexico. Through consistent, competitive, and dependable customer care, Forging Partnerships™ has become synonymous to IKG.	https://ikg.com/

1933	Indiana Grating PVT LTD	Indiana Gratings Private Limited (IGPL) - INDIA is the flagship company of Indiana Group (www.indianagroup.com). IGPL is an ISO 9001, ISO 14001 and ISO 45001 certified company. IGPL is one of the largest fabricators of gratings in the world and has established an impeccable reputation and carved a permanent niche with clients in India and abroad. IGPL has an installed capacity to produce 250 MT bar gratings panels per day. Since 2002 IGPL is regularly supplying Grating Panels to various Steel Service Centres in USA .	http://www.indianagroup.com
1740	Infasco	Infasco designs, manufactures, and distributes threaded fasteners and forged steel parts to various industries which, among others, includes construction and infrastructure, heavy trucks and equipment, as well as automotive and agriculture. Infasco puts its 60+ years of experience and expertise to work with its customers to develop tailor-made products that improve their current fastener products. With one manufacturing facilities in Marieville (QC), as well as seven distribution centers in United States and Canada, Infasco's 400 employees can service customers anywhere around the world. Ask for our new product 1 1/4 F2280 (Coated A490 TC).	http://www.infasco.com
2028	Informed Infrastructure	Informed Infrastructure is the leading media outlet for civil and structural engineers. We reach 40,000 readers via our magazine, weekly eNewsletter, web site, video content, surveys and our industry leading continuing education platform.	http://www.informedinfrastructure.com
1035	InfoSight Corporation	InfoSight is a leader in identification technology specializing in creating innovative identification solutions for harsh environments, improving safety outcomes, and enabling traceability. Our equipment comes with dedicated 360° support and unparalleled durability. InfoSight offers tags specifically designed for fabricators and galvanizers that survive hot dip galvanizing, shot blasting, painting, and powder coating, leaving your asset with a scannable barcode or readable serial number. Our tags can be customized with a variety of alphanumeric characters, graphics, logos and barcodes printed with our Labelase® Printers.	http://www.infosight.com
1015	Infra-Metals Co.	Infra-Metals Co. is one of the largest structural steel service centers in the United States. We are well-positioned to satisfy your needs in New England, Mid-Atlantic, Midwest, South and Southwest. As a subsidiary of a leading international company, Infra-Metals is provided with secure financing and has a strong	http://www.infra-metals.com

		commitment to steel distribution and processing. Infra-Metals offers unparalleled service with on-time delivery and a substantial lineup of processing equipment. Anyone can quote a price, Infra-Metals can quote it from stock.	
115	Innovatech	Working hand-in-hand with BZI as an erection and fabrication partner has provided our team a unique and seamless feedback and testing environment. Our relationship allows Innovatech to continuously improve our products and look for new opportunities to make steelwork safer, simpler, and more efficient. Construction, Technology, Solutions	https://www.innova.tech/
1850	Innovative Transport Solutions (ITS)	Manufacturer & Distributor of the Mobile Transport Tray (MTT) for Loading & Unloading Long, Heavy Steel Cargo Safely & Efficiently IN/FROM Enclosed Dry Van Trailers & Containers. Innovative Thinking..Bottom Line Results!	https://www.InnovativeTransportSolutions.com
1133	International Design Services, Inc.	IDS is committed to delivering the highest quality of detailing and connection design services. Our over 500 team members, including connection design engineers, detailers, & supporting staff provide ample manpower to support any project type and schedule. Our shop drawings and calculations are produced under the direct supervision of licensed professional engineers. In addition to 3D and BIM Models in SDS/2 or Tekla, IDS provides NC1, CNC, DXF, DSTV, and other production file formats.	http://www.ids-inc.net
1765	International Zinc Association	IZA MISSION Provide global leadership, coordination, and value on strategic issues for the zinc industry, including market development, license to operate, communications, and sustainability.	https://www.zinc.org/
1915	Interstate Gratings	Interstate Gratings operates in a 120,000 SF fully-integrated manufacturing and fabricating facility, ideally located in the hub of the west. We have a highly experienced in-house detailing and project management team. Our custom automated CAD solutions provide seamless integration with our shop processes and our advanced CRM solution accurately tracks jobs from start to finish. With an expert team of grating professionals, state-of-the-art equipment and integrated technology, Interstate Gratings is prepared to take on jobs of any scope or schedule.	http://www.interstategratings.com

2047	Ironworkers / IMPACT	IMPACT is a labor management partnership designed to provide a forum for union ironworkers and their signatory contractors to address mutual concerns and encourage reasonable, balanced solutions. Our primary mission is to expand job opportunities through progressive and innovative labor management cooperative programs, providing expertise in ironworker and contractor training, construction certifications, safety, marketing and construction project tracking and bidding.	http://www.impact-net.org
1905	IRyS Global Inc.	Your Desktop without Limits. Bring SDS2 Detailers, Management, Engineers and Fabricators together in one place with IRyS Global's remote desktop solution. IRyS utilizes premium hardware and is a fast, reliable solution capable of hosting your entire desktop on the cloud. Feel secure with 24hr support, multiple points of data back-up and no contracts. Low Monthly fee. No data limits. Cancel any time. Access your data effortlessly from anywhere in the world, at any time, on any device. Request a Demo at www.irysglobal.com	https://www.irysglobal.com/
1908	ISC	Inventory Sales Company is an industry leader for fasteners, weld studs, sign hardware. frames, strut and steel fabrication. As a division of EFC International, we have strategic partnerships with world-class manufacturers to offer you engineered solutions in industrial applications.	http://EFC-INTL.COM
1929	ISD Group USA	ISD Group is a provider of 2D/3D Engineering and Design Software that offers innovative solutions for the Structural Engineering Sector. With over 45 years of experience in the Steel, Metal and Facade Sector, the company is an expert for 2D/3D Modeling Software with Automation to Production Output and integrated Project/Drawing Management. Conceptualize your ideas at high speed with the Extensive Solution for Engineering. To learn more visit www.isdgroup.us	https://www.isdgroup.us/
1047	J. B. Long, Inc.	Cheap Detailing Ain't Cheap! Save money on detailing only to spend much more on fabrication and erection. J.B. Long, Inc. has supplied quality structural steel and miscellaneous iron detailing to the fabrication industry since 1985.	http://www.jblong.com
1200	IB Batts LLC	As specialists in manufacturing anchor bolts from raw material emphasizing ASTM F1554 and ASTM A449 material, we stock many 1/2" to 3 1/2" diameter round bars in 20'-0 to 40'-0 lengths. Additionally, we can manufacture using many different grades of material including ASTM	http://www.ibbatts.com

1209	JTB BOLTS LLC	A615 rebar, Stainless Steel rods and other assorted carbon steel grades. Our ability to produce within the tolerances prescribed by the American National Standards Institute (A.N.S.I.) make us a valuable asset to our customers.	http://www.jtbolts.com
1624	JMT Consultants Inc.	JMT Consultants was founded in 2008 to provide quality and reliable steel and concrete detailing and design services to the construction industry. Working directly for developers, engineering firms, general contractors and fabricators, we are a full service company, operating with integrity, loyalty and treating each customer how we would want to be treated. These principles have led JMT Consultants to become an award winning, industry leader. We believe in a collaborative, organized and efficient process to complete projects both on schedule and on budget.	http://www.jmtconsultants.com
2119	JPW Engineering Services	JPW specializes in structural and Misc. steel detailing. Along with detailing, JPW provides model-based estimation, connection design, and stamping for the USA and Canada. We follow the triangular approach to build a sustainable and long-term partnership with the clients. This includes effective communication, quality work, and scheduled deliverables. The core strength of JPW's success is its checking process. The two layers method has helped to achieve mostly error-free drawings. When it comes to quality, JPW appears at the top of the list.	www.jpwespl.com
432	Kinetic Cutting Systems, Inc.	Kinetic manufactures a variety of precision CNC plasma and flame cutting machinery, as well as multi-process machines that combine machining operations such as drilling, tapping, milling and interpolation with cutting operations. One Machine- Complete Parts- Start to Finish. Kinetic offers a complete solution for the Structural Steel Industry.	http://www.kineticusa.com
550	Kjellberg Cutting, Inc.	Manufacturer of high precision plasma cutting systems for use in automated production cutting of steel, stainless steel, aluminum and other materials. Kjellberg is a leader in cut quality and cost per cutting foot.	www.kjellbergcutting.com
1564	Kloeckner Metals	Founded in 1906, Kloeckner Metals Corporation is one of the largest metals manufacturing, supply, and service companies in North America. With over 55 branches in the United States, Kloeckner is committed to providing customers with the latest fabrication and processing technologies and the most innovative customer service solutions. Boasting one of the most extensive product	https://www.kloecknermetals.com

		portfolios in North America, our promise is unparalleled quality of both product and service.	
100	Kobelco Welding of America, Inc.	KOBELCO, your best partner for structural steel fabrication, including seismic application is proud to be one of the few companies that develops all of its own original welding materials, welding robots, and welding power sources.	http://www.kobelcowelding.com
1529	Kottler Metal Products, Inc.	Structural steel bending and fabricating specialists. Kottler Metal Products is proud to have one of the largest pipe, tube, and structural steel bending capacities in the Midwest, bending up to 10" angle, 20" pipe and tube, and 40" channel and I-beam, both easy-way and hard-way. Family owned and built on a 100+ year legacy, our business philosophy is based on a dual commitment to quality and service. For five generations we have maintained the tradition of producing the highest caliber of metal fabrications throughout the world.	http://www.kottlermetal.com
1733	KTA-Tator	KTA provides government, facility owners, engineers and contractors peace of mind that the integrity of steel and concrete structures are properly assessed and protected. KTA provides professional consultation and support during any phase of a project - design, construction, post-construction and maintenance. KTA's specialties include steel and concrete fabrication inspection; NDT; coatings and corrosion engineering and inspection; field and lab coatings failure analysis; and coatings training. KTA also distributes a complete line of field inspection instrumentation.	https://kta.com
1753	Lampson International	Lampson International, LLC has one of the largest crane rental fleets with over 400 pieces of equipment. Our cranes range from 300 UST ton to 3000 US ton including Conventional Crawler Cranes, the Lampson Millennium 4100 and 4600 Crawler Cranes and our Lampson proprietary product, the Lampson Transi-Lift. Our offices are located throughout the United States, Canada and Australia. Lampson is a heavy steel manufacturer with ASME U and R stamp qualifications with both welding and machining capabilities. All of our welders are AWS/ASME certified and we work in compliance with AISC codes and standards.	www.lampsoncrane.com

1510	LAP Laser LLC	LAP is one of the world's leading suppliers of systems that increase quality and efficiency through laser projection, laser measurement, and other processes. Every year, LAP supplies 15,000 units to customers in industries as diverse as radiation therapy, steel production, and composite processing. LAP has 300 employees at 8 locations in Europe, America, and Asia.	http://www.lap-laser.com
1723	LARSA, Inc.	LARSA develops advanced 3D finite-element analysis software for bridges. Engineers rely on LARSA as the only software capable of advanced modeling techniques with the essential tools needed to handle complex geometries and elaborate staging. Backed by the industry's most responsive support team, engineers rapidly receive personalized assistance informed by our decades of experience advancing structural analysis software. Visit us to learn why LARSA's Steel Bridge Module leads the way for the design and rating of steel girder bridges at the nation's leading firms and State DOTs.	https://www.larsa4d.com
1005	LeJeune Bolt Company	LeJeune Bolt is the leading international supplier of structural fasteners and tools as well as your source for the ASTM F3148 TNA Fastening System. With the approval of F3148 and the Combined Method by RCSC and upcoming publication by AISC and AREMA F3148 TNA Bolt Assemblies and Torque & Angle installation can be specified with confidence. Contact LeJeune Bolt Company to learn more about how our TNA Fastening System can provide improved efficiency, quality control, and cost savings for your next project.	http://www.lejeunebolt.com
1759	Lichtgitter USA	Based in Houston, TX, Lichtgitter USA manufactures and fabricates grating products using state of the art technologies. Lichtgitter's production procedures and machinery, many protected by patent, were specially designed for the Lichtgitter production process. Gratings for normal and special loading requirements are produced with highly integrated welding and fabrication processes, and our sales and service departments technical expertise are geared to address each of our customer's specific job needs.	https://www.lichtgitterusa.com/
712	Lincoln Electric	Lincoln Electric is the world leader in arc welding, robotic welding systems, plasma and oxyfuel cutting equipment and brazing and soldering alloys. Headquartered in Cleveland, Ohio, Lincoln has a worldwide network of manufacturing, distribution, sales and technical support covering more than 160 countries. For more information about Lincoln Electric and its products and services, visit	http://www.lincolnelectric.com

		the Company's website at http://www.lincolnelectric.com .	
1635	Lindapter	Over 90 years, Lindapter has pioneered the design and manufacture of Structural Steel Clamping Systems and HSS Blind Fasteners, enabling faster steel construction. Products include the Hollo-Bolt, the HSS expansion bolt approved by ICC-ES for all Seismic Design Categories (A through F); while the Girder Clamp is approved for quickly connecting W & S beams. Lindapter connections eliminate the need for time-consuming drilling or welding in the field and reduce time and labor costs.	http://www.Lindapter.com
1343	LNA Solutions	LNA Solutions is the premier supplier of steel-to-steel connection products including Seismic-Approved BoxBolt® Blind Fasteners and BeamClamp® Structural Steel Connectors. Our wide range of pre-engineered connectors deliver safe, cost-effective solutions that never need field drilling or welding, installing easily with basic hand tools, saving you time on the job. High-quality LNA products, services, and warehouses are based in North America. Trust LNA Solutions for every structural application wherever steel connects to steel.	http://www.lnasolutions.com
1247	LS Industries	LS Industries engineers, designs and manufactures surface preparation equipment, including shot blasters, washers and vibratory tubs. Our ability to engineer and manufacture custom solutions allows us to provide the full line of finishing equipment. We are a fully integrated manufacture of airless shot blast cabinets using conveyor and monorail systems. LS Industries has solutions for cleaning rebar, pipe and tubing and structural steel. Solutions can range from fully automated to manual, economical solutions all designed to improve quality and reduce labor.	http://www.lsindustries.com
1041	LTC Software Solutions	LTC Software Solutions is both a custom software developer and a registered Tekla Software Development Expert. We help companies with custom reporting, productivity tools, app integrations, custom app builds, dashboards, portals, and business intelligence. Specific to the steel construction industry, we are experts in Tekla PowerFab / EPM and Tekla Structures. From simple custom reporting out of PowerFab, to integrations with pricing / estimate tools, to complex custom components tapping the API, LTC Software Solutions can improve your firm's productivity and profitability.	https://ltcsoftwaresolutions.com/

1041	LTC Virtual Design and Construction	LTC is a leading virtual design & construction (VDC) firm, providing world class preconstruction through project turnover services to architects, engineers, contractors, and fabrication shops across North America. From its founding as a steel detailing company, to its evolution as a BIM solutions provider, to its most recent expansion into VDC, LTC has always put clients first. With continuous investment into software customization and development, LTC's clients receive service and products that are specific to their individual needs, and efficiently produced in a timely manner.	http://www.LTCvdc.com
1758	LUSAS	LUSAS finite element analysis software provides accurate and cost-effective analysis, design and load rating of steel and concrete bridges. Used widely by Consultants and DoTs for frequency, seismic, dynamic, nonlinear, buckling, fatigue, staged construction, creep and shrinkage, prestress / post-tensioning, soil-structure and rail track-structure interaction modeling and many other forms of analysis. Vehicle-load optimization facilities provides worst-case traffic and rail loading patterns. AASHTO and other design codes supported. Extensive results viewing and reporting options.	https://www.lusas.com
853	Mac-Tech	Our philosophy has remained consistent over the last 40 years: We maintain a relentless obsession to serve our customers. Mac-Tech was founded in 1984 to service and support metal fabrication equipment. We've been in business for over 40 years and are well-positioned to service and support our customer base throughout North America. At Mac-Tech, we strive to develop long-term partnerships with our customers and leave a positive lasting impression every time.	http://www.mac-tech.com
1833	Magni Telescopic Handlers	Magni Telescopic Handlers is the world leader in Rotating, Fixed Boom and Heavy Lift Telehandlers. ELIMINATE THE NEED TO RENT A CRANE! Magni offers 16 rotating models with lift heights from 57 - 167 feet and lifting capacities from 8,800 - 28,600 lbs. There are 100 attachments which allow the machine to serve as a Telescopic Forklift, RT Crane, Aerial Work platform and more. Magni's are the safest, most productive and efficient machines in their class. Check out our new line of fixed boom 10K & 12K machines with safety no one has. We offer 8 heavy lift models with lifting capacities from 22,000 - 110,000 lbs.	http://www.MagniTH.com

1465	Magnum Consulting	<p>We provide a wide array of engineering and design services including Mechanical Conveyor Engineering, Structural Engineering & Detailing, Production Tooling Design, Project Management, and Conveyor/Structural Health Assessments. We create designs for pallet systems, chain on edge, OHPF, IPF, Monorail, Pendulum, lifts, carriers, AGV/AGC, and other equipment/conveyor systems. Our structural engineering team designs large, complex structures using the latest engineering software and technology. Magnum has extensive knowledge in accommodating structures for machines, conveyors, robots, and other heavy industrial equipment.</p>	www.4Magnum.com
1942	MARKO Metal Systems	<p>With over 45 years of know-how in the segment, Marko has established itself as an industry providing solutions in metal systems for the construction market, which perform more than just the functions satisfactorily, but offer the end user, architects, construction companies, and distributor network, fast, economical and efficient processes. Exclusive manufacturer of the Roll-on metal roofing system and MARKO Joists, the Joist in Time system, the company has the ideal solution for small, medium, or large buildings.</p>	www.markosys.com
1620	Maruichi Leavitt Pipe And Tube	<p>Maruichi Leavitt Pipe and Tube is an industry leader, operating four tube mills, with one of the broadest size ranges of structural (ASTM A500) tube, mechanical (ASTM A513) tube, standard pipe (ASTM A53) and automotive (JIS G3445) in the industry. Based in Chicago, IL.</p>	http://www.maruichi-leavitt.com
1243	Max Weiss Co., LLC	<p>Our unique structural rolling/forming process and skilled craftsmen provide exceptional quality and tight radius bending with very minimal distortion or marring. We have the capability of rolling and forming a wide variety of sizes of structural steel sections and tubing easy way, hard way, and off-axis to accommodate the most difficult and unique projects. We also offer many value-added fabrication services including splitting, notching, straightening, trimming, drilling, certified welding and much more.</p>	http://www.maxweiss.com
1459	McLaren Engineering Group	<p>McLaren is a multi-disciplinary engineering firm that specializes in steel building and bridge construction engineering design services. These include primary structural systems, complex connection design, miscellaneous metals, shoring/jacking, tower cranes, bid consultation, crane layouts, and erection stability. McLaren is licensed in 49 states, several U.S. territories and offers 10 offices nationwide with 250+ gifted design</p>	http://www.mgmclaren.com

		professionals. Our solutions blend cutting-edge innovation with a practical approach that is responsive to your needs.	
215	Messer Cutting Systems	Messer Cutting Systems is a global supplier of cutting solutions for the metal-working industry. With our reliable cutting innovations & technologies, superior service, and intelligent software solutions, we are setting standards of solutions, services, and support worldwide. As the leader in the thermal cutting industry, we are working on smarter, faster, and more reliable solutions as an added value for our customers. This is what motivates our nearly 1,000 experienced employees in five main locations every day. Messer Cutting Systems is actively supporting our customers in more than 50 countries.	https://us.messer-cutting.com
1747	Metal Supermarkets	The world's premier metal supplier! Instant access to over 8,000 types, shapes and grades of metal. We make finding, buying and receiving the metals you need easy!	https://www.metalsupermarkets.com/
817	Metals USA	Structural fabricators across North America trust and rely on Metals USA for their structural steel requirements. Metals USA is the industry leading source for extensive inventory, and sophisticated processing services including plate burning/drilling, tee splitting, cambering and press brake forming. Learn more about our wide range of product offerings to find out how we can help you achieve greater bottom line results. Steel, Processing, Service and Commitment. Metals USA - Your partner for all your steel needs.	http://www.metalsusa.com
112	MetFin Shotblast Systems	MetFin Shotblast Systems is a 40 year old American manufacturer of industry leading, heavy-duty, automated shotblast equipment. Built on a lead team having hundreds of years of combined experience, we meet the unique production requirements of each customer by providing flexible and innovative solutions. MetFin tailors systems to integrate seamlessly into new or existing operations and provide years of dependable service in this demanding industrial environment. We take pride in building durable, easy-to-maintain blast equipment with a focus on our customers' long term satisfaction.	http://www.metfin.com
1141	Meyer Borgman Johnson	Meyer Borgman Johnson (MBJ) provides PE licensed steel connection design, connected model delivery, erection engineering, stair & rail engineering, and related services to the structural steel community. We have one of the largest connection teams servicing the US and Canadian markets. Providing consistent quality services, economic solutions and timely results are our top	http://www.mbjeng.com

		priorities. These services are a subset of our broad structural engineering services for the built environment. We have 80+ structural engineers and are licensed throughout the US and Canada.	
542	Mid Atlantic Global	At Mid Atlantic Global, we live and breathe fabrication technology. That's just one of the reasons businesses who process metal to make parts and products turn to us when they need new equipment. Our team has decades of experience working with small job shops and international manufacturers alike, and can specify, design, procure and install the perfect machine for just about any application.	http://www.midatlanticglobal.com
1351	Miller Electric Mfg LLC	Miller® is about building things that matter. We lead the welding industry in building advanced, solution-focused products and meeting crucial needs for welding safety and health. We're about the partnership and the work. Our products are designed with our users for manufacturing, fabrication, construction, aviation, motorsports, education, agriculture and marine applications. Miller Electric Mfg. LLC, is headquartered in Appleton, Wisconsin, and wholly owned by Illinois Tool Works (NYSE: ITW). The company maintains its industry leadership by setting the standard for reliability, quality and responsiveness. Our tagline, "The Power of Blue®"	http://www.millerwelds.com
1809	Miner Grating Systems, a Powerbrace Company	Miner Grating Systems is North America's leading manufacturer and fabricator of grating products. Our lines consist of bar grating (Premier Grate), diamond safety grating (Premier Diamond), and round hole safety grating (Premier Grip). Our mission is to provide the highest quality grating products and be the most cost effective solution provider. We welcome the opportunity to partner on any projects requiring grating for steps, platforms, or walkways for use on OEM equipment or in plant maintenance.	http://www.minergrating.com
1449	MOLD-TEK Technologies Inc.	Mold-Tek Technologies, Inc. is a part of a 100 million group and stands as one of the foremost Engineering and Technology solutions partners for major players in the market. Our core expertise lies in delivering Structural Steel Detailing and Engineering services, as well as Connection Design Certification and Sealing with BIM Coordination for Steel Fabricators across the USA and Canada. Adhering to ISO9001:2015 certification quality processes, We have consistently fostered enduring partnerships with our clients since our establishment. Our commitment is reflected in substantial internal investments in software development, QC and training.	http://www.moldtekengineering.com

1801	NASCC Exhibit Sales	<p>NASCC: The Steel Conference is an affordable and easy way to reach your target customer. As an exhibitor, you can count on The Steel Conference to deliver more than 6,000 industry professionals; more than any other industry event of its kind. The Steel Conference exhibit hall is your chance to personally interact with key decision-makers in the structural steel industry. When it comes to steel design and construction, these key industry players come to find out what's new, who's got it, and how it can work for them. Don't be left out. Join other top suppliers and manufacturers today!</p>	<p>http://www.aisc.org/nascc/exhibit</p>
2125	National Association of Women in Construction	<p>The National Association of Women in Construction (NAWIC) originated as Women in Construction of Fort Worth, Texas. Sixteen women working in the construction industry founded it in 1953. Knowing that women represented only a small fraction of the construction industry, the founders organized NAWIC to create a support network for women working in a male-dominated field. Women in Construction of Fort Worth was so successful that it gained its national charter in 1955 and officially became the National Association of Women in Construction. Today, NAWIC is still based in Fort Worth and has over 115 chapters throughout the United States that prov</p>	<p>www.nawic.org</p>
2063	National Institute of Steel Detailing, Inc.	<p>The National Institute of Steel Detailing (NISD) is an international association that advocates, promotes and serves the interests of the steel detailing industry. We are comprised of company owners and professionals in the steel industry and offer membership to steel detailing firms and associated companies and individuals. By fostering a professional approach to business and advocating improved quality through member networking, education and certification, our members are highly regarded by fabricators, architects, engineers and contractors.</p>	<p>http://www.nisd.org</p>
1863	National Steel Bridge Alliance	<p>The National Steel Bridge Alliance (NSBA), a division of AISC, is a non-profit organization dedicated to the advancement of steel bridge design and construction. NSBA fosters collaboration between bridge fabricators, steel mills, and the bridge design and construction community. Stop by to talk to us about bridges--and shoot some hoops, check the latest March Madness scores, and test your steel knowledge with our trivia challenge!</p>	<p>http://www.aisc.org/nsba</p>

1117	New Millennium	Control project costs, enhance project performance and ensure project success with New Millennium. From steel joists and joist girders to steel roof and floor deck, we engineer and manufacture cost-efficient, high-performance building solutions for a range of commercial applications. Our specialists assist you in specifying and engineering the steel joists and steel deck best suited for your project, whether it's in the education, multi-family, multi-story office, warehouse or large-venue market. With manufacturing facilities across North America, we're built for collaborative, expedited project delivery.	http://www.newmill.com
1750	Nexus Steel Detailing, Inc.	Nexus, with a highly experienced staff, provides connection design & steel detailing services for industrial and commercial steel structural projects. Detailing services include 3D modeling using Trimble Tekla software, generation of erection drawings, detail drawings, gather sheets, NC, DXF, KSS, EJE, SDNF IFC files and customized reports per customer requirements. Connection Design Services include design of connections per AISC standards in ASD or LRFD. We have the capability to design all connection types and the expertise to produce unique and complex designs in Excel or Mathcad. We maintain PE licensure in several states in the US.	https://www.nexus-es.com
1741	Nitto Kohki U.S.A., Inc.	We manufacture the automatic feed magnetic base drills that self-regulate feed speed for optimum cutting with a number of safety features. These machines with JetBroach carbide-tipped cutters can significantly increase production while reducing labor hours and hazardous work. We also manufacture many other metalworking tools including portable Hydraulic Punches, Bevelers, Pneumatic and Electric power tools.	http://www.nittokohki.com
2144	North Shore Steel	North Shore Steel (NSS) is a customer-focused and technology-driven metals service center that offers numerous value-creating solutions to fabricators, OEMs, EPCs, resellers, and end users. With locations in Houston and Beaumont, NSS provides extremely fast delivery across a full range of structural steel, sheet, and plate products. NSS also utilizes its state-of-the-art processing equipment and highly experienced team to save time on projects, improve material utilization, and increase customer capacity. Value-added processing services include CNC plasma, oxy fuel, waterjet, and laser burning, heavy plate rolling and press forming, & more.	https://nssco.com

701,801,901	Nucor - Beam Mill Group	Nucor has two beam mills: Nucor-Yamato Steel Company in Blytheville, AR and Nucor Steel Berkeley in Huger, SC. The Nucor-Yamato facility is the only North American producer of Aeos™ ASTM A913 high-strength structural steel beams. Beam Mill Group manufactures wide flange structural steel shapes (up through W14730 columns and W44 beams), H-piles (including HP16 and HP18), sheet piling, angles, channels and car building shapes. Grades include ASTM A36, ASTM A572, ASTM A588, ASTM A690, ASTM A709, ASTM A992, ASTM 913; and CSA G40.21-13 Grades 345WM and 345WMT.	http://www.nucoryamato.com
701,801,901	Nucor - Corporation	Nucor is North America's largest and most sustainable producer of steel and steel products. Nucor and its affiliates manufacturer an unmatched array of steel and steel products including: carbon and alloy steel—in bars, beams, sheet and plate; hollow structural section tubing; electrical conduit; steel piling; steel joists and joist girders; steel deck; fabricated concrete reinforcing steel; cold finished steel; precision castings; steel fasteners; metal building systems; steel grating; wire; and wire mesh.	http://www.nucor.com
701,801,901	Nucor - Fastener Division	Nucor Fastener manufactures high-quality hex head cap screws, finished hex nuts, structural bolts, nuts, assemblies, flange bolts and built-to-print fasteners, head styles and dimensions. Grades can be customized to meet individual specifications.	http://www.nucor-fastener.com
701,801,901	Nucor - Plate Mill Group	Nucor Plate Mill Group manufacturers a wide range of carbon, alloy, high-strength low alloy (HSLA), pressure vessel and heat treated (normalized and quench and tempered) products available as discrete, cut-to-length or coiled plate. Our mills offer a wide range of gauges, widths, lengths and grades that are customized to meet each individual customer's precise specifications.	https://nucor.com/products/steel/plate
701,801,901	Nucor Skyline	Nucor Skyline is the one source for all your piling needs, supplying and manufacturing an unparalleled assortment of bearing piles, sheet piles, spiralweld, rolled and welded, and ERW pipe, anchors, micropiles, threaded bars, tie rods, wide flange, other structural sections and accessories. Skyline Steel, LLC (doing business as Nucor Skyline) is a wholly-owned subsidiary of Nucor Corporation, North America's most diversified steel and steel products company. Nucor Skyline serves the United States, Canada, Mexico, the Caribbean, Central America and Colombia markets.	http://www.nucorskyline.com

701,801,901	Nucor Tubular Products	Nucor Tubular Products is committed to unmatched quality and service. With eight locations located across the United States and a vast array of sizes and products produced, we can meet any specifications your project requires. NTP manufactures high quality HSS, piling, A53 pipe, fire protection sprinkler pipe, auto mechanical tubing and electrical steel conduit meeting ASTM A500, A1085, A53, A513, A252 and A153/A175 specifications, among others. Our products are made from Nucor sheet steel from an electric arc furnace (EAF), making them the most sustainable tubular products available.	https://www.nucortubular.com/
701,801,901	Nucor Vulcraft/Verco Group	The Nucor Vulcraft/Verco Group engineers and manufactures steel joists and deck for structural roof or floor systems, steel bar grating and RediCor, a modular steel form system for concrete stair and elevator cores. We also offer multiple design tools and resources to support the design community.	http://www.vulcraft.com
1064	NuWave Laser Cleaning	Laser cleaning is a non-contact method of removing surface contaminants, such as rust, dirt, dust, and oxidation, from a variety of materials. It uses a focused beam of light energy to vaporize and remove the contaminants without causing damage to the underlying substrate. Laser cleaning does not produce any chemical waste, making it an environmentally friendly option. One of the main benefits of laser cleaning is that it is highly precise and can target specific areas without affecting surrounding areas. Additionally, it is a fast and efficient process that can save time and labor costs compared to traditional cleaning methods.	https://www.nuwavelaser.com
2019	Oates Metal Deck & Building Products, Inc.	Oates Metal Deck is a stocking distributor of SDI Manufactured Steel Roof Deck and Composite/Non-Composite Floor Deck. We offer expedited Lead Times for supplying jobs all over the country as we have most profiles in stock in various gauges and lengths and can cut to size, organize logistics, and have projects detailed to avoid unnecessary waste. We also stock and distribute accessories such as Fasteners, Weld Washers, Cell Closure, Pour Stop, Girder Filler, etc.	https://oatesmetaldeck.com/
512	Ocean Machinery, Inc.	Ocean Machinery delivers versatile and affordable solutions for the small to medium fabricator. Including: * OCEAN AVENGER & AVENGER PLUS - the world's best-selling CNC beam drill lines * OCEAN CLIPPER II - the most compact CNC angle line * OCEAN LIBERATOR - the most affordable CNC beam coping machine * OCEAN	https://www.oceanmachinery.com

		BLASTER - the smallest footprint shot blasting solution * OCEAN CHALLENGER - a compact, automated welding robot. Plus, several other game changing solutions that improve the efficiency & profitability of fabricators worldwide!	
1766	Ohio Gratings, Inc.	Ohio Gratings is a leading manufacturer of aluminum, carbon, and stainless-steel bar grating products—all proudly made in the USA. We deliver a blend of artistry, safety and innovation that's unmatched. From design and manufacturing to custom fabrication, our grating experts partner with you to find the complete solution to meet your needs. Our Traction Safety Products—ALGRIP® and OnGrip® provide increased traction on grating and metal flooring applications meeting ADA and OSHA requirements. It's this search for the unexpected that helps us repeatedly surprise and satisfy customers, keeping them "A Step Ahead."	http://www.ohiogratings.com
1912	OpenBrim Platform	Taking complexity out of digital/brim delivery! OpenBrim is the world's first and only on-cloud, collaborative parametric information modeling platform that combines 3D modeling, FEA, CAD, code check, load rating, inspection, asset management and more in your web browser. Not only do we provide high ROI on resources by automation, reusability, and interoperability but we also provide flexibility by customized workflows and dedicated engineering support. Having industry-leading customers and the OpenBrim community, we are the pioneers of digital transformation and innovation. Try for free in your web browser!	https://openbrim.org
1849	OTH - Remote Controlled Hooks	Our remote controlled hooks are designed to enable working teams to release the rigging from a safe distance and perform more lifts in a workday.	https://othrigging.com
1253	Ovation Services LLC	Ovation Services is a leading provider of engineering services. Combining experience, technology and a client-centric approach, Ovation Services provides Structural Steel Detailing, Connection Design and BIM Services across the United States. The Acquisition of MMW, Inc. a detailing firm with over 30 years experience in the steel industry, gives Ovation Services a talented project management team to ensure a quality product. Strong leadership, global resources and US based checking uniquely qualify Ovation to be your preferred partner.	http://www.4ovation.com

1333	P2 Programs	<p>P2 Programs means state of the art barcoding and tracking. We set the industry standard for quality barcoding and efficient tracking of structural steel from raw material receipt to erection on site. Employing P2 Programs' web-based product—STSX—you get instant, real-time information accessible from virtually any device. Since 1986, we've used Auto-ID technology to improve manufacturing process tracking. With our real-time update capabilities, we offer you the technological expertise and on-the-job experience needed for an affordable and successful solution to the challenges of manufacturing operations.</p>	<p>http://www.p2programs.com</p>
1609	Pacific Stair Corporation	<p>Pacific Stair Corporation, a leader in advanced stair system technology, has been located in Salem, Oregon for over thirty years. Pacific Stair develops, manufactures, and provides a stair system that meets or exceeds current international building codes. Our stair systems are engineered to make the most efficient use of materials and labor, reducing costs and improving delivery times. Our customers know that we care about their schedule and required delivery dates.</p>	<p>http://www.pacificstair.com</p>
1305	Pan Gulf Technologies	<p>Pan Gulf Technologies is an ISO 9001 : 2015 certified Multi-Disciplinary Engineering Solutions company with specialization in Structural & Miscellaneous Steel Detailing as well as Connection Design. As one of the top steel detailing companies globally, we use Tekla and SDS/2 (350+ licenses) to produce 3D models and detailed fabrication & erection drawings for Industrial, Commercial and Infrastructure projects worldwide. Our strengths: 5000+ Projects Delivered, size ranging from 50 - 50,000 Tonnes 600+ Expert Engineers 20+ Years of Proven Track Record 6 Offices / Delivery Centers across the Globe</p>	<p>https://www.pangulftech.com</p>
1641	Paramount Roll and Forming, Inc.	<p>Paramount Roll & Forming, Inc. specializes in the fields of Aerospace, Architectural, Commercial, Construction, Entertainment, Food, Industrial, Oil, Public Art, and Pharmaceutical. We also specialize in curved staircases including installation, heat induction bending, rolling for heavy plates, angles, tubes, pipes, and beams.</p>	<p>http://www.paramountroll.com</p>
2158	Pathways	<p>Pathways is a platform to simplify and accelerate the creation of product Life Cycle Analysis (LCAs) and Environmental Product Declarations (EPDs) for material manufacturers. As the climate crisis accelerates, regulators around the world are demanding greater compliance with carbon-reduction policies and greater</p>	<p>https://pathwaysai.co/</p>

		transparency from industrial processes. We streamline the creation of Buy-Clean and EU compliant environmental product declarations (EPDs). They're like environmental nutrition facts for materials. But instead of calories and carbs, we measure chemicals and carbon.	
1664	PDM STEEL	Established in 1954, and headquartered in Elk Grove, California, PDM Steel is a leading steel supplier with 10 service locations across the Western United States. The Company provides value-added processing services and distributes a full line of steel products across a broad range of industries.	http://www.pdmsteel.com
400	Peddinghaus Corporation	Peddinghaus Corporation produces the toughest steel fabrication technology in the world. Every hand-assembled machine is the gold standard for what structural steel fabrication equipment should be. We understand that our machines are more than just a tool for our customers, it's the lifeblood of their company. We dedicate ourselves to working closely with fabricators throughout every step of their Peddinghaus experience - because when they succeed, we succeed together.	www.peddinghaus.com
351	Pioneer Machine Sales	Pioneer Machine Sales represents the global leaders in metals fabrication and machining for manufacturing processes. We distribute machinery in Texas, Arkansas, Louisiana, and Oklahoma. With more than 20 years of experience in custom metal fabrication, our goal is to offer the newest innovations in machinery and manufacturing practices from around the world with the highest quality and lowest cost per part. We offer top of the line brands from world class leaders in the industry, specializing in all types of products, from small scale to large production manufacturing facilities.	www.pionermachinesales.com
1824	Power of Design Group, LLC	Power of Design Group, LLC (POD) is a consulting engineering firm supporting the private and public sectors. Our team of engineers and professionals design, analyze, and maintain new and existing infrastructure. We design retrofits to steel and reinforced concrete systems nationwide and have experience in the analysis of truss and moment frame structures. POD is also involved in connection detailing, fabrication review, and building design and alterations.	http://www.podgrp.com

1534	PPG Protective & Marine Coatings	PPG delivers protective coating solutions for a wide range of industries. Whether our customers need proven protection from corrosion, high temperatures and fire or want to ensure durability and aesthetic performance that will protect valuable assets, we have the advanced coating systems that can meet the specific needs of any environment.	http://www.ppgpmc.com
551	Precision Steel Systems	Precision Steel Systems would like to introduce the PLS-624. A miscellaneous metal layout table for quick and accurate layout for railings, ladders, stair stringers, and more. With its ergonomic design for workers, simple programming, and economic price point, the PLS-624 will show quick return on investment for any shop looking for alternatives to making up for the skilled labor shortage.	http://www.precisionsteelsystems.com
2009	Procore	Procore helps firms drastically increase project efficiency and accountability by streamlining and mobilizing project communications and documentation. This real time data and accessibility minimizes costly risks and delays—ultimately boosting profits. Using our award-winning suite of project management tools, over 2 Million registered Procore users across the globe manage all types of construction projects including industrial plants, office buildings, apartment complexes, university facilities, retail centers, and more.	https://procore.com
832	Prodevco Robotic Solutions Inc.	Prodevco Robotic Solutions offers Advanced Robotic Plasma Steel Cutting systems. There are three models the PCR42, PCR41 and PCR 31 that will process standard structural steel profiles, and round tubes from 4 to 26", cuts copes, notches, holes and weld preps, splits beams, and scribes and marks on all four faces of H-beams, channels, angles, HSS and plates using automated robotic technology. All-in-one system reduces fabrication time, manpower and materials to meet everyone's goal: lower manufacturing costs.	http://www.prodevcoind.com
1955	Project + Quality Solutions	At any stage of a project, PQS represents the project owner, contractor and fabricator to provide 3rd party representation, interpret project specifications, deliver reasonable solutions, maintain project schedule, train and certify personnel, provide expert witness services and maintain project schedule. For quality assurance, process planning and evaluation, quality control inspections, project management and engineering, count on industry experts from PQS. We offer scalable resources, value engineering, project management/Engineering, nondestructive testing and dispute resolution.	http://www.projectqualitysolutions.com

1009	Qnect LLC	<p>Qnect partners with project teams to create early connected steel models. These early connected models contain more information than typical 3D models used for bidding. The supplemental information in an early connected model results in lower and tighter bids, helps reduce project schedules and cost overruns, and ultimately aids in expediting the process of designing, fabricating and erecting structural steel. To learn more about how structural steel project teams use Qnect, please visit: https://www.qnect.com/customer-success-stories</p>	http://www.qnect.com
1519	Qualis Solutions, LLC	<p>The team at Qualis Solutions has over 30 years' experience detailing structures throughout the US using AISC standards. Over the years, we've created drawings for a wide range of projects including office buildings, hospitals, schools, warehouses and airports. Qualis is best known for our focus on miscellaneous metal detailing. Our team of 18 detailers have mastered the art of stairs, railing, canopies, balconies and many other miscellaneous designs. You'll find us easy to work with and a reliable part of your project.</p>	http://www.qualissolutions.com
1464	Quality Emphasis Steel Solutions Pvt Ltd.	<p>QESS is an innovative steel detailing company dedicated to delivering high quality steel detailing services to steel fabricators, engineers, contractors and the construction industry since 2006. Quality, accuracy, efficiency and business integrity are the fundamentals we employ to ensure each job is done right the first time. Our total experience in detailing field can be counted at 36 years. QESS is in business since past 15 years.</p>	http://www.qessindia.com
1866	Quality Management Company, LLC	<p>QMC provides auditing services which includes the AISC Certification Programs. Stop by and meet with our auditors for information about an upcoming audit, questions about certification, or just to chat with our auditing staff.</p>	https://www.qmcauditing.com/
1560	Qubatic Steel Detailing LLC	<p>Qubatic is a progressive firm offering comprehensive Steel Detailing, Connection Design, Estimation and BIM Modelling services. We recognize the importance of delivering great value and experience to our clients in every project. To meet these performance standards, we have worked hard over these 11 years to develop a technical expert team of Detailers & Checkers along with the cutting-edge technology required for modern-day needs with all required infrastructure in a spacious office space. Qubatic is an ISO 9001:2015 certified by TUV and an Associate member of AISC and NISD.</p>	http://www.qubatic.com

1521	QuickFrames USA	QuickFrames is a leader in engineered structural steel roof frames for commercial construction, helping to speed and simplify the installation of mechanical equipment and structural framing on new construction and tenant improvement projects since 2015. Its award-winning bolt-in frames and drop-in frames are proven to save customers time and hassle with job site coordination while eliminating common delays with traditional angle iron framing options. QuickFrames offers engineering, award-winning service, and fast production and delivery to the U.S. and Canada. To learn more, visit www.quickframes.com .	http://www.quickframes.com
1731	R.J. Watson, Inc.	R. J. Watson, Inc. delivers a diverse and custom range of products and services to customers around the world, providing high load, multi-rotational bearings, seismic isolation devices, and expansion joint systems to the bridge, highway and heavy construction industry.	http://www.rjwatson.com
1105	Radley LLC	Increase visibility to materials with Job-site Tracking and Traceability while maximizing your workforce with Labor Tracking. Streamline and automate work flows with bar code or RFID scans while reducing errors with real-time data validations. Track Work-in-Progress (WIP) and validate loads against Tekla PowerFab (FabSuite), or other business systems.	https://www.radley.com/steel/
1846	Raken	Raken streamlines field operations and provides jobsite data in real time. Built for the field, our mobile and web apps are easy to use, so field crews document progress and keep the office updated—no extra effort or training required. Increase communication and project visibility with daily reports, time cards, production tracking, toolbox talks, safety & quality checklists, and more. Trusted by more than 39,000 contractors including Level 10 Construction, J.W. Danforth, Sundt, and Opus Mechanical.	https://www.rakenapp.com
1953	Ray Fu Enterprise Co., Ltd.	Ray Fu was founded in 2000 to market steel wires and fasteners to the global market as a professional screw manufacturer and exporter. The company has facilities ranging from wire processing plants, fastener factories, heat treatment factories, and packaging warehouses. Ray Fu produces screws geared for the construction and automotive industries and wires for manufacturing fasteners. Aiming at providing superior quality, Ray Fu is ISO 9001, ISO 14001, IATF16949 and AS 9100D certified to meet customers' demands.	https://www.ray-fu.com

750	Republic Steel		www.republicsteel.com
1651	REX Engineering Group	<p>REX Engineering Group (previously known as REX Conn Design) is a multi-disciplinary engineering firm focused on Structural, MEP, and Connection & Construction Engineering, also providing Construction services and Technology solutions. Our engineers are experts with decades of experience in a wide variety of market sectors and project types across the US & Canada. Our designs are efficient and economical, always focused on project budgets. We view every project as a unique solution, looking for opportunities to advance new ideas and technologies. We pride ourselves on our commitment to our clients & projects.</p>	http://www.rexeg.com
911	RISA	<p>RISA has been developing leading-edge structural design and optimization software for over 30 years. Our products are used by 24 of the top 25 US design firms in over 70 countries around the world for towers, skyscrapers, airports, stadiums, petrochemical facilities, bridges, roller coasters and everything in between. The seamless integration of RISAFloor, RISA-3D, RISAFoundation and RISAConnection creates a powerful, versatile and intuitive structural design environment, ready to tackle almost any design challenge.</p>	http://www.risa.com
2143	Ronstan Tensile Architecture	<p>World Class provider of Structural Rod and Cable Assemblies for Tensile Elements. Discover excellence in tensile architecture with Ronstan Tensile Architecture. As pioneers in the field, we've left our mark on iconic projects worldwide, from structural bracing to breathtaking bridges and innovative glass curtain walls. Our comprehensive solutions and expertise ensure your vision becomes reality, no matter the scale or location. With Ronstan, your path to completion is streamlined and seamless. Explore our versatile rod/bar systems and cables, available in a range of materials and sizes, meticulously crafted to elevate both form and function.</p>	https://www.ronstantensilearch.com/
2113	SCHULLER&Company	<p>SCHULLER&Company supports companies in the building industry on their journey towards digitalization. In May 2022, Schuller & Company acquired bocad, a detailing software for structural engineering that has been setting standards in steel construction since 1983. bocad is a recognized and proven software used by renowned companies worldwide, with over 500,000 projects successfully delivered. It is known for its high level of quality and accuracy in automatic fabrication deliverables, which helps to avoid wasted time editing drawings,</p>	https://www.bocad.com

		reduces the risk of errors, and minimizes rework on site.	
126	Scotchman Industries, Inc.	Scotchman Industries is the most trusted hydraulic ironworker manufacturer in the USA (45-150 tons) & also builds a complete line of Circular Cold Saws: manual to fully automatic and a line of Hydraulic Presses: 66-176 ton. Scotchman also distributes a complete line of Digital Measuring Systems, Tube & Pipe Notchers/Grinders, and a Band Saw.	www.scotchman.com
1751	Scougal Rubber Corp	Manufacturer of bridge bearing pads, assemblies, and complex steel bridge bearing components. AISC & NTPEP certified.	http://www.scougalrubber.com
1828	SDC Verifier	SDC Verifier is a software solution for structural design, simulation, and verification according to various industry standards and codes. It can be used independently or with Ansys, Femap, and Simcenter 3D. SDC Verifier automates the recognition of structural items, the application of loads and load combinations, the optimization of model components, and the generation of reports with calculation results. SDC Verifier helps engineers to save time and effort and to achieve optimal design outcomes.	www.sdcverifier.com
915	SDS2 by ALLPLAN	SDS2 is a leading provider of steel design software. A product of ALLPLAN, we support steel projects in the BIM cycle from design to construction and empower our users to deliver at the highest levels of quality and efficiency.	http://www.sds2.com
2022	Seismic Bracing Company	We are makers of Buckling Restrained Brace (BRBs). The state of the art braces for bracing buildings and other structures during earthquakes. As the name implies, BRBs do not buckle. They smash and stretch axially absorbing seismic energy. We have patented a simple, easy and repeatable methods to manufacture BRBs, which brings better value to projects. Our methods have been fully tested and exceed governing building code requirements. All our projects to date have been a great success for our clients and us.	https://www.thesbcllc.com/
2059	SEU (formerly SE University) by SE Solutions	SEU (formerly SE University) helps structural engineers get high quality continuing education via web seminars in a format that is economical and easy to use. Every subscription includes access to both live sessions, as well as past session recordings through the SEU Learning Portal. In addition, subscribers get access to the "EIT Ramp Up" series to help younger engineers become productive faster. Provide the benefit of ongoing education to your engineers by participating in SEU!	http://www.LearnWithSEU.com

750	Seyco Joist	Structural Steel fabricators (Steel Joist, Steel Deck and Structural facilities)	https://seycojoist.com/
1752	Shandong Hanpu Machinery Industrial Co., LTD	China's most professional Electric Torque wrench and Shear wrench manufacturer. Accept customized production. Newly products keep on the way.	https://www.hanpuindustrial.com/
2115	Shannon Galvanizing	Shannon Galvanizing, LLC, "Shannon" is a galvanizing company, whose sole purpose is to provide quality galvanizing and excellent services to its customers. To provide those excellent customer services, Shannon believes in the following pillars to excellent customer satisfaction: (1) Quality Galvanizing (2) Customer Service and Experience (3) Market Pricing (4) Promised Turnaround. Quality galvanizing is a promise to its customer that all galvanizing will meet ASTM 123 specifications. Customer service and experience is a promise to Shannon's customer that the customer is #1 and that Shannon values all its customers.	https://www.shannongalvanizing.com/
1735	Sherwin-Williams Protective and Marine	Sherwin-Williams Protective & Marine coatings are ideal for shop application and available through its over 4,700 distribution locations. Our Sherwin-Williams NACE and SSPC-certified corrosion experts ensure that your projects use technologies that reduce the critical planned timeline and achieves its expected service life. For more information, contact us at swprotective@sherwin.com .	http://protective.sherwin.com
1508	Shop Data Systems, Inc.	Shop Data Systems (SDS) has been servicing the steel fabrication industry for more than 30 years with CAD/CAM software solutions. The system will import flat plate components directly from your structural design software. System features: imports file-embedded quantity and material; import multiple files in seconds; import DSTV or DXF files; machine tool paths are applied automatically; tools with or without piece mark; automatic shape nesting; chain cutting; common line cutting; automatic plate trim; personalized training and support; and remnant inventory tracking.	http://www.shopdata.com
1762	Short Span Steel Bridge Alliance	The Short Span Steel Bridge Alliance (SSSBA) is a group of bridge and buried soil steel structure industry leaders who have joined together to provide educational information on the design and construction of short span steel bridges in installations up to 140 feet in length.	https://www.shortspansteelbridges.org

1423	SidePlate / MiTek	SidePlate™ Connection Designs and engineering services are now part of the MiTek® portfolio of solutions. MiTek is a platform innovator and enabler that exists to transform the building industry with better building solutions. Our software, services, engineered products, and automation enable our customers and partners to transform the way they design, make, and build. SidePlate Connection Designs put steel where a building needs it to reduce the overall tonnage, minimize required connections, and accelerate erection times.	http://www.mii.com
2108	SigmaNEST		https://www.sigmanest.com
1215	Simpson Strong-Tie Co.	Simpson Strong-Tie, one of the largest suppliers of structural building products and technology in the world, is dedicated to helping build safer and stronger structures. We offer the commercial steel industry a suite of products backed by research, development, and rigorous testing, combined with our software offerings and services. Visit us www.strongtie.com .	http://www.strongtie.com
2140	SketchDeck.ai	SketchDeck.ai is focused on accelerating automation in the Construction Industry. We have developed LIFT, an automated material take-off software that is changing the way estimators work in the steel industry. It is the first solution for structural steel take-offs that uses AI and Machine Learning to identify beams and other structural elements automatically from 2D engineering drawings. LIFT saves estimators by automating tedious, manual, and repetitive tasks in take-offs. With LIFT, what used to take hours can now be done in a matter of minutes, reducing human error and ensuring accuracy and efficiency in the estimation process.	www.sketchdeck.ai
1341	Skidmore-Wilhelm	For more than 70 years, Skidmore Wilhelm been the standard tool to verify bolting methods (pre-installation verification). Recently we have developed an online training program to save time and help Ironworkers to safely do their jobs. Please visit our training site at www.skidmore-training.com . We are also the world's leading supplier of devices to test impact wrenches.	http://www.skidmore-wilhelm.com
2011	SkyCiv Engineering	SkyCiv offers a range of powerful, yet easy to use, structural engineering software. Focusing on mainly steel analysis and design, SkyCiv allows users to model and analyze complex structures easily and quickly. Because SkyCiv software is completely on the cloud, you can access your files and software from any device at anytime. Simply log in via a web browser from your	http://skyciv.com

		computer, laptop, tablet or mobile and get access to powerful software when you need it. Learn more at www.skyciv.com today!	
1858	Smithwick Engineering	Smithwick Engineering is a professional engineering firm that specializes in on-site observation and dimensional survey for a broad range of material handling appliances. Systems that we specialize in: Overhead cranes and Runways Specialized lifting appliances Jibs & Monorails BTH Lifting Devices Our team is trained to support from concept development to final installation and testing. With a skilled team of project managers, professional engineers, inspectors and surveyors, we can support all material handling needs, from cradle to grave.	www.smithwickeng.com
120	Soitaab USA Inc	Since 1938, Soitaab has been a world leader in the manufacture of CNC Plasma , flame , Laser and Water Jet cutting machines. Soitaab's equipment offerings range from simple plug-and-play machines to highly engineered all-in-one heavy fabrication lines. Our machines can be equipped with several accessories such as drilling and taping units, surface and hole milling, bevel heads for welding prep, countersinking, marking, pipe and dome cutting, sophisticated handling systems and many others.	http://www.soitaabusa.com
1442	South Atlantic Galvanizing	We provide hot dip galvanizing per ASTM A123 to Fabricators and OEMs all over the country. We have nine strategically located galvanizing plants throughout the south east US. Please make an appointment, or look at our brochure to learn more.	http://www.southatlanticllc.com
1763	SprayTec Coating Solutions, LLC	SprayTec Coating Solutions provides "One Source" for your Industrial Service Solutions. SprayTec offers a broad range of Field and Shop applied surface technology solutions including: Thermal Spray/Metalizing, Specialty Coatings and Linings, Epoxy and Plural Coating Systems, Safety Traction/Anti-Skid, Atmospheric and Chemical Corrosion, Abrasive Blasting Surface Preparation, and Lead and Asbestos Abatement. Union and Open Shop Non-Union operations through Teaming efforts.	http://www.sprayteccoat.com
1209	St. Louis Screw & Bolt	Selling direct to structural steel fabricators, St. Louis Screw & Bolt is one of the oldest structural bolt manufacturers in the USA. Specializing in ASTM F3125 heavy hex & tension control structural bolts in grades A325/F1852/120ksi & A490/F2280/150ksi, types I and III, plain, mechanically galvanized, hot dip galvanized, F1136 & F2833 coatings. St. Louis Screw & Bolt also has a very large inventory of other construction fasteners including	http://slbolt.com

		anchor bolts, weld studs, & concrete anchors just to name a few.	
2013	Stainless Structural America	Stainless Structural is a global producer and supplier of sharp cornered stainless steel and carbon steel structural shapes and special custom profiles. Our standard stainless steel sections replicate the dimensions of the A6 carbon steel platform. Through a multitude of production technologies, including laser welding and extruding, we continue to be a world leader in stainless steel structural shapes and steel profiles. Our value added services include customizations, fabrication, polishing, and more. No matter the size and scope of your project, we can provide the best steel solutions for your project's designs and demands.	http://www.stainless-structurals.com
1530	Steel and Pipe Supply	Steel and Pipe Supply Company, Inc. distributes high-quality carbon steel to customers across the Midwest. We keep a large inventory in multiple warehouses, provide value-added processing services, and maintain a strong distribution network - all to help our customers get the steel they need quickly, efficiently, and at a competitive price. We have warehouses and processing facilities optimally located in and around: Houston, TX. Longview, TX. Tulsa, OK. St. Louis, MO. Kansas City, KS.	http://www.SteelAndPipe.com
2058	Steel Deck Institute	Founded in 1939, the Steel Deck Institute (SDI) is a trade association representing steel deck manufacturers and those manufacturing products used in conjunction with steel deck. The SDI actively publishes design manuals, develops standards for steel roof and floor deck, offers website tools, provides an industry standard EPD, offers educational opportunities, and supports research related to steel deck. Our most recent publications are the 2022 ANSI Standards. These include the new and combined ANSI/SDI SD-2022, and the renewed ANSI/SDI T-CD-2022 and ANSI/SDI QA/QC-2022. Download at www.sdi.org .	http://www.sdi.org
1109	Steel Dynamics Long Products Group	Steel Dynamics, Inc. is one of the largest domestic steel producers and metals recyclers in the United States based on estimated annual steelmaking and metals recycling capability, with facilities located throughout the United States and in Mexico. Steel Dynamics produces steel products, including hot roll, cold roll, and coated sheet steel, structural steel beams and shapes, rail, engineered special-bar-quality steel, cold finished steel, merchant bar products, specialty steel sections and steel	lpg.steeldynamics.com

		joists and deck.	
1862	Steel Erectors Association of America	The Steel Erectors Association of America (SEAA) is dedicated to advancing the common interests and needs of all engaged in building with steel. Objectives include the promotion of safety, education and training programs for steel erector trades; development and promotion of standards; and cooperation with others in activities which impact the commercial construction business. SEAA develops strategic partnerships and works closely with industry groups to provide members with industry representation steel design, engineering, fabrication, labor, safety, and training groups.	http://www.seaa.net
1466	Steel Founders' Society of America	SFSA, akin to AISC, is a technical association. Members of SFSA are steel foundries that supply a range of cast steel products for demanding environments such as railroad, mining, construction, military, and nuclear. SFSA can assist you in utilizing steel castings for building construction. Steel castings offer performance, aesthetics, design freedom, and green manufacturing. SFSA leads the Steel Performance Initiative (SPI) program, a collaborative structure of steelmakers (mills, forge, cast), researchers, and end-users to advance steel technology development for commercial and defense applications.	http://www.sfsa.org
1959	Steel Joist Institute	The Steel Joist Institute (SJI), a nonprofit organization of active joist manufacturers and other organizations and companies connected to the industry, was founded in 1928 to address the need for uniform joist standards within the industry. Today, the Institute continues to maintain the standards for steel joist construction. In addition, the SJI provides educational opportunities for construction professionals utilizing a library of printed publications and both live and recorded webinars. We also offer assistance in identifying existing joists in buildings undergoing retrofit.	http://www.steeljoist.org
343	Steel Plate	Steel Plate Ohio is located in Streetsboro, OH, right outside of Cleveland, OH. This location offers (4) oxy-fuel machines, (1) plasma machines, and (6) overhead cranes with up to 35-ton capacity and the capability to burn plates up to 20" thick. Steel Plate Georgia currently offers (7) oxy-fuel machines, (1) plasma machine, (2) Quickmill Intimidators, (2) Quickmill Annihilators, 5 overhead cranes with up to 40 ton capacity, and railcar access. Our oxy-fuel machines offer table space ranging from 10' to 20' wide and up to 60' long, while our plasma machine offers a 24' by 83' table, making no job too big to handle!	http://www.steelplate.us

1705	Steel Plus Network	Steel Plus Network has traditionally organized meetings for members to provide opportunities for improvement to each of their operations through educational presentations, motivational messages, and industry expert reports. These meetings also fulfill our mission to coordinate our purchasing programs and networking opportunities. The regional meetings conducted by SPN along with the Annual General Meeting are deemed vital to the health and welfare of SPN's members and are considered an integral part of our operation.	http://www.steelplus.com
425	Steel Projects Corp	Steel Projects is a company that has been editing software solutions for steel fabricators since 1994. We offer a complete, digitalized and optimized management of steel fabricators' shop floors, including both CNC machines and manual workstations. Our main features include: project and production management, section and plate nesting, automatic CNC programming, live production monitoring, stock and purchasing management, and traceability management. Some of them are available on a dedicated Android mobile application. Today, our ambition is to remain one of the world leaders in the field.	http://www.steelprojects.com
1346	Steel Tek Unlimited	Steel Tek Unlimited is a leading-edge company in the steel industry that specializes in customizing CAD programs and offers steel detailing to fit your needs. We are proud to say that all of our work is done in the USA with an experienced team of people from the Bridge, Industrial and Commercial industries who understand today's construction market.	http://www.steelteku.com
1616	Steel Tube Institute	The Steel Tube Institute, formed in 1930, is the leading technical resource in North America for steel tube products. Our strength is bringing together resources to move the industry forward through active collaboration. We accomplish this by effective promotion, education, and problem solving; targeting all trades from engineers and architects to fabricators and field installers.	http://www.steeltubeinstitute.org
126	Steelmax Tools LLC	Steelmax delivers high-quality solutions to the steel fabrication industry. Equipped with a premium line of metal cutting saws, magnetic drilling machines and accessories we acquired notoriety and diligently served customers. We have expanded the product portfolio for the purpose of covering more aspects of the metal fabrication industry. Our current portfolio includes a full range of plate and pipe beveling solutions, welding automation and mechanization equipment, hydraulic	http://www.steelmax.com

		punches and lifting magnets. Today, Steelmax is an international brand sold through industrial and welding distributors around the world.	
2111	SteelSUB, LLC	At SteelSUB, we're revolutionizing subcontracting for Steel Contractors, solving age-old challenges with ease. Our mission is to efficiently connect Steel Fabricators and Steel Erectors for subcontracting projects, streamlining processes and maximizing efficiency.	https://steelsub.com/
2041	Steelweb Inc.	Steelweb Inc. is a Florida-based company with over 30 years of experience in providing top-notch steel detailing services. We specialize in 3D detailing for a wide range of industrial and commercial projects, from schools and hospitals to offices. Our team of 60 detailers excels in Project Management, BIM Coordination, BIM Collaboration, Estimodeling, and Design-Build services. We're experts in using Tekla and SDS/2 software and seamlessly integrate with Strumis, Tekla PowerFab and AGT Robotics, as well as Autodesk ReCap and BIM360.	http://steelweb.com/
2035	Structural Engineering Institute of ASCE	Join more than 30,000 members of the Structural Engineering Institute of ASCE to connect, learn, advance your career, and build the future of the structural engineering profession. SEI stimulates technological advancement, improves professional practice, and drives the practical application of cutting-edge research. ASCE AMPLIFY: Expanding Knowledge Into Practice This new digital platform features interactive functionality that makes it easier for civil engineers to put ASCE standards into practice. amplify.asce.org Join or Renew your ASCE/SEI Membership Today! www.asce.org/SEIMembership Experience your future www.futureworldvision.org	http://www.asce.org/SEI
1864	Structural Stability Research Council	The Structural Stability Research Council is a technical organization that focuses on the state-of-the-art understanding of the impact of stability related issues on the analysis, design, and behavior of metal structures. SSRC is comprised of engineers, educators, and industry members with an interest in stability related issues.	http://www.ssrcweb.org
2135	Structures Online	Established in 2000, Structures Online (SOL) is the oldest AISC steel detailing and structural engineering firms operating out of India. At 550+ member strong, SOL is also one of the largest in the industry. Through our decades of experience, we have built up an unmatched wealth of knowledge capital. Our senior leadership has seen just about everything there is to see. And because of	www.structuresonline.net

		our high retention of top and experienced talent along with recording of all technical information to train new staff, that knowledge is preserved at SOL to be effectively utilized when the need arises.	
1029	STRUMIS LLC	STRUMIS LLC is the worlds leading developer of steel fabrication management software. The most comprehensive and powerful end-to-end solution available to fabricators globally, the result of this is we now operate in over 50 countries. Our products, which include steel estimating, fabrication information and production management, and project collaboration tools work seamlessly with third party software and have consistently transformed our customers business within the structural steel construction supply chain. STRUMIS connects, streamlines and simplifies all of your steel fabrication projects and resources.	http://www.strumis.com
1727	STRUZON TECHNOLOGIES Inc.	Struzon, a trusted structural steel detailing/engineering service partner to the construction industry and we are an organization that wears numerous caps. From being market pioneers of structural detailing, engineering, design, and research, to do well architectural results in both residential and industrial divisions, we are enlisting our company in different arenas.	https://struzon.com/
1562	Stubbs Engineering, Inc.	Stubbs Engineering, Inc. delivers cost-effective and efficient structural designs to our clients. Our primary focus is providing accurate and expedited drawings, ensuring project timelines are met. With our deep knowledge in both design and construction methods, our firm goes above and beyond traditional structural firms. Leveraging our expertise in structural design, we assist clients in resolving any construction-related issues that arise. We offer integrated construction design and shop drawing packages, providing a comprehensive and holistic approach to projects. To best serve our clientele, we are licensed in 36 states, with more to come	http://www.stubbseng.com
2004	Sugar Steel Corporation	Sugar Steel Corporation has been in business since 1966 serving our customers with exceptional service. Here at Sugar Steel we pride ourselves in our own ability to develop and establish long lasting partnerships with our customers. Our ability to save you time and money is something we pride ourselves on each and every day. Supplying stock material is easy and is what all service centers do daily. At Sugar Steel we can also supply stock material, but we believe in first stage processing. First stage processing has been the key to our continued	http://www.sugarsteel.com

		growth and success since 1966.	
1923	Sumter Coatings, Inc., an Ergon Company	Sumter Coatings is a manufacturer of premium industrial and specialty coatings, with a strong emphasis on corrosion resistant primers, intermediates and topcoats for structural and miscellaneous steel. Sumter Coatings is dedicated to producing coatings that protect, beautify, renew and extend the life of our customer's assets while meeting or exceeding the stringent specifications required by today's architects and engineers.	http://www.sumtercoatings.com
1855	Superior Glove	Superior Glove is a leading innovator in the design and manufacture of safety gloves and sleeves. Their products protect workers across the globe in many major industries, including construction, oil & gas, mining, and manufacturing.	https://superiorglove.com
2118	Swisher Tools, LLC	We are a family owned company that specializes in innovative rigging tools for the steel industry. Our products are safer, and more efficient; making your project more profitable.	http://www.swishertools.com
2016	TCI Coatings	Everyday, Fenix Specialty Coatings (Fenix Group) and our brands work together to design the present, protect the future, and make the impossible achievable. Fenix Group brands are industry's most trusted problem solvers for specialty performance coatings. It is our mission to fulfill our customers' needs with the highest-quality, most durable and innovative specialty performance coating products, and to deliver superior technical expertise that exceeds expectations while offering an exceptional customer service experience. www.tci-coatings.com www.sierrapaint.com www.burkeindustrialcoatings.com	https://fenixspc.com
1528	TDS Industrial Services Ltd.	TDS - where BETTER IS OUR STANDARD. TDS has been in the steel detailing business for over 40 years and continues to service our steel fabrication customers by providing exceptional value with certainty and confidence. Being an ISO 9001:2015 certified company we understand the need to manage and mitigate risks associated with offshore detailing and have developed a system and procedures to have 100% control over all aspects of projects. From the smallest misc projects to the heavy industrial, we have the team to do it all.	http://www.tdsindustrial.com
	Team Detailing	Team Detailing Solutions (TDS) specializes in Structural steel detailing, Connection design and Estimodeling over 18 years in business. We operate SDS2 & Tekla Structure, Autodesk, Descon, Mathcad (90+ Licenses) to produce 3D models and detailed fabrication & erection	

1952	Team Detailing Solutions LLC	drawings for Industrial, Commercial and Infrastructure projects in AISC/CISC standards With a team of 180+ detailers, checkers & project managers. They are capable of completing projects small/ large and complex structures. We provide connection/delegated misc design calculations with Certified American P.E. stamp.	http://teamdetailing.com/
1553	Techflow Inc.	Techflow Inc., based in Duluth GA, with support staff located in our offices in India, offers the best in 3D steel detailing, BIM coordination, connection design, pre-detailing setup and estimating. With project management/coordination in Duluth coupled with 400 detailers and checkers in India, we provide the best in US quality and competitive pricing, using Tekla, SDS/2 and BoCad. Techflow holds both AISC and NISD memberships, with NISD IDC-certified detailers on staff. Techflow is a QPP-certified company as recognized by the NISD ensuring quality detailing to your standards, on time.	http://www.techflowengg.com
1359	Tectonix Steel, Inc.	Tectonix Steel offers over 30 years of experience providing the highest quality steel detailing using the latest technology. We are an established detailing firm with the ability to handle virtually any size job. We specialize in structural and industrial projects ranging from 200 tons to 3000 tons.	http://www.tectonixsteel.com
1811	Terracon Consultants, Inc.	Terracon's materials testing and inspection professionals are ready to journey with you and help you reach your goal. Since our founding in 1965, Terracon has become a thriving, employee-owned, multidiscipline engineering consulting firm. Our real-time data-driven insights and innovations create an unmatched client experience that spans the lifecycle of any project from earth to sky.	http://www.terracon.com
1711	TFe Connection Nr. America	TFe Connection was established to directly support Fabricators in Australia, Nr. America, Europe, and Asia Pacific by taking advantage of the Value Engineered benefits of Welded Beams / custom BU Sections. We have over a decade of experience of supporting the Australian and New Zealand markets, and the capability to produce Welded Beams / Built Up Sections that meet your projects rigorous requirements. TFe Connection is ready to extend its direct support to Fabricators across the Nr. American market.	http://www.tfeconnection.com

1749	Threaded Fasteners, Inc.	Threaded Fasteners Inc. is 100% employee owned and specializes in the manufacturing, custom packaging and distribution of steel fasteners including A325 structural bolts, anchor bolts, nuts, washers, and more. Our manufacturing capabilities include bent anchor bolts, j bolts, structural bolts, single and double end studs, and more in both plain and galvanized. We can even provide parts that are 100% melted and manufactured in the USA. With over 350 dedicated employee owners, \$14 Million in inventory, and 16 locations from Alabama, Mississippi, Florida, Oklahoma, Tennessee, Georgia, and Texas we can meet the global needs of our customers.	https://threadedfasteners.com
2018	Threadline Products, Inc.	FAST. FLEXIBLE. AT YOUR SERVICE. Threadline Products, Inc. has supplied threaded products and miscellaneous steel to the construction industry since 1984. We can furnish any bolt or fastener for commercial building construction and concrete; F1554 anchor bolts, A325 structural connection bolts, grade 5/8 bolt, socket headed bolts , rebar and more. Threadline has carbon, stainless and alloy material in stock ready to fabricate and meet your custom requirements with expert welders on our fabrication team. With 1-2 day shipping available to over half the US, our speed is unmatched. We are D.B.E/HUB certified.	https://threadlineproducts.com/
1467	TorcUP Inc.	Industrial Bolting Tools – Made In The USA – TorcUP understands bolting is more than tightening and loosening. It's ingenuity, reliability, and safety. That's why it's important to us that we work with you to create the best solutions for your application's needs through onsite demonstrations for sales, service & rentals.	www.torcup.com
1662	Totten Tubes, Inc.	With a huge depth of inventory and wider range of in-stock products than any of our competitors, Totten Tubes is the most diversified and specialized steel tube and steel pipe distributor in the United States. We are committed to being a true one-stop-shop for all your needs. Totten markets throughout North America with stocking warehouses in Los Angeles, San Diego, Phoenix, Northern California and Vancouver, WA. Totten offers in house precision saw cutting and state of the art laser tube cutting.	http://www.tottentubes.com
1050	Trilogy Machinery, Inc.	Trilogy Machinery, Inc. is the Exclusive North American distributor for SweBend Bending Rolls as well as Exclusive USA Distributor for SUNRISE Ironworkers including CNC Models, Lemas Plate Bending Rolls, BSP Tube Punching Systems and Synergy Bending Rolls.	http://www.TrilogyMachinery.com

		Trilogy offers sales, service, and support for every brand they sell from their Maryland headquarters and local dealers nationwide.	
1123	Trimble	Tekla software solutions from Trimble power the construction industry by providing technology needed to increase performance, reduce costly errors and promote greater collaboration on projects. Users can produce high-quality 3D models and construction documentation—as well as create and manage structural analysis, design, detailing and fabrication data. Designed with a commitment to improve digital construction information workflows, Tekla software gives a true competitive edge to construction industry professionals.	http://www.tekla.com/us
1317	Triple-S Steel / Intsel Steel	Triple-S Steel Holdings is a family of steel service centers. You know us through our structural steel brands: Triple-S Steel Supply and Intsel Steel Distributors. Our full line service centers keep over 200,000 tons of inventory in stock. Beams, plate and other structural are our stock in trade, and the fabricator is our partner to get more steel into buildings every day. We are proud to support the AISC in its mission of promoting the use of steel! Triple-S is helping our customers by modernizing our equipment and how we process materials before it leaves our facility. Give us a call to find out more!	http://www.sss-steel.com
1950	TRU-FIT PRODUCTS	Tru-Fit Products manufactures a full line of stud welding equipment, weld studs, specialty fasteners, anchor bolts, and plate washers for the structural, manufacturing, and construction industries. Based out of Ohio and with nearly 100 years of fastener manufacturing experience, Tru-Fit Products has the capabilities to take care of your company's fastener needs. Visit www.tfpcorp.com and www.truweldstudwelding.com to learn more.	https://tfpcorp.com/
1437	TurnaSure, LLC	TurnaSure's ViewTite ® self-indicating Direct Tension Indicator is accepted and specified as the preferred self-indicator on a growing number of major structural steel projects. Its innovative and unique design is a winner for the 2022 America Fastener Innovation Award (FIA). Inspection is quick, easy, and reliable. "Green Means Go". ViewTite is a part of the world's most comprehensive product line of Direct Tension Indicators. DTIs provide a cost-effective solution to tensioning high-strength bolts, studs, and anchors. All TurnaSure DTIs are proudly manufactured in the USA to ASTM and EU Standards.	http://www.turnasure.com

2155	Under Construction Photography	Promotional, Jurisdictional, Internal Morale	https://www.ucp.photos
2122	Unite3D Inc.	Unite3D connects SDS2 users working remotely via a central model hosted in the cloud. We provide affordable, scalable cloud infrastructure. Whether you want to connect with remote workers anywhere in the world or replace your sluggish local office server with a fast, robust cloud network without the upfront cost of a powerful server - Unite3D can help you reach your potential at a fraction of the cost of other cloud services!	http://www.unite3d.com
2055	United Structure Detailing Inc.	Quality Assurance : On-time Delivery : Effective Coordination - United Structure Detailing Inc (USD Inc.), offers Steel Structure & Miscellaneous Detailing - Connection Design with P.E stamped (All States) services. We specialize in crafting detailed shop drawings, 3D models, BIM, erection plans, etc. USD also provides NC1, IFC, CNC, DXF, DSTV, ENC, KSS, Reports, and Other supporting production files. USD holds both AISC and NISD memberships. Our team of seasoned professionals (detailers, checkers & project managers), equipped with advanced software and technologies, ensures to meet the quality and schedule.	https://unitedstructuredetailing.com/
1034	V&S Galvanizing	V&S Galvanizing is a leader in the hot-dip galvanizing industry, with eight locations on the East Coast and Midwest. Specializing in corrosion protection of steel with zinc by hot-dip galvanizing. We offer the DUROZINQ system of galvanizing, packaging, tagging and guaranteed service. We also offer our COLORZINQ system (paint over galvanizing) that adds brilliant color to a base of corrosion protection. V&S offers trucking and many other value added services. V&S Galvanizing is part of Voigt & Schweitzer LLC, a holding of Hill & Smith Holdings, PLC.	http://www.hotdipgalvanizing.com
1708	Valmont Coatings	As a full-service coatings company, Valmont Coatings provides quality surface finishes that extend the service life and improve the appearance of metal products throughout the country. In fact, Valmont Coatings is one of the largest custom galvanizers in North America. Our processes and transportation capacities are designed to efficiently handle steel products of all shapes and sizes for customers anywhere in the country.	http://www.valmontcoatings.com

242	Vectis Automation	<p>Vectis Automation designs and integrates cobot metal fabrication solutions to help structural steel fabricators boost productivity amid the skilled labor shortage. Come see our easy-to-use, affordable, and versatile Cobot Welding Tool & Cobot Plasma Cutting Tool that let you quickly start automating simple, repetitive parts – freeing up your team for more complex weldments or other value-add tasks. We look forward to meeting you and starting a conversation. We always begin by taking an in-depth look at your application(s) to make sure they are a good fit for automation.</p>	http://www.VectisAutomation.com
1265	Vegazva Technologies	<p>Vegazva (ISO 9001:2015) is an IL-based engineering Design & Detailing company and member of NISD and AISC. With PE stamping capabilities in all states, we provide services for Estimation, Main and Misc. steel, Commercial and Industrial projects across the country through our Steel Detailing Division. Our Plant Design Division caters to Mineral, Chemical, Water and Wastewater, Oil & Gas, Petrochemical, and Pharma industry. With over 250 resources, 4.5 MN hrs of completed detailing work, over 1200 medium to large projects delivered successfully, Vegazva is the right detailer for you.</p>	http://www.vegazva.com
2029	VIMAR Steel	<p>VIMAR STEEL WAS BORN AS THE AMERICAN BRANCH OF VIMAR GROUP, FROM ITS SUCCESS IN STEEL DISTRIBUTION. Vimar Group has +35 years in the market, always offering unsurpassed customer service and products of the highest quality that meet all international standards. Vimar Steel supports the US market with a service center strategically located in North Houston. We can guarantee supply and total customer satisfaction throughout the US. Vimar Steel provides professional experience and technical knowledge to assist you throughout your project. Let our competitive prices, combined with superior customer service support your business.</p>	www.vimarsteel.com
1348	Virtek Vision	<p>Virtek Vision provides laser templating solutions for steel assembly. Visit with us to see how laser projection has increased efficiencies in the layout and assembly of steel products including handrails, trusses and stair stringers. Learn more and visit www.virtekvision.com.</p>	https://www.virtekvision.com

1455	VIRTUELE	<p>VIRTUELE is a cloud-based software platform for the steel industry. Our applications make your work easy and change the way you work. With our data-rich 3D Model based workflows, you will find your project management a lot easier and more streamlined. Our applications address the existing gaps in BIM implementation and reuse the design BIM models at every stage of your project. Our products are customizable to meet your specific needs. We provide on-premise or cloud options for running your customized workflows and applications.</p>	<p>https://www.virtuele.us</p>
125	Voortman Steel Machinery	<p>Voortman Steel Machinery is the leading global manufacturer of highly automated steel processing machinery. From compact processing lines to large, fully automated systems with everything connected. Over 50 years of experience means that Voortman can offer solutions for every type of project. Voortman is continuously developing new machinery and software solutions to meet increasing industry demands. Voortman works with you to identify the best solution, tailoring systems to ensure you can exceed your processing goals.</p>	<p>www.voortman.net</p>
1517	Voss Engineering, Inc.	<p>Voss Engineering, Inc. provides expansion/slide bearing assemblies, bearing pads, and isolation materials for highway bridges, industrial structures, machines, process piping, and commercial buildings. Voss' product line includes the following structural bearing pad materials: SORBTEX (preformed fabric pad/cotton duck pad/CDP), VSB Slide Bearings (PTFE and steel plate), VTB (thermal break pad), NEOSORB [AASHTO grade neoprene (polychloroprene)], and FIBERLAST or VOSSCO (random oriented fiber pads).</p>	<p>http://www.vossengineering.com</p>
2010	WBF Steel Services, LLC	<p>WBF Steel Services LLC, with over 10+ years of experience, excels in delivering top-tier STEEL & PEMB detailing services for diverse projects. Our dedicated team specializes in 3D detailing, offering expertise in Project Management, BIM Coordination, Estimation, Connection Design, and engineering services. Leveraging cutting-edge technology, we use industry-leading software like Tekla and SDS/2, seamlessly integrating with platforms such as Strumis, Tekla PowerFab, and BIM360. Our commitment to precision and innovation ensures solutions that meet the highest standards in the steel detailing landscape.</p>	<p>https://wbfsteel.com/</p>

1623	Whiteboard Technologies LLC	For over two decades, Whiteboard has perfected the delivery of professional Steel Detailing with an unwavering focus on Quality and Design-Based thinking in all Structural Steel and PEMB projects. We invest organically in having the right people who understand Steel fabrication and Erection from a value perspective and deliver quality solutions to a diverse range of construction projects. Our Hybrid-Delivery model offers On-site and Offshore to ensure that there is maximum utilization of our detailing teams round the clock. We use 3D BIM software such as SDS/2 & Tekla to detail the steel projects ranging from 50-15000 tons.	http://www.whiteboardtec.com
2153	Willbanks Metals Inc	Celebrating our 50th anniversary, Willbanks Metals is your premier partner in steel solutions. For over four decades, we've delivered top-quality products and exceptional service, earning trust through reliability and expertise. As a trusted industry leader, we're committed to your success, offering a wide range of steel products to meet your project needs. Visit us at our booth or willbanksmetals.com to discover why we're the preferred choice for quality steel solutions.	www.willbanksmetals.com
350	Worker Efficiency	At Worker Efficiency, we've created a 14-course online video training series that teaches all the skills you need to have to work as an ironworker. From the fabrication process to erection, how to read drawings, OSHA qualification courses, and more, we are about training the next generation of steel construction workers by means of an internet connection. Our courses are the result of 2 years of case studies, research, and development to make sure that the information that is taught is streamlined and accurate to modern standards. Learn more at www.workerefficiency.com	http://www.workerefficiency.com
2340	Workforce Zone	Stop by the AISC Workforce Zone and participate in this engaging, hands-on steel-building playground packed with workforce development resources. Visit the AISC Fabricator Education booth, network with recruiting partner BlueRecruit, and try your hand at the BeProBeProud Virtual Workshop!	www.aisc.org
1842	Working Athlete		https://www.workingathlete.com
1717	Wurth Construction Services	Wurth Construction Services is your one-stop shop solution for the construction industry. We supply Structural Fasteners, Tools, PPE & Safety, Sealants & Chemicals, Abrasives, Pipe Clamps & Hangers, Electrical Products and more.	https://www.wurthindustry.com/construction

2027	Wuxi Zhouxiang Laser Machinery Co., Ltd	China Zhouxiang Group is established in 1991, covers an area of more than 100,000m2, fixed assets CNY200 million, with more than 400 staff, Zhouxiang is a high-tech enterprise which combines science and technology, industry production and trade into one. Our products mainly include H beam welding line, CNC cutting machine, laser cutting machine, H beam assembly machine, H beam welding machine, H beam straightening machine, shot blasting machine, Box beam production line, pipe fabrication equipment, welding positioner, edge milling machine, CNC drilling machine, plate rolling machine, etc.	www.wxzhouxiang.com
642	X SERIES USA	Introducing the PlateLazer Plus, the ultimate high-speed plate processor designed to meet the demands of structural and miscellaneous-iron fabricators. This all-in-one solution offers exceptional versatility, accommodating a wide range of material sizes and thicknesses with ease. With lightning-fast processing capabilities, laser-cutting precision, and superior hole quality, the PlateLazer Plus sets a new benchmark for efficiency and productivity in the industry.	http://www.xseriesusa.com
1145	X-Steel Detailing	X-Steel Detailing was founded in 2019. We specialize in structural (beams, columns, braces) and miscellaneous (stairs, railings) steel structures in several different industries. We use the latest technology to improve your experience, utilizing both SDS2 AND Tekla software to provide model files, BIM coordination capabilities, and electronic files (CNC, KSS) for your shop's needs. We focus on providing quality shop drawing packages within budget and on time. We strictly adhere to our client's standards and the AISC code of standard practice and customize services as required to ensure a smooth project.	http://www.x-steeldetailing.com
2145	ZANASI USA	Sales and service for ZANASI inkjet marking and coding solutions	www.zanasicoding.com
